# FROM THE ROAD TO THE TRACK

Nissan Micra® is designed for your everyday life, with outstanding quality, agility and manoeuvrability that makes it extraordinarily fun to drive. These qualities are pushed to their pulse-pounding limit in the Nissan Micra Cup™ racing series.<sup>1</sup> We take the production Micra S MT – the same one you can drive home – add track-ready safety equipment, and put it to the test with redline-pushing excitement that can only be found on the racetrack. The best part? We invite you into the driver's seat.

## SURROUNDED BY A WHOLE NEW SENSE OF CONTROL

Micra's striking, expressive design makes being in the driver's seat something to look forward to. All's clear in the cabin, where an airy design and great visibility make it easy to stay comfortable, yet also stay aware of your surroundings. The scenery inside is easy to love, too. A silver-accented steering wheel, shift knob, and HVAC vents give your interior a modern pop.<sup>1</sup> Or upgrade to a leather-wrapped steering wheel<sup>1</sup> and other features like a 6-way adjustable driver's seat<sup>1</sup> and sport cloth with contrast stitching on seats and door panels<sup>1</sup> to bring a refined feel to your everyday drive. The smartphone/USB input means your playlists and podcasts can come along for the ride,<sup>1,2</sup> while the Bluetooth® Hands Free Phone System lets you take calls with your hands on the wheel and your eyes on the road.<sup>1,3</sup> And top it all off with a RearView Monitor that gives you a better look at what's directly behind you, giving you more confidence backing up than ever before.<sup>1,4</sup>

If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Smartphone or other external device not included. <sup>3</sup>Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. <sup>4</sup>Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle.

## ADAPT IN A SNAP

From end to end, Micra's neat and versatile storage spaces let you keep your car tidy, so storing and retrieving stuff is a piece of cake. No more sliding items or digging for your things. Stash beverages in dedicated holders up front or on your door, and even on the back of the centre console for your rear passengers. Store important items in your glove compartment or the map pockets on the doors. And when you need room for larger items, you can fold down the 60/40 split rear seats at the pull of a lever to create 819.5 L (28.9 cubic feet) of space.<sup>1</sup>

## NISSAN SAFETY SHIELD PHILOSOPHY

# INNOVATION THAT LOOKS OUT FOR YOU

What if you had the confidence you need for every part of your drive? The Nissan Safety Shield philosophy is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

## RESPOND

Whether you need to hit the brakes hard or manoeuvre around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

**Traction Control System (TCS)** When TCS senses drive-wheel spin, it responds by reducing throttle or applying brake pressure to help maintain traction.

**Electronic Brake force Distribution (EBD)/Brake Assist** EBD is designed to send extra force to the rear brakes when there's additional weight in the back. If you need to slam on the brakes, Brake Assist detects how hard you're braking, and if it senses you are in an emergency, it will automatically help to apply maximum braking force.<sup>1</sup>

**Vehicle Dynamic Control (VDC)** Also known as stability control, VDC monitors your steering and braking to help you maintain your steered path under certain conditions by reducing electric motor output and/or applying brake pressure to specific wheels.<sup>2</sup>

## PROTECT

**Six Standard Airbags<sup>3</sup>** Nissan Advanced Airbag System (AABS) has dual-stage supplemental front airbags with seat belt and occupant-classification sensors.<sup>3</sup> In addition, Micra<sup>®</sup> features driver and front passenger seat-mounted side-impact supplemental airbags<sup>3</sup> along with roof-mounted curtain side-impact supplemental airbags with rollover sensor.<sup>3</sup>

**6** STANDARD AIRBAGS<sup>3</sup>

**LATCH System (Lower Anchors and Tethers for Children)**

**snuggly kids<sup>®</sup>**

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissan vehicles. The result: an industry first, The Snug Kids Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at [Nissan.ca/en/owners](http://Nissan.ca/en/owners)

<sup>1</sup>Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. <sup>2</sup>VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. <sup>3</sup>Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts, according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for details. Inflated airbags shown for illustration purposes only, actual coverage area may differ. Airbags deflate after deployment.

## BUYING AND OWNING

**Nissan Advantage Program** Through Nissan Canada Finance, we offer many attractive lease and loan options that can be tailored to your individual needs under the Nissan Advantage Program. This program is ideal to first-time buyers, new Canadians and for those who have faced past credit challenges. All of our programs come with competitive rates and terms. With our flexible finance and lease options, driving home a brand new Micra<sup>®</sup> has never been easier.

**Grad Program** As you get ready to enter the work force, a new Micra is a great choice. Even with little or no credit history, you can own a stylish new car that you love, while establishing a good credit history. You may even qualify for additional rewards for being a recent grad.

Find out more about these programs and apply online at [Nissan.ca/finance](http://Nissan.ca/finance) or talk to a Nissan Dealer about your financing options.

**No-Nonsense Warranty** Every 2017 Nissan is covered by a 3 year/60,000 km<sup>2</sup> Comprehensive New Vehicle Warranty, a 5 year/100,000 km<sup>2</sup> Powertrain Warranty, an 8 year/130,000 km<sup>2</sup> Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you'll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See your Warranty Information Booklet for complete details.

**Added Security Plan (ASP)** For ultimate peace of mind, consider the Nissan Added Security Plan. It's our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

**Security+Plus™ Prepaid Maintenance Plan** The smart choice when it comes to maintaining your new Nissan. Honoured at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there's no worrying about price increases on parts or service in the future. A variety of plans are available. Ask your Dealer for details.

Nissan's environmental action plan focuses on several key areas. In addition to increasing production of Zero Emission vehicles like the 100% electric LEAF,<sup>5</sup> we're improving fuel efficiency across our lineup, and reducing the environmental impact of manufacturing through energy-efficient practices in our plants.
