2020

MUSTANG

ECOBOOST® | ECOBOOST PREMIUM | GT | GT PREMIUM | BULLITT | SHELBY® GT350® | SHELBY GT500®

BUILT ON PONY POWER.

Open roads. Closed tracks. Long straightaways. This legendary icon thrives on them all. A high-revving celebration of pure American muscle, Ford Mustang is meant to be driven. Hard. Over iconic courses like The Carousel and on any freshly laid strip of blacktop near you. 55 years of legendary Pony cars brings us to the heart-pounding choices below. The most powerful 4-cylinder engine from any domestic automaker debuts in the 2020 Mustang EcoBoost® with the new 2.3L High Performance Package. And with 760 thunderous horsepower,[1] the all-new Shelby® GT500® is the most powerful street-legal Mustang. EVER. The hard-charging Mustang GT, limited-edition BULLITT, and GT350® and GT350R round out the lineup.

Ford was built on the belief that freedom of movement drives human progress. It's a conviction that led Henry Ford and "Spider" Huff to achieve a world-speed record in 1904 with the "999." And nothing signifies this belief better today than Mustang. So buckle up for the ride of your life. 2020 should see progress at breathtaking speed.

NEW 2.3L HIGH PERFORMANCE PACKAGE
Available on EcoBoost® fastback or convertible, with 6-speed manual or available 10-speed automatic transmission.

Every Mustang generates its own set of thrills, starting with EcoBoost and ending with the exclamation point that is the all-new 2020 Shelby® GT500.® From any angle, there's no mistaking it. The long, seductive hood – and taut, distinctive tail with tri-bar, sequential turn signals – are Mustang signatures that get anyone's blood pumping. As does the blistering performance.

This year, an available new 2.3L High Performance Package includes a unique 2.3L EcoBoost by Ford Performance that's tuned to deliver 330 horsepower[1] and 350 lb.-ft. of torque.[1] Producing an astonishing 143 horsepower per liter, and with 90% of peak torque between 2,500 and 5,300 rpm, this pocket rocket enables more usable power and torque for exceptional entry-level performance. Upgraded handling components from the GT Performance Package enhance the fun. Want more thrills? Add the available EcoBoost Handling Package with its MagneRide® Damping System, TORSEN® limited-slip rear axle, Pirelli™ Corsa4 summer-only tires, and more.

From fun-to-pedal 6-speed manual, to the unmistakable V8 rumble of Mustang GT, to the 4-wheel, fully independent suspension that delivers precise handling, Ford Mustang is a visceral experience that lifts you out of your day. No wonder Mustang is the best-selling sports car in the U.S.[2] As well as the best-selling sports coupe in the world[3] – 4 years in a row. 55 years after taking the World's Fair in New York by storm, this Pony is running strong.

EcoBoost. Grabber Lime. 2.3L High Performance Package and EcoBoost Handling Package. Available equipment. Closed track. Professional driver. Do not attempt. [1]Horsepower and torque ratings based on premium fuel per SAE J1349® standard. Your results may vary. [2]2018 CY industry reported sales. [3]Based on IHS Markit, CY 2018 Global Total New Registrations, for all sports car segments.

AVAILABLE B&O SOUND SYSTEM WITH 12 SPEAKERS

AVAILABLE SELECTABLE DRIVE MODES

AVAILABLE HEATED FRONT SEATS AND SIDEVIEW MIRRORS

This cabin rocks. Starting with an available B&O Sound System that sends 1,000 watts of digitally processed sound through 12 high-performance speakers, plus a trunk-mounted subwoofer. Steering column: tilts and telescopes to better fit your needs. Even the placement of the short-throw 6-speed manual transmission gear shifter allows for open access to controls. Like toggle switches for the available Selectable Drive Modes. Steering wheel-mounted controls for the available digital instrument cluster. And so much more. Designed and engineered to heighten your connection to the road – Mustang also optimizes your enjoyment of it.

GT Premium. California Special Package. Available equipment. [1]Closed track. Electronic line-lock is intended for track use only. It should not be used on public roads. See owner's manual for information on use.

DESIGN YOUR DISPLAY.

The available customizable 12" color LCD instrument cluster lets you personalize Mustang as often as you'd like. Through the steering wheel Pony button, you decide what to display: any combination of 1 to 3 virtual gauges (choose from 8); Exhaust mode; Track Apps;™ a Performance Shift Indicator (3 types with configurable rpm); launch control; and more. Enhance it further with MyColor.® Set your primary, secondary and ambient lighting colors. Like everything else Mustang, the cluster is oh-so responsive.

