*We live in the moment
and that moment is a
gift. It is this very notion
that motivates us to
build great cars. It is this
very same notion that
motivates you to drive a
great car.*

The FIAT 500 is here.

The icon. The legend. The FIAT 500.

The Cinquecento was a catalyst for profound change. It encouraged exploration. It was a beacon of hope for millions: something the people of Italy could truly love. Pure. Simple. It provided mobility—but more important, it inspired personal freedom. No doubt: it was the right car for the times.

“The hardest part about designing a car is keeping it simple. Through simple, functional, responsible engineering comes beauty. The 500 and 500 Cabrio are everything you need and nothing you don’t. We didn’t start by ‘adding’; we started by stripping away what was not needed. The 500 and 500c are both beautiful expressions of simple, functional Italian design.”

— Roberto Giolito, FIAT Head of Design

TYPICAL '50-'60 LOOK:
- FLOATING ON THE GROUND -
WITH CURVED LINES ABOVE
AND BELOW THE BODY

1950

CONTEMPORARY LOOK:
MIRRORED CURVED LINES
FOR GREEN HOUSE & HOOD.
FLAT-HORIZONTAL UNDERBODY

The concept was to recreate the perfect suit for this new FIAT® chassis while preserving the stylish interior and sleek contours. Reengineered for North America, the 2012 FIAT 500 is as simple, as beautiful, and as iconic as the original. And it's poised to be the next global icon from Italy.

Same spirit...

new expression.

FIAT® has once again embraced and enhanced the landscape of North America, seducing the hearts and minds of drivers. Every detail of the FIAT 500 and 500 Cabrio has been thoughtfully and beautifully designed for our sensibilities. Its ability to be personalized feeds the thirst for self-expression and celebrates what it means to be an individual in a world of individuals.

Technologically Speaking

The 1.4L 16V MultiAir® engine has electrohydraulic valves for more dynamic and direct control of air and combustion. This improves power by 10% and torque by 15%, cylinder-by-cylinder, stroke-by-stroke. It also helps reduce pollutant emissions with an added 10% fuel economy improvement over conventional naturally aspirated engines. The award-winning 1.4L 16V MultiAir engine is unique only to the FIAT® 500, delivering 101 horsepower at 6500 rpm and 98 lb-ft of torque at 4000 rpm with 6.7L/100 km (42 mpg) city, 5.1L/100 km (55 mpg) hwy.⁽¹⁾ Non-technologically speaking, it's amazing.

Wrapped in the comfort of safety.

The FIAT® 500 features seven air bags,⁽²⁾ daytime running lamps, Electronic Stability Control,⁽³⁾ four-wheel disc antilock brakes, child seat anchor system, crumple zones, and tire pressure monitoring system. These are just a handful of the safety and security technologies standard in the 500.

bi-Halogen

These new headlamps deliver a more focused view of the street at night and are like jewels inset in the front of the FIAT® 500. The curve-around styling helps other drivers see you on winding roads and busy city streets.

Air Bags

The FIAT® 500 comes with a sophisticated system of seven air bags⁽²⁾ to help protect passengers in the event of a collision. In the front seating positions, this includes advanced, multistage front air bags, front-seat side air bags for added thorax and pelvic protection, and a driver's knee blocker air bag. In addition, two side-curtain air bags help provide head protection in side impacts for both front and rear passengers.

BLUE&ME™ Hands-Free Communication⁽⁴⁾

This available feature enables drivers to make calls, play music and drive without ever taking their hands off the steering wheel. Drivers can use steering wheel-mounted controls, voice commands or a combination of both. Communicating is important. Listening to music is important. Not driving with your knees—much, much more important.

TomTom® Navigation System

The available TomTom⁽⁵⁾ is a hands-free portable driver navigation system that helps keep FIAT® 500 drivers from getting lost, while voice activation commands keep them safe. Working off of satellite technology, the TomTom speaks several languages and knows its way around ... quite literally, helping to ensure drivers never lose their way. Safety is not just about watching where you're going, it's about knowing where you're going.

