NEW 2020

TRANSIT

PASSENGER VAN | CARGO VAN + CREW VAN | CUTAWAY + CHASSIS CAB

BUILT TO BE SMARTER THAN EVER.

Ford has been America's best-selling commercial van brand for 40 years.[1] Clearly, we're dedicated to Built Ford Tough.® We're also dedicated to innovating. Helping to improve the way you do business and live life. That's why we're introducing the new 2020 Transit featuring available new Intelligent All-Wheel Drive, your choice of 2 available engines, a class-exclusive[2] new 10-speed automatic transmission, and new interior designs. Newly available Ford Co-Pilot360™ Technology[3] includes Pre-Collision Assist with Automatic Emergency Braking, BLIS® (Blind Spot Information System) with Cross-Traffic Alert and Trailer Coverage, and much more. The bottom line: This is the smartest Transit ever.

BUILT Ford PROUD

PV

PASSENGER VAN

Transit Passenger Van starts with new front-end styling. An available new power-sliding passenger-side door (coming Spring 2020) eases access to available seating for up to 15. Plus, new instrument panel designs help put you comfortably in command.

CV

NEW CREW VAN + CARGO VAN

With the addition of Crew Van, Transit offers a best-in-class variety of model configurations – more than ever before. Cargo Van offers you an available max. cargo volume of 487.3 cu. ft.[4] or an available max. payload capacity of 4,550 lbs.[5]

CC

CUTAWAY + CHASSIS CAB

Transit Cutaway offers several available new features, including a new grille design, fog lamps and HID headlamps. Chassis Cab also gets a new grille design. Both trucks offer an available GVWR of up to 11,000 lbs.[6] with the available 3.5L EcoBoost® V6 engine.

T-350 HD Passenger Van XLT AWD HR Extended Length DRW in Agate Black. T-250 Cargo Van 3.5L PFDi V6 MR Long Length in Diffused Silver. (Max. Payload 3,780 lbs., Max. Cargo Volume 400.5 cu. ft.) **T-350 HD Cutaway 3.5L PFDi V6 Regular Length in Oxford White.** (Max. GVWR 9,950 lbs.) **All shown with available equipment.** [1]Based on the total U.S. reported sales (1979–2018 CY). Includes Ford E-Series, formerly called Econoline, Van and Chassis; Club Wagon; Transit Connect Cargo Van and Passenger Wagon; and Transit Cargo Van, Passenger Van and Chassis. [2]Class is Full-Size Vans based on Ford segmentation. Excluding other Ford vehicles. [3]Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. [4]Max. cargo of 487.3 cu. ft. on Cargo Van HR Extended Length (not shown). [5]Max. Payload of 4,550 lbs. on T-350 HD Cargo Van HR Extended Length with 3.5L PFDi V6 and required equipment (not shown). [6]Max. GVWR of 11,000 lbs. on T-350 HD Cutaway Regular Length with 3.5L EcoBoost and required equipment (not shown).

NOTE: Maximum payload and GVWR capabilities shown throughout this brochure are for properly equipped base vehicles with required equipment and a 150-lb. driver and vary based on cargo, vehicle configuration, accessories and number of passengers. See label on door jamb for carrying capacity of a specific vehicle. Cargo and load capacity limited by weight and weight distribution. Payload and GVWR are independent attributes and may not be achieved simultaneously. For additional information, see your Ford Dealer. Vehicles throughout this brochure may be shown with optional and aftermarket upfit equipment.

ALWAYS ON: ALL-WHEEL DRIVE.

Changes in the weather don't always have to change your itinerary – especially if you have the confident capability of the 2020 Transit with available new Intelligent All-Wheel Drive (AWD). In Normal mode, the AWD system continuously monitors and optimizes torque output with the capability of sending up to 100% of available torque to the front wheels to help prevent slipping on loose surfaces. Using the Selectable Drive Modes, you can also engage Mud/Ruts or Slippery modes to help increase the AWD system's capability for traveling in challenging conditions. Plus, we integrated this system into the vehicle's development early on to ensure it does not raise the load floor or seat height, so Transit AWD models are as easy to enter and exit as rear-wheel-drive models – which means less work and more fun for you.