MUSTANG TRACK APPS

LIGHT 'EM UP. At the track. In the cluster. With standard line-lock, you can "heat up" the Mustang rear tires.[1] While they smoke outside, you'll see them smokin' here as well.

NO STOPWATCH NEEDED. Record your time and average speed at 3 separate tracks in the Lap Timer. Store up to 100 sessions (a session is 25 laps) in Track Mode.

1,320 FEET OF EXHILARATION. The 1/4 mile. The Acceleration Timer shows you how quickly you get there. Start your launch with the iconic "Christmas tree." 3-2-1. Gone!

FORD CO-PILOT360™ TECHNOLOGY

From the driveway to the highway, our available driver-assist features[1] are designed to help you feel confidently in command behind the wheel. Equip your Mustang with the available Ford Safe and Smart™ Package, and it can encourage your alertness, help direct you to return to your lane, and even help you keep a preset distance from the vehicle in front of you.

READY WITH AN ASSIST.

PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING[2]

We should all drive defensively. By scanning the road ahead, this feature can alert you to potential collisions with vehicles or pedestrians detected in your path. If an impact is imminent and you don't take action, brakes can apply automatically. It's designed to only activate when needed.

Included in Ford Safe and Smart Package

BLIS® WITH CROSS-TRAFFIC ALERT

Changing lanes demands your full attention. BLIS (Blind Spot Information System) can help by alerting you to vehicles detected in your blind spots.[3] Cross-Traffic Alert helps by detecting and alerting you to traffic behind your vehicle as you're slowly backing up.

Available on EcoBoost® Premium and GT Premium

LANE-KEEPING SYSTEM

It happens. Listening to your favorite podcast, you wander too close to your lane's edge. Our Lane-Keeping System[4] can help during a moment of distraction. If you drift out of your lane, it directs you with steering wheel torque to return, and can also alert you through vibration pulses. Stray a few times and a coffee cup icon lets you know it's time for a break.

Included in Ford Safe and Smart Package

ADAPTIVE CRUISE CONTROL

There are few things as tedious as bumper-to-bumper traffic. Adaptive Cruise Control can help you keep pace on your journey by maintaining your choice of speed and preset gaps from the vehicle in front of you. If a potential collision is detected, Forward Collision Warning with Brake Support can flash a warning on the windshield, sound an alarm, and pre-charge the brake system to provide full responsiveness when you do brake.

Included in Ford Safe and Smart Package

RAIN-SENSING WINDSHIELD WIPERS

Sometimes weather changes so quickly, it's hard to keep up. Now you can set the Rain-Sensing Windshield Wipers to automatically activate, and let them help keep your view ahead clear.

Included in Ford Safe and Smart Package

AUTO HIGH-BEAM HEADLAMPS

Sound familiar? You turn on high beams entering a dark stretch of road – then forget to turn them off as traffic approaches. Auto High-Beam Headlamps can detect poor lighting and switch them on for you. They can also sense oncoming headlamps and dim automatically for other drivers.

Included in Ford Safe and Smart Package

REAR VIEW CAMERA

Backing up requires a little multitasking. Our Rear View Camera helps by providing a great view of what's behind your vehicle, helping you navigate Reverse with more confidence.

Standard on every 2020 Mustang

GT Premium Convertible. Iconic Silver. California Special Package. Available equipment. [1]Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. [2]Pre-Collision Assist with Automatic Emergency Braking can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations. [3]BLIS replaces standard integrated blind spot mirrors. [4]Lane-Keeping System does not control steering.

YOUR TECH, YOUR WAY.

With seating for up to 4 and Wi-Fi hotspot capability, Ford Mustang welcomes a vast array of smartphones, tablets, gaming systems and computers along for the ride. Plus, you can tap into the best in music, sports, comedy, news and talk with SiriusXM® inside your vehicle and on the go, with a 6-month All Access trial subscription.[1] With our available Voice-Activated Touchscreen Navigation System, you'll also enjoy a 5-year subscription[1] to SiriusXM Traffic and Travel Link® services.

Works with Apple CarPlay

androidauto

COMMAND IT

With your voice and your choice of display. Available SYNC® 3 voice-activated technology[2] connects your tech with your Mustang. Available SYNC 3 AppLink®[3] (shown) gives you voice control of compatible mobile apps like Waze™ and Ford+Alexa.[4] To see your phone's familiar interface on the big screen, take advantage of compatibility with Apple CarPlay®[5] for your iPhone,® or Android Auto™[5] for your Android™ smartphone.

