

RAM FACT #14

Engineering Excellence - Suspension

All- New Ram 1500 has a smoother ride than Chevy, Ford or Toyota.

Its new class exclusive multi-link coil spring rear suspension replaces the leaf springs for:

- Increased ride quality
- Increased comfort
- Better handling
- No sacrifices to payload capacity

Better Ride Quality than Competition:

- Better off-road ride than Chevy, GMC or Nissan
- Better smooth road ride than Ford, GMC, Nissan or Toyota
- Less freeway hop than GMC or Toyota