Reverse-Activated Rear Wiper

Standard on the FIAT® 500, the rear wiper automatically turns on whenever the front windshield wipers are running and the car is shifted into Reverse. This helps enhance visibility when you're backing up.

Tire Pressure Monitoring System

The Tire Pressure Monitoring System keeps an eye on tire pressure in each tire and tells you when it is not optimal. You would be surprised how much trouble you can avoid with this simple sensor. And proper tire inflation can help improve fuel economy too.

Electronic Stability Control

When you drive you should, of course, always pay attention. When you drive a FIAT® 500, the car also pays attention. Electronic Stability Control⁽³⁾ is designed to assist drivers in maintaining control of their vehicles during extreme steering manoeuvres. ESC senses when a vehicle is starting to spin or plow and attempts to correct the vehicle's course by automatically controlling the throttle and applying the brakes at individual wheels.

Rear Park Assist⁽⁶⁾

Available on the FIAT® 500, standard on the 500c. The sensors use ultrasonic waves to alert you when you're about to run into trouble, like a curb, or a trash can, or another car.

the POP

The Pop sets the tone. Making simple, beautiful and purposeful Italian design accessible to everyone. This cultural movement is reshaping North America's perspective on size, value and expression.

Thanks to careful analysis of the interior space, designers of the FIAT® 500 made an amazingly roomy and capable cabin within its city-friendly size. The 500 can quickly and conveniently store mobile devices and travel gear with plenty of built-in storage spaces, including one in the instrument panel, map pockets in the door panels and behind the driver and front-passenger seats, another below the centre console's shifter bezel, and one below the front-passenger seat. The total cargo capacity with the rear seats folded down is spacious—770L (27.2 cu ft). To load your gear more easily, designers even maximized the liftgate width.

Push the Sport button and the car becomes even more sporty. On the 500 with a manual transmission, the driver will feel the steering tighten and the engine become more responsive when pushing down on the pedal. With the automatic, the driver experiences the same responsive steering with crisp shifting of the transmission.

The rear seat is designed to be comfortable for two adults and deliver the same high-quality comfort and craftsmanship as the driver and front-passenger seats. To keep everything organized, a centre floor console features a cubby for small items and also houses the 12-volt power outlet, plus two cup holders to conveniently carry your beverage.

What do you believe in?

the SPORT

Sport is a true performance story told only the way FIAT® can tell it. And it's a story that's defining performance and style through efficient design, fit, and personalization.

The Sport features 16-inch aluminum wheels with Mineral Grey painted pockets and all-season tires. New bodyside sills and a liftgate-mounted roof spoiler add a sporty appearance. This athletic vehicle's design themes include performance-inspired red-painted brake calipers attached to a sport-tuned suspension, chromed exhaust tip and fog lamps. Inside, Sport features unique sport-styled seating in a Grey/Black interior environment, an available Bose® premium audio system with six premium speakers and subwoofer, leather-wrapped sport steering wheel with audio controls, USB port, and iPod® control capability.

the LOUNGE

The Lounge is all about style. Intimate and comfortable, the FIAT® 500 Lounge™ delivers all of the touches and details perfectly tailored to those with an authentically sophisticated lifestyle.

The Lounge features a handsome panoramic glass roof that's perfect for sightseeing in the city. Other features that set the Lounge apart include such luxury features as standard premium leather-faced seats, unique 500 embroidered seatback logos, SIRIUS® Satellite Radio,⁽⁷⁾ including one-year subscription, subtle chrome detailing on the front and rear fascias, side mirrors and mouldings, and optional premium 15-inch aluminum wheels.

The Environment

The interior is built around its driver. Perfectly proportioned, it's simple and intuitive. The roomy and comfortable environment elevates the driver's point of view for maximum control and driving experience.

the **CABRIO**

With three soft-top colours to choose from—
Bordeaux, Beige and Nero—and 14 body colours,
the FIAT® 500c experience is all about possibilities.

The Experience

The FIAT® 500c allows the outside in while helping to maintain a quiet interior. And it does so without compromising any of the comfort and beauty that has made FIAT interiors remarkable.