CONTROL IT

Monitor and control your vehicle in incredibly powerful ways using the FordPass™ App alone or with FordPass Alexa Skill[6] or FordPass Action through Google Assistant™ when equipped with FordPass Connect.™[7] Start,[8] lock and unlock your vehicle from just about anywhere, including right from your wrist with your Apple Watch.® Use your app to find your vehicle, schedule starts, find parking, and check fuel and fluid levels. When you need important vehicle information, like Vehicle Health Alerts, service history and Warranty info, the FordPass App puts it at your fingertips. And, when it's time to bring your vehicle in for service, the app makes scheduling easy. Enjoy access to convenient services like Key by Amazon In-Car Delivery[9] and peace of mind knowing roadside assistance is just a call or e-request away.[10]

CONNECT IT

With in-vehicle Wi-Fi. Before the tires cool down, you and your track companions can be posting lap time videos through FordPass Connect[7] with 4G LTE Wi-Fi hotspot capability. Its powerful antenna provides the ability to connect up to 10 devices at once[11] – inside of Mustang and up to 50' away.

Available equipment shown. [1]All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Fees and taxes apply. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees, content and features are subject to change. Traffic information not available in all markets. SiriusXM satellite service for 2020 model-year Ford vehicles is not available in Puerto Rico; SiriusXM streaming service is available for purchase. [2]Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. [3]Commands may vary by phone and AppLink software. [4]Waze is available via iPhone with SYNC 3 and on Android Auto. Commands may vary by phone and AppLink software. Alexa requires available SYNC 3 AppLink. Certain Alexa functionality is dependent on smart phone and home technology. Don't drive while distracted or while using handheld devices. Use voice controls. Some features may be locked out while the vehicle is in gear. [5]Requires device with active data service and compatible software. SYNC does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality. [6]Don't drive while distracted or while using handheld devices. Use voice controls. Certain Alexa functionality is dependent on smart phone and home technology. [7]FordPass Connect (optional on select vehicles) and FordPass Connect service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. BODY-COLOR, RAISED BLADE-STYLE DECKLID SPOILER
DUAL EXHAUST WITH QUAD TIPS

GT

HEAR IT ROAR. You know when it's coming. And when it leaves you in its dust. That wicked 5.0L V8 acceleration rumble that defines Mustang GT. There's nothing that sounds quite like it. You can even program when you want to keep that signature rumble to a minimum with industry-first Quiet Start – when heading out at 5 a.m., for instance – to keep you in good graces with neighbors. This high-revving V8 features a dual-injection system and plasma transferred wire arc (PTWA) spray-bore cylinder-lining technology to deliver 420 lb.-ft. of torque[1] along with its 460 horsepower.[1] That's just the beginning of its charm. Expect passionate performance from this iconic fastback. Hit the 0–60 mark in under 4 seconds.[2] A 4-wheel, fully independent suspension delivers excellent road feel and precise handling. Every chance you get, you'll enjoy making this beast howl.

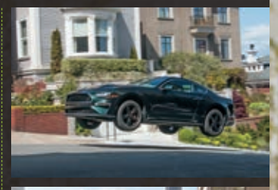
BULLITT

FLIGHT PATTERN.
BEHIND THE SCENES WITH **BULLITT**.



THIS STABLE BREEDS LEGENDS. Like this limited-edition 2020 BULLITT that will keep you in hot pursuit of all that is Mustang. 480 horsepower[1] from an upgraded 5.0L V8 with a larger 87-mm throttle body. A 6-speed manual. Only. Content from the GT Premium with the Performance Package. Dark Highland Green exterior[2] paint, just like FRANK BULLITT'S original. Red-painted Brembo™ brakes. And enough attitude to catch whatever you're chasing. Inside, BULLITT door-sill scuff plates. IP badge with chassis number. BULLITT logo on the driver airbag cover. Plus, Green accent hand-stitching throughout. And a 12" color LCD instrument cluster – standard. Limited edition means they'll go fast. Get yours before you're left in its rear view.

For demonstration purposes (Remember that famous movie?). Vehicle modified for safety (Never jump your Mustang). Professional stunt driver on a closed course (Again … NEVER jump your Mustang). Do not attempt (We are not kidding – DO NOT ATTEMPT).

5.2L FLAT-PLANE CRANK V8 ENGINE
TREMEC® 6-SPEED MANUAL TRANSMISSION
ALUMINUM TOWER-TO-TOWER BRACE

SHELBY® GT350

BUILT FOR PURE EXHILARATION. It's easy to heel-and-toe the 6-speed manual transmission in the head-turning, heart-pounding GT350® and GT350R. Keeping your heart rate under control behind the wheel? Much, much harder. Its flat-plane crank 5.2L V8 – producing 526 horsepower[1] – is just one example of its audacious engineering. "Power from the 5.2L V-8 is delivered in a mighty and manageable wave, and there are few things in this world as wonderfully twisted as winding out a Ford Mustang – a Mustang! – to 8,250 rpm. And the noise. My God, the noise," says *AUTOMOBILE Magazine*. Inside, GT350 exclusive features include aluminum trim and a flat-bottom steering wheel wrapped in Alcantara® and leather. RECARO® sport front seats trimmed in a mix of Carbon Weave cloth and Miko® inserts help hold you firmly in place – turn after turn.