NEW INTELLIGENT AWD MODELS

SELECTABLE DRIVE MODES:
NORMAL • ECO • SLIPPERY • TOW/HAUL • MUD/RUTS (AWD)

LIMITED-SLIP REAR AXLE
Available

T-150 Passenger Van XLT AWD MR Regular Length in Green Gem with available equipment.

Try to avoid water higher than the bottom of the hubs and proceed slowly. Refer to your owner's manual for detailed information regarding driving through water.

POWER THAT WORKS WITH YOUR PRIORITIES.

Transit offers you a choice of V6 powertrains, both featuring a new 10-speed transmission designed to help make them more functionally efficient than their predecessors. The 10-speed brings with it a wide span of gear ratios, off-the-line performance, and low engine speeds while highway cruising. Smart Acceleration Truncation (available on Fleet models only) is a patented Ford technology that adjusts performance in part laden and unladen conditions to help reduce fuel usage. Plus, new Eco mode is designed to help you drive when conserving fuel is on your mind.

MAX. TORQUE (LB.-FT.)
MAX. HORSEPOWER

[NEW 3.5L PFDi V6]

MORE POTENT – STANDARD

The new 3.5L PFDi V6 engine produces more horsepower and torque per liter than the outgoing standard engine. It also features a naturally aspirated, dual-injection system that utilizes both port fuel and direct injection. Two injectors per cylinder – one mounted in the intake port and another inside the cylinder – enable a higher compression ratio per cylinder, which improves output and combustion efficiency.

275 262

[3.5L ECOBOOST V6]

BUILT TO HELP YOU HAUL

A twin-turbocharged, direct-injection workhorse, the available 3.5L EcoBoost V6 offers you best-in-class gas engine torque of 400 lb.-ft. It also features an aluminum block, aluminum cylinder heads, and a dual-overhead camshaft design.

310 400

NEW AUTO START-STOP

Included with the available 3.5L EcoBoost® engine, Auto Start-Stop Technology can help reduce fuel consumption and vehicle emissions during city driving. When your vehicle comes to a stop and is idle, the engine automatically shuts off and then seamlessly restarts when you step on the accelerator or when your foot leaves the brake pedal.

NEW 31-GAL. FUEL TANK

Want to minimize the number of times you have to stop and refuel? You can opt for an available 31-gal. extended-range fuel tank on Transit Long and Extended Length models.

NEW HEAVY-DUTY FRONT AXLE

Designed for upfits that require a front gross axle weight rating (GAWR) of up to 4,630 lbs., an available heavy-duty front axle can be ordered on vans with a GVWR over 8,550 lbs. and is included with available Intelligent AWD.

NEW
CLASS-EXCLUSIVE
10-SPEED
TRANSMISSION

The new 10-speed SelectShift® automatic features real-time adaptive shift-scheduling algorithms engineered to help it use the right gear at the right time, including skip-shift and direct downshift capability. Progressive Range Select lets you define its operating range when in Drive. Activating the available tow/haul mode reduces gear hunting, helps to improve power delivery and uses engine braking to help control vehicle speed when descending hills. Plus, you can shift gears for yourself using SelectShift operation. The 2020 Transit is designed to put you in control.

T-350 HD Passenger Van XLT HR Extended Length DRW in Ingot Silver with available and aftermarket equipment.

PV CV CC

FORD CO-PILOT360™ TECHNOLOGY

READY WITH AN ASSIST.

From the driveway to the highway, our standard and available driver-assist features[1] are designed to help you feel confidently in command. Even more inspiring: the 2020 Ford Transit offers more smart technology than ever before – it's the smartest Transit ever.

FORD CO-PILOT360

PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING

We should all drive defensively. By scanning the road ahead, this feature can alert you to potential collisions with vehicles or pedestrians detected in your path. If an impact is imminent and you don't take action, brakes can apply automatically.[2] It's designed to only activate when needed.

Standard on every 2020 Transit

BLIS® WITH TRAILER COVERAGE AND CROSS-TRAFFIC ALERT

Changing lanes demands your full attention. BLIS (Blind Spot Information System) can help by not only alerting you to vehicles detected in your blind spots, but also alerting you when vehicles are detected alongside your trailer. Cross-Traffic Alert helps by detecting and alerting you to traffic behind your vehicle as you're slowly backing up.

