ADVENTURE has never been more possible. Set your sights somewhere new – there’s a whole world out there. Load up the entire family with space to spare. Destination? Unanimous. Now head down the road with confidence – make that “nearly any road” with the grip of intuitive 4WD – while you effortlessly tow over two tons of fun.¹ Push technology to mountainous heights, and never reach its limits. Then welcome peace of mind, courtesy of advanced driver assistance features. The 2016 Nissan Pathfinder.[®] Capability at this level is always **WORTH SHARING.**

Nissan Pathfinder[®] Platinum shown in Java Metallic with optional equipment.

PLAN AN EXTENDED STAY.

Pathfinder® surrounds you with premium comforts, including standard Tri-Zone Automatic Temperature Control (ATC), available heated and cooled front seats, heated 2nd-row seats, heated steering wheel and the innovative Nissan Intelligent Key. Then it makes you feel even more catered to with a Push Button Ignition and Rear A/C. Add in an available dual memory seating system and a Bose® Premium Audio System, and you truly have luxury accommodations – without any reservations.

BECAUSE EVERYONE SHOULD COME ALONG.

In Pathfinder,[®] capability goes way beyond taking on rugged conditions; it's conquering the real world you face every day. That means more than just seating for seven. It means seating for seven with best-in-class passenger room,¹ including a 2nd row that slides over five inches for stretch-out room and 3rd-row reclining seats.^{2,3} And with premium features like an available Dual Panorama Moonroof and Tri-Zone Entertainment System,⁴ this is one time where one size fits all beautifully.

¹Ward's Large Cross/Utility Market Segmentation. MY16 Pathfinder[®] vs. 2016 and 2015 Large Cross/Utility Class. ²Slide function should not be performed with the Child Restraint System occupied. ³Passengers should not ride in the reclined position while the vehicle is in motion. ⁴Tri-Zone operation requires compatible auxiliary media system. See Owner's Manual for details. Cargo and load capacity limited by weight and distribution. Always secure all cargo.

NISSAN EZ FLEX® SEATING SYSTEM

INNOVATION THAT GIVES EVERYONE AN OPEN INVITATION.

What if getting to any seat was easy? With the innovative EZ Flex® Seating System, the 2nd row glides and tilts forward for easy access to the spacious rear seats. And once you're in the 3rd row, you'll find it exceptionally comfortable, thanks to reclining seats!^{1,2}

Pathfinder® is family-friendly, too. With Pathfinder®'s LATCH AND GLIDE™ technology, you can even tilt and slide the right side of the 2nd row with a child seat securely strapped in!

Fold-flat Rear Seats. Cargo? Pathfinder® makes easy work of it, with folding 2nd- and 3rd-row seats that create a virtually flat floor and up to 2,260 L (79.8 cu. ft.) of cargo space.³

Under-floor Storage. There's also an under-floor storage area that keeps valuables out of sight. It's easily accessed even when the 3rd row is upright, for extra cargo space when you've got seven on board.³

Power Liftgate. Easy loading comes at the touch of a finger. Pathfinder®'s available power liftgate can be opened from a button located on the liftgate, on the dashboard near the driver, or on your Nissan Intelligent Key®.

¹Slide forward function should not be performed with the Child Restraint System occupied. ²Passengers should not ride in the reclined position while the vehicle is in motion. ³Cargo and load capacity limited by weight and distribution. Always secure all cargo.

Nissan Pathfinder® Platinum shown in Almond Leather.

GETTING A GREAT VIEW WHEREVER YOU LOOK.

Tri-Zone Entertainment. If you've ever taken a trip with kids, you probably know it's hard to please everyone. But with Pathfinder's available Tri-Zone Entertainment System, you actually can! The rear monitors can play individually, giving a choice of DVDs, video games, photos and more that you can control from the audio system's 203 mm (8.0") VGA screen. And with those in back wearing wireless headphones, you can adjust the 13-speaker Bose® Premium Audio System to play only in front, letting you enjoy your own choice of entertainment in perfect harmony.

Advanced Navigation. So much more than just maps, Pathfinder's available touch-screen Nissan Navigation System gives you live traffic updates to help keep you in the know and on the move.^{2,3}

iPod® Integration. Your music at your fingertips. Just plug in to Pathfinder's available USB input and control your iPod® through the audio system, including the remote controls mounted on the steering wheel. Rock on!⁴

Advanced Drive-Assist® Display. From trip computer to 4WD torque distribution, the Advanced Drive-Assist® Display serves up info right in front of you – helping to minimize time looking away. Its intuitive 3-D depth and tilt design help you take it all in quicker.^{5,6}