The FIAT® 500 Cabrio provides an unprecedented and innovative multiposition design, with a power-operated cloth top that can operate while driving at speeds of up to 96 km/h.

eco:Drive

The 2012 FIAT® 500 eco:Drive™(8) application helps teach drivers how to improve their driving efficiency. The state-of-the-art eco:Drive application demonstrates that an automaker's environmental responsibility doesn't have to stop when the car leaves the production line, but can extend to the way people actually drive their cars.

Start by downloading the eco:Drive™ software to your computer. Then, simply plug a USB drive into the available FIAT® 500 USB port; your driving patterns and data are automatically stored. Then, go ahead and insert the USB drive back into your computer to study the eco:Drive analysis of your personal driving style.

Get tips that could help you use less fuel, save money and reduce your CO₂ emissions. You can even join the international online community of eco:Ville and meet other FIAT owners who are committed to reducing their CO₂ footprint. Set new goals, compete to see who can earn the highest eco:Index efficiency score, and watch how your personal fuel and CO₂ reductions contribute to the eco:Ville total—and the greater good. Visit fiatcanada.com to download the eco:Drive app.

FIAT® WARRANTY⁽¹⁰⁾

FIAT® has you covered. The comprehensive customer care includes:

- 3-year/60,000-kilometre Basic Warranty
- 5-year/100,000-kilometre Powertrain Limited Warranty
- 5-year/100,000-kilometre Full Roadside Assistance
- 3-year/Unlimited-kilometre Corrosion Warranty
- 5-year/160,000-kilometre Outer Panel Corrosion Warranty
- 8-year/130,000-kilometre Emissions Warranty

Unique style options. Take it personally.

The FIAT® 500 is an extraordinary vehicle for delivering self-expression. With 14 paint colours available in metallic, non-metallic, and premium tri-coat pearl finishes, every 2012 FIAT 500 can be distinctive. In addition, the interior is available in two environments (Nero or Avorio) with 11 unique seat colour and ambient interior combinations for an individualized look. A full line of authentic FIAT 500 Accessories by Mopar® will offer customers even more personalization possibilities at their local FIAT Studio, including unique striping packages, exterior and interior styling accessories, and authentic FIAT styled merchandise. In short, there are 500,000 possible combinations. Go to fiatcanada.com to “build your own” custom FIAT 500.

ROOF GRAPHICS.

This is a car that was built to season your taste, and each and every graphic adds a dose of spice to your specific order. All graphics are made of the highest quality 3M™ material.

- | | | |
|-------------------|--------------------------------|-----------------------------|
| 1. RED CHECKER | 4. RED/WHITE/BLUE | WHITE DOUBLE RACING STRIPES |
| 2. BLACK CHECKER | 5. RED/WHITE/GREEN | (Not shown.) |
| 3. BLACK BAR CODE | 6. BLACK DOUBLE RACING STRIPES | WHITE BAR CODE (Not shown.) |

BODYSIDE GRAPHICS.

Think of them as tattoos that can be removed when it's time to meet the parents for the first time. Bodyside Graphics for FIAT® are professionally installed and can be removed when you're ready for a new look.

- | | | |
|------------------------|---------------------|----------------------------------|
| 7. RED RACING STRIPE | 9. RED/WHITE/BLUE | WHITE RACING STRIPE (Not shown.) |
| 8. BLACK RACING STRIPE | 10. RED/WHITE/GREEN | |

BODYSIDE MOULDING INSERTS.

As a general rule, it's difficult to get excited about mouldings, but these bodyside combinations are exceptions to the rule.

| 13. BLACK CHECKER/RED DOT | 16. RED 500 LOGO | 19. BAR CODE |

Wheels Up

PREMIUM WHEELS.

Each custom wheel is machined to match FIAT® 500's exact specifications and is designed to deliver a smooth and balanced ride. Each wheel is treated with a durable clear coat finish. Of course, they're also designed to look good. Real good.