Standard on Passenger Van XLT;
Available on Passenger Van XL, Cargo Van and Crew Van

LANE-KEEPING SYSTEM

It happens. Listening to your favorite podcast, you wander too close to your lane's edge. Our Lane-Keeping System[3] can help during a moment of distraction. If you drift out of your lane, it directs you with steering wheel torque to return, and can also alert you through vibration pulses. Stray a few times and a coffee cup icon lets you know it's time for a break.

Standard on every 2020 Transit

AUTO HIGH-BEAM HEADLAMPS

Sound familiar? You turn on high beams entering a dark stretch of road – then forget to turn them off as traffic approaches. Auto High-Beam Headlamps can detect poor lighting and switch them on for you. They can also sense oncoming headlamps and dim automatically for other drivers.

Standard on every 2020 Transit

REAR VIEW CAMERA WITH TRAILER HITCH ASSIST

Backing up requires a little multitasking. Our Rear View Camera helps by providing a great view of what's behind your vehicle, helping you navigate Reverse with more confidence. It also helps when you're lining up a trailer.

Standard on Passenger Van, Cargo Van and Crew Van;
Available on Cutaway and Chassis Cab

ADDITIONAL TECHNOLOGY

ENHANCED ACTIVE PARK ASSIST

Never pass up a potential parking space again. Enhanced Active Park Assist makes it easy to park time after time – even in tight parallel or reverse perpendicular spots. Its sensors not only detect an appropriate spot, the system steers the vehicle into it while you control the brake, accelerator and shifter. It can provide assistance as you pull out of a parallel spot as well.

Available on Passenger Van, Cargo Van and Crew Van

ADAPTIVE CRUISE CONTROL

Get help keeping pace on your journey. Adaptive Cruise Control can maintain your selected speed and preset gap from the vehicle in front of you. If it detects traffic ahead slowing, your vehicle slows. When things clear, it can resume your set speed.

Available on every 2020 Transit

FRONT AND REAR SPLIT-VIEW CAMERAS

Maneuvering crowded urban streets can be nerve wracking. This technology helps by supplying a 180-degree view in front of or behind your Transit. It lets you see to the left and right before you have a line of sight, displaying a view around corners and out of parking spots as you slowly proceed.

Available on every 2020 Transit

POST-COLLISION BRAKING

We all try to avoid collisions, but sometimes they happen. Post-Collision Braking can potentially lessen the severity of a secondary collision by automatically applying moderate brake pressure when an initial collision event is detected. By slowing the vehicle, additional damage or injury to the occupants can potentially be lessened, especially if the driver is not able to apply the brakes themselves due to the circumstances.

Standard on every 2020 Transit

ADJUSTABLE SPEED LIMITING DEVICE

Breaking the speed limit is illegal and dangerous. It can also be costly. With the Adjustable Speed Limiting Device, Transit drivers can manually set a maximum vehicle speed to help prevent them from exceeding speed limits.

Standard on Passenger Van XLT;
Available on Passenger Van XL, Cargo Van, Crew Van, Cutaway and Chassis Cab

Available equipment shown. [1]Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. [2]Pre-Collision Assist with Automatic Emergency Braking can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations. [3]Lane-Keeping System does not control steering.

Get a fresh perspective on your drive in the new Transit. The redesigned interior features a harmonious color palette with tones of Gray and Ebony accentuating the driver-centric layout. Convenient buttons on the new steering wheel make it easy to adjust your audio, set your available Adaptive Cruise Control and so much more. You'll also appreciate thoughtful details like plenty of storage bins and cupholders. Campers, delivery pros and others are sure to enjoy the available new swivel driver and front-passenger seats on Cargo Vans and Cutaways. Plus, standard electric power-assisted steering (EPAS) is designed to provide a light, responsive steering feel at lower speeds, and at higher speeds delivers less steering assist for confident control.

AVAILABLE

HEATED 1ST-ROW SEATS | **NEW SWIVEL DRIVER AND FRONT-PASSENGER SEATS** | **FRONT AND REAR SPLIT-VIEW CAMERAS**

Passenger Van XLT with Ebony leather-trimmed 1st-row seats and available equipment.

YOUR TECH, YOUR WAY.