¹Tri-Zone operation requires compatible auxiliary media system. See Owner's Manual for details. ²Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ³NavTraffic/SiriusXM® Traffic is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 12 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal, Quebec City, Hamilton, St. Catharines, Kitchener, Guelph, and London). Subscription sold separately after trial period. Subscriptions subject to customer agreement at siriusxm.ca/terms. Fees and programming subject to change. © 2015 Sirius XM Canada Inc. Sirius® XM®, SiriusXM®, and NavTraffic® are registered trademarks of Sirius XM Radio Inc. All other trademarks are property of their respective owners. ⁴Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ⁵Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ⁶Information displayed is dependent on how vehicle is equipped. 3.5- LITRE V6
260 HP
240 LB-FT TORQUE
5,000 LBS. MAXIMUM TOWING¹

Efficiency, brought to you by the Next-Generation Xtronic CVT. With Pathfinder's class-exclusive Xtronic CVT transmission, you have a virtually gearless wonder.² It can hold the engine at the ideal rpm for the job, giving you a wave of power when you need it and running low rpm for quiet, efficient cruising when you don't. Proof? An impressive highway fuel economy of 8.6 L/100 km (33 MPG).³

Power, courtesy of a 3.5-L V6 engine. Seven on board, a big beautiful boat in tow. This is the stuff that tests what an SUV is made of. Pathfinder takes it on with 260 HP of 3.5-L V6 muscle and a CVT that knows the engine's sweet spot for the power you need, giving a standard 5,000 lbs. towing rating¹ – the highest standard capacity in its class.² And if you tow frequently, consider the available tow hitch receiver with 7-pin wiring harness (see Specifications).¹

¹See Nissan Towing Guide and Owner's Manual for proper use. ²Ward's Large Cross/Utility Market Segmentation, MY16 Pathfinder vs. 2016 and 2015 Large Cross/Utility Class. ³2016 Fuel Economy Estimate for 2WD model. Actual mileage may vary with driving conditions — use for comparison only. ⁴Information displayed is dependent on how vehicle is equipped. ⁵Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ⁶4WD models only. Cargo and load capacity limited by weight and distribution. Always secure all cargo.

CONFIDENCE AT YOUR FINGERTIPS.

Available Intuitive 4WD. With Pathfinder's All-Mode 4x4-i, you've got a system that's capable on- and off-road. And it's the only vehicle in its class with selectable driving modes.² You can choose full-time 2WD for maximum efficiency. Auto Mode constantly monitors conditions and adjusts the balance of power between front and rear wheels for best traction. Challenging conditions? 4WD Lock Mode is your choice. And when the trail turns steep, hill start assist and hill descent control give you the confidence to press on.

Balance of Power. The Advanced Drive-Assist Display illustrates the Pathfinder dividing the power between the front and rear axles, helping to give you the available traction and control you need.^{4,5}

Ups and Downs. When your travels take you on steeper paths, hill start assist helps prevent rollback when starting and driving away on an incline. Hill descent control⁶ helps make going down steep grades more manageable by automatically adjusting your speed and brake pressure to help keep you going at a controlled speed.

Nissan Pathfinder® Platinum shown in Cayenne Red with optional equipment.

Nissan Pathfinder® Platinum shown in Pearl White with optional equipment.

NISSAN AROUND VIEW® MONITOR

IT'S GOT YOUR BACK. AND THE REST OF YOU, TOO.

What if parallel parking was easier? A RearView Monitor¹ is great when backing up – but when it comes to parking, it's nice to see more than just what's directly behind you. That's why Pathfinder® offers a class-exclusive Around View® Monitor.^{1,2} Four cameras give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.³ And since all obstacles aren't stationary, Rear Cross Traffic Alert helps keep an eye around the rear of your Pathfinder® and can warn you about moving vehicles detected in your vicinity.⁴

¹Available feature. Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ²Ward's Large Cross/Utility Market Segmentation. MY16 Pathfinder® vs. 2016 and 2015 Large Cross/Utility Class. ³Virtual composite 360° view. ⁴Not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner's Manual for details.

RIGHT ON THE NOSE

With a front and overhead view, you know just how far to pull up – without going too far.

COMPLETE THE PICTURE

Tight spot with cars on either side? The overhead view helps you centre your Pathfinder® in the space.

SPARE YOUR WHEELS

The side view is a great help for seeing how close you are to the curb.

BACKGROUND SAVVY

In Reverse, the display helps you see what's directly behind you, while the overhead view helps with smaller objects that might be hidden below your window.¹

NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn't it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield® is a comprehensive approach to safety that guides the engineering and development of every vehicle we make. The features described here are just some of many on your Nissan, helping to protect you and yours by focusing on three key areas: keeping an eye on your vehicle's systems and the surroundings, assisting in handling unexpected situations, and helping to keep you safe in the unfortunate event of an accident.