IGNITE YOUR SOUL.

There's a lot of fire in the belly of this beast. Introducing the most powerful street-legal Ford Mustang. Ever. 760 horses.[1] 625 lb.-ft. of torque.[1] The 2020 Shelby® GT500® is capable of accelerating from 0–100 mph and back to 0 in 10.6 seconds, quicker than any domestic, production, high-powered sports car.[2] It achieves an astounding 550 lbs. of rear downforce at 180 mph when equipped with the Carbon Fiber Track Pack and adjustable rear wing set to Track. Aerodynamically advanced, track-ready, and spitting venom, Mustang Shelby GT500 is engineered to dominate whatever crosses its path. Look for it way out in front.

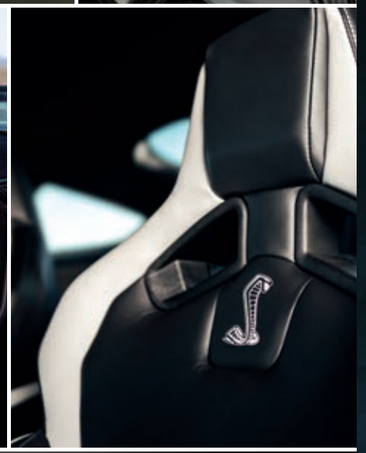
SHELBY EXCLUSIVE ALUMINUM INSTRUMENT PANEL
SHELBY EXCLUSIVE INTERIOR TRIM
CARBON FIBER TRACK PACK[1]

SHELBY® GT500

VENOMOUS. Even the satin-finish Cobra® badges on the front, sides and rear of the all-new 2020 Shelby GT500® are more outrageous than ever. Ready to strike? Everything about this Mustang speaks to an inner fury that is only satisfied with 0-100-0 and lateral Gs. Starting with the hand-built 5.2L supercharged cross-plane crank V8. It generates so much torque that it required a new computer-controlled TREMEC® 7-speed dual-clutch automatic transmission, which delivers high power and torque transfer, plus smart powertrain controls. Capable of shifts under 100 milliseconds – markedly faster than any manual transmission – the 7-speed dual-clutch automatic is the fastest-shifting production Mustang ever. A muscular hood with a massive louvered vent extracts air quickly for greater downforce and improved cooling. Functional pins help keep the composite hood locked down tight. Whether at the strip, track or on the street, the 2020 Shelby GT500 is engineered to attack – on all fronts.



5.2L SUPERCHARGED CROSS-PLANE CRANK V8

[1]Ford Licensed Accessory.

New Vehicle Limited Warranty. We want your Ford Mustang ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion perforation (aluminum panels do not require perforation) coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need a winch back to a paved road, a battery jump start or towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or buy, Ford Credit has the option that's right for you. Ask your Ford Dealer for details or visit us online at ford.com/finance.

Ford Protect™ Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Insure. A new insurance product designed just for Ford owners, Ford Insure can help you save money on auto insurance for your connected Ford vehicle. Drive smarter, become an even better driver and earn bigger discounts – it's a win/win/win. Visit the FordPass mobile app or call 1-833-Ford-183.

American Road Services Company LLC is the licensed insurance agency supporting Ford and Lincoln insurance programs. Ford Insure is underwritten by Nationwide Mutual Insurance Company and Affiliated Companies. Subject to underwriting guidelines, review, and approval. Products not available to all persons in all states. Coverages vary by state. Availability varies; program criteria differs in California.

Ford Original Accessories. They're warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty.

Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.

BUILT Ford PROUD

From day one, we had the future in mind. And for over 116 years, we've focused on improving your freedom of movement, by making it possible for hardworking, everyday people to own a vehicle. One that's well built. That you're proud to drive. Born in Detroit, made in America[1] and famous worldwide: We are the Ford Motor Company.

Your mobility is at the center of everything we do. And we're excited to be designing and building smart vehicles that work for you. It's why we put our family name on every one. From our founding members, to our Ford family of employees around the globe, we work with pride. We build with care. For you – and your family. By everyone in ours.

[1]Made in the USA with domestic and foreign parts.