With available seating for up to 15 and Wi-Fi hotspot capability, Ford Transit welcomes a vast array of smartphones, tablets, gaming systems and computers along for the ride. Plus, you can tap into the best in music, sports, comedy, news and talk with available SiriusXM® inside your vehicle and on the go, with a 6-month All Access trial subscription.[1] With our available Voice-Activated Touchscreen Navigation System, you'll also enjoy a 5-year subscription[1] to SiriusXM Traffic and Travel Link® services.

COMMAND IT

With your voice and your choice of display. Available SYNC® 3 voice-activated technology[2] connects your tech with your Transit. Available SYNC 3 AppLink®[3] (shown) gives you voice control of compatible mobile apps like Waze™ and Ford+Alexa.[4] To see your phone's familiar interface on the big screen, take advantage of compatibility with Apple CarPlay®[5] for your iPhone,® or Android Auto™[5] for your Android™ smartphone.

Works with Apple CarPlay androidauto

CONTROL IT

Monitor and control your vehicle in incredibly powerful ways using the FordPass™ App alone or with FordPass Alexa Skill[6] or FordPass Action through Google Assistant™ when equipped with FordPass Connect.™[7] Complimentary remote features let you start, lock and unlock your vehicle from just about anywhere, including right from your wrist with your Apple Watch.® Use your app to find your vehicle, schedule starts, find parking,[8] and check fuel and fluid levels. When you need important vehicle information, like Vehicle Health Alerts, service history and Warranty info, the FordPass App puts it at your fingertips. And, when it's time to bring your vehicle in for service, the app makes scheduling easy. Enjoy access to convenient services like Key by Amazon In-Car Delivery[9] and peace of mind knowing roadside assistance is just a call or e-request away.[10]

CONNECT IT

With in-vehicle Wi-Fi. Before the mud dries on your boots, you and your friends can be posting pics and videos through FordPass Connect[7] with 4G LTE Wi-Fi hotspot capability. Its powerful antenna provides the ability to connect up to 10 devices at once[11] – inside of Transit and up to 50' away.

Available equipment shown. [1]All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Fees and taxes apply. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees, content and features are subject to change. Traffic information not available in all markets. SiriusXM satellite service for 2020 model-year Ford vehicles is not available in Puerto Rico; SiriusXM streaming service is available for purchase. [2]Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. [3]Commands may vary by phone and AppLink software. [4]Waze is available via iPhone with SYNC 3 and on Android Auto. Commands may vary by phone and AppLink software. Alexa requires available SYNC 3 AppLink. Certain Alexa functionality is dependent on smart phone and home technology. Don't drive while distracted or while using handheld devices. Use voice controls. Some features may be locked out while the vehicle is in gear. [5]Requires device with active data service and compatible software. SYNC does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality. [6]Don't drive while distracted or while using handheld devices. Use voice controls. Certain Alexa functionality is dependent on smart phone and home technology. [7]At purchase, the FordPass Connect modem is connected and sending vehicle data (e.g., diagnostics) to Ford. To disable, or for more information, see in-vehicle connectivity settings. Learn more at www.FordConnected.com. FordPass Connect (optional on select vehicles), the FordPass App, and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected service excludes Wi-Fi hotspot. [8]In select cities. [9]FordPass App, compatible with select smartphone platforms, is available via a download. FordPass Connect service required (see FordPass Terms for more information). Message and data rates may apply. Check your availability at https://amzn.to/2JnYMtz. [10]Roadside assistance is included for certain owners and available to everyone for a per-service fee. [11]Don't drive while distracted or while using handheld devices. Use voice controls.

BUILT FOR ALL KINDS OF CREWS.

Whether you're part of an extended family or have other reasons to welcome lots of passengers, the new 2020 Transit Passenger Van is designed to help meet your needs. Seating fits from 2 up to 15 people with lots of options in between, and USB ports are available in up to 4 rows. Select from available new Dark Palazzo Gray vinyl or cloth, or new Ebony cloth or available leather trim. You also get a choice of 3 roof heights. Low Roof (LR) is designed to fit in most garages. Medium Roof (MR) helps make loading and unloading easy. High Roof (HR) interior height lets people up to 6'4" tall walk comfortably to their seats.

YOUR BUSINESS, YOUR EDGE.