- 1. 16-INCH GLOSS BLACK 17-SPOKE WHEEL*
- 2. 16-INCH BLACK PAINTED 5-SPOKE WHEEL†
(Shown with White Wheel Pocket Insert.)
- 3. 16-INCH SILVER PAINTED 5-SPOKE WHEEL†
(Shown with Red Wheel Pocket Insert.)

WHEEL POCKET INSERTS.

These Wheel Pocket Inserts are like trick laces on a new pair of just-released kicks. A set of four high-quality inserts mount securely and fit our 16-inch 5-spoke wheels.

- 4. BLACK
- 5. CHROME
- 6. WHITE
- 7. RED

* Does not accept Wheel Pocket Inserts.
† Late availability.

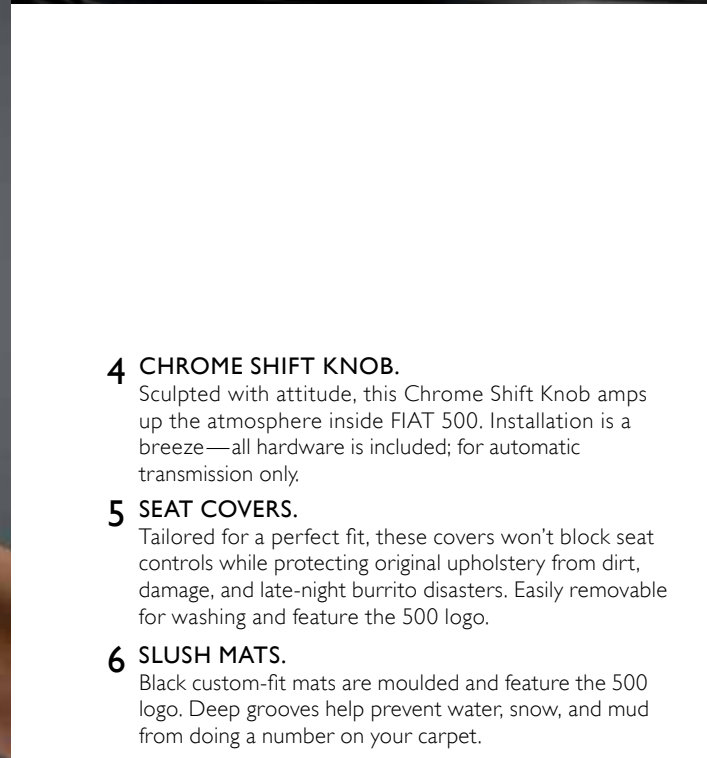

Style Starts Here

Thanks to easily changeable FIAT® key covers, you can take a piece of 500's unmistakable style with you wherever you go. It's all part of a design philosophy that refuses to allow anything to be mundane. Key covers come in sets of two and are available in the following designs and colours:

- Blue solid/Black with graphic
- Red solid/Red with graphic
- White with 500 logo/Checker

- 1 CARBON FIBRE SHIFT KNOB.**
Style that fits in the palm of your hand. This modern tech shifter looks good, feels good, and features a leather boot.
- 2 KATZKIN™ LEATHER INTERIORS.**
Create an interior that's all your own with Katzkin leather seats. Packages offer premium leather-faced seats with embroideries, piping, two-tones, suede, and many different colours. Ask your FIAT® Studio for more information.
- 3 PREMIUM CARPET FLOOR MATS.**
Tough enough to take a pounding, yet plush enough to rival grandma's carpet. These Black 680-gram luxury floor mats are custom-fit for the interior and feature the 500 logo. The rubber-ribbed backing keeps the mats firmly in place.

- 4 CHROME SHIFT KNOB.**
Sculpted with attitude, this Chrome Shift Knob amps up the atmosphere inside FIAT 500. Installation is a breeze—all hardware is included; for automatic transmission only.
- 5 SEAT COVERS.**
Tailored for a perfect fit, these covers won't block seat controls while protecting original upholstery from dirt, damage, and late-night burrito disasters. Easily removable for washing and feature the 500 logo.
- 6 SLUSH MATS.**
Black custom-fit mats are moulded and feature the 500 logo. Deep grooves help prevent water, snow, and mud from doing a number on your carpet.
