## Nitrogen Coverage

- Better Gas Mileage - Maintaining optimum tire pressure helps improve gas mileage
- Longer Tire Life - properly filled tires promote even wear and reduce heat, extending tire life by up to 30%
- Improves Handling - Vehicles with properly inflated tires handle better
- Reduces Wheel Corrosion - Nitrogen is a dry gas with no corrosive properties
- Repair and/or replacement of tires filled with nitrogen should they become unserviceable due to a failure caused by a pothole or road hazard for the term of the guaranty \*

## Select 5 Coverage

- Provides for the repair and/or replacement of your covered wheels should they become unserviceable due to a failure caused by a pothole or road hazard
- Removal of door dings and minor dents without harming a vehicle's factory finish. \*
- Paintless Dent Repair Technology allows technicians to gently push dented metal back to its original form

## Maintenance Program

- Includes 2 oil and filter changes and 1 tire rotation
- Complimentary Wash and Vacuum
- Complimentary Top off of washer fluid
- Complete Multi-point inspection

## Key Replacement

- In the event your key and/or remote is lost, stolen, or destroyed we will provide a replacement \*
- You are eligible for emergency road service throughout the United States and Canada
- If your keys are lost, broken, or you are locked out of your vehicle, you will receive assistance in gaining entry into your vehicle

## Diamon Fusion®

- Reduces the coefficient of friction and increases the possible weight load on the surface of the glass up to ten times, making it much more durable and resistant to normal chips and cracks
- Easier to clean, allowing insects to be quickly washed away
- Makes ice and snow equally easy to remove
- Includes a guaranty against chips and cracks from normal windshield road hazards \*
- Reduces night glare
- Sheets away rain