Get help optimizing your fleet with Ford Telematics™ fleet management software from Ford. How does it work? Your vehicles produce informative data from each journey. This data, driven through Ford Telematics, helps you effortlessly monitor your vehicles to understand where they go, how they're used and how well they're running. These actionable insights can help give you more time to focus on the rest of your business. You can also use Ford Data Services™ to access Ford generated vehicle data with other fleet systems or telematics service providers. We can help you get the data you need the way you prefer.

Learn more at **www.commercialsolutions.ford.com**

GPS tracking and geofencing capabilities can help you keep track of the vehicles in your fleet.

Proactive notifications and vehicle health alerts help you schedule services in advance.

Driver compliance warnings can help protect your staff, vehicles and operation.

Vehicle fuel usage monitoring can help you identify areas of waste and their causes.

Driver behavior insights identify opportunities for you to reduce waste and improve compliance.

T-150 Cargo Van MR Long Length in Ingot Silver with available and aftermarket equipment. [1]Assembled in the USA with domestic and foreign parts.

UPFITS FOR LIFE.

Your needs are unique. Which is why we offer a full lineup of Built Ford Tough® Transit vans with the modern practicality and exceptional versatility to empower your lifestyle. Control up to 4 different aftermarket items such as a compressor, a wheelchair lift and more with centrally located available upfitter switches. You can also choose from 12 available vocation-specific upfit ship-thrus – which are within 15 miles of the Kansas City Assembly Plant where Transit is built[1] – for prompt delivery.

[1]Consult owner's manual for details on roof-rack load limits. [2]Ford Licensed Accessory.

New Vehicle Limited Warranty. We want your Ford Transit ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, 5-year/unlimited-mile corrosion perforation (aluminum panels do not require perforation) coverage, and 5-year/100,000-mile diesel engine coverage (when applicable) – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need a winch back to a paved road, a battery jump start or towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Commercial Vehicle Center. Each of the over 650 dealerships in our Commercial Vehicle Center (CVC) network is committed to providing quality commercial-oriented products and service, as well as special financing and billing arrangements, to businesses that rely on Ford products. As a CVC customer, your business vehicles receive priority service at your CVC dealership to help get your vehicle back on the road quickly.

Financial Services. Our commercial purchase plans and lines of credit offer attractive rates, negotiable terms and business-friendly options. If you prefer to lease, our CommerciaLease℠ programs offer a wide variety of package options to meet your needs. For additional information, please visit our website at fordcredit.com/comlend.

Ford Credit. Get the ride you want. Whether you plan to lease or buy, Ford Credit has the option that's right for you. Ask your Ford Dealer for details or visit us online at ford.com/finance.

Ford Protect™ Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Insure. A new insurance product designed just for Ford owners, Ford Insure can help you save money on auto insurance for your connected Ford vehicle. Drive smarter, become an even better driver and earn bigger discounts – it's a win/win/win. Visit the FordPass mobile app or call 1-833-Ford-183.

American Road Services Company LLC is the licensed insurance agency supporting Ford and Lincoln insurance programs. Ford Insure is underwritten by Nationwide Mutual Insurance Company and Affiliated Companies. Subject to underwriting guidelines, review, and approval. Products not available to all persons in all states. Coverages vary by state. Availability varies; program criteria differs in California.

Ford Original Accessories. They're warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty.

Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.

BUILT FORD TOUGH

COMMERCIAL VEHICLES

There's a standard of excellence at your local Ford Commercial Vehicle Center dealer, where our certified experts are focused on offering an exceptional sales, service and finance experience. After helping you spec your Transit, our knowledgeable staff will help ensure it's built to your requirements. We can also recommend finance solutions and help maximize your "up-time" after the sale with prompt, specialized service. You'll find extended hours and service discounts at our Service and Parts Department, along with a Parts Advantage program that helps us keep the fastest-moving fleet parts in your area in stock. Learn more at **fordcommercialvehiclecenter.com**

From day one, we had the future in mind. And for over 116 years, we've focused on improving your freedom of movement, by making it possible for hardworking, everyday people to own a vehicle. One that's well built. That you're proud to drive. Born in Detroit, made in America[1] and famous worldwide: We are the Ford Motor Company.

Your mobility is at the center of everything we do. And we're excited to be designing and building smart vehicles that work for you. It's why we put our family name on every one. From our founding members, to our Ford family of employees around the globe, we work with pride. We build with care. For you – and your family. By everyone in ours.

[1]Made in the USA with domestic and foreign parts.