6 Standard Airbags. When a collision is unavoidable, Nissan's Zone Body construction helps absorb the impact while the advanced seat belt and airbag systems help protect passengers.¹

Tire Pressure Monitoring System (TPMS). With this standard feature, when your tire pressure is low, an icon illuminates on your dash to let you know. When filling your tires, the Easy-Fill Tire Alert gives you a friendly beep of the horn when you've reached the right pressure.^{2,3}

Blind Spot Warning (BSW). Available BSW turns on a warning light if a vehicle is detected in the blind spot area, and it sounds a warning tone if you signal to change lanes.⁴

Rear Cross Traffic Alert (RCTA). When your Pathfinder® is in Reverse, available Rear Cross Traffic Alert helps to warn you of moving objects from either the left or the right side of the rear of the vehicle.⁵

Rear Parking Sonar. Pathfinder®'s available parking sonar gives you an added ally in your pursuit of parking, with sensors on all four corners looking out for static objects and giving you an audible warning when it detects you're getting close.⁶

Vehicle Dynamic Control (VDC). Also known as stability control, VDC monitors your steering and braking to help you maintain your steered path under certain conditions by reducing engine output and/or applying brake pressure to specific wheels.⁷

Traction Control System (TCS). When TCS senses drive-wheel spin, it responds by reducing throttle or applying brake pressure to help maintain traction.⁷

Electronic Brake force Distribution (EBD)/Brake Assist (BA).

EBD is designed to send extra force to the rear brakes when there's additional weight in the back. If you need to slam on the brakes, Brake Assist detects how hard you're braking, and if it senses you are in an emergency, it will automatically help to apply maximum braking force.⁸

snug4kids®. Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissan vehicles. The result: an industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at Nissan.ca/en/owners

BLIND SPOT WARNING (BSW)⁴

REAR CROSS TRAFFIC ALERT (RCTA)⁵

REAR PARKING SONAR⁶

¹Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts, according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for details. Inflated airbags shown for illustration purposes only, actual coverage area may differ. Airbags deflate after deployment. ²TPMS is not a substitute for regular tire pressure checks. ³Vehicle must be on for the Easy-Fill Tire Alert to operate. ⁴Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ⁵Not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner's Manual for details. ⁶The optional Rear Sonar System is a convenience, but is not a substitute for proper backing procedures. Always turn and check that it is safe to do so before backing up. May not detect every object behind you. ⁷VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. ⁸Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times.

SAFETY SHIELD

CHOOSE YOUR TRIM LEVEL

S

- 260 HP 3.5-litre V6 engine
- Xtronic CVT® (Continuously Variable Transmission)
- Available All-Mode 4x4-i intuitive 4WD system
- Hill start assist
- Hill descent control (4WD only)
- 18" Aluminum-alloy wheels
- Dual heated outside mirrors

GENUINE NISSAN ACCESSORIES

Every Genuine Nissan Accessory is: custom-fit, custom-designed and durability-tested; available for finance; and backed by Nissan's 3 year/60,000 km Accessories limited warranty when installed by dealer at time of your vehicle purchase.²

A. Hood Protector

Give your hood a fighting chance against bugs and road grime.

B. Rear Cargo Cover³

If they can't see it, they won't want it.

C. Stainless Steel Rear Bumper Protector

Protect your bumper from dings and scratches in style.

D. Roof Rail Crossbars³

Great for bringing along your skis or bike.

Additional Accessories:

- All-Season Rubber Floor Mats
- Auto-Dimming Rearview Mirror with HomeLink® and Compass
- Cargo Area Protector³
- Cargo Net³
- Hatch Tent
- Illuminated Kick Plates
- Interior Accent Lighting
- Side-window Deflectors
- Tow Hitch Receiver, Class III
- And More

See your Nissan dealer for details, or go to accessories.nissan.ca

BUYING AND OWNING

Finance Options Through Nissan Canada Finance, we offer many attractive lease and loan options that can be tailored to your individual needs. We have unique programs such as the Nissan Grad Program, Loyalty Program or the Nissan Advantage Program. Please visit our website Nissan.ca/finance to explore all of the options available. We have also made it easy to pre-qualify online. All of our programs come with competitive rates and terms. With our flexible options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty Every 2016 Nissan is covered by a 3 year/60,000 km⁴ Comprehensive New Vehicle Warranty, a 5 year/100,000 km⁴ Powertrain Warranty, an 8 year/130,000 km⁴ Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you'll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Added Security Plan (ASP) For ultimate peace of mind, consider the Nissan Added Security Plan. It's our commitment to be there for you and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

Security+Plus™ Prepaid Maintenance Plan The smart choice when it comes to maintaining your new Nissan. Honoured at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there's no worrying about price increases on parts or service in the future. A variety of plans are available. Ask your Dealer for details.

²See your Nissan Dealership and read the actual limited warranty. ³Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. ⁴Whichever occurs first.

Nissan's environmental action plan focuses on several key areas. In addition to increasing production of Zero Emission vehicles like the 100% electric LEAF®, we're improving fuel efficiency across our lineup and reducing the environmental impact of manufacturing through energy-efficient practices in our plants.

¹XM® and SiriusXM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. NavTraffic®/SiriusXM® Traffic is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 12 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal, Quebec City, Hamilton, St. Catharines, Kitchener, Guelph, and London). Subscription sold separately after trial period. All subscriptions subject to customer agreement at siriusxm.ca/terms. Fees and programming subject to change.
