The Volvo Engine Remote Start (ERS)

Allows the driver to start the car by simply pushing a button sequence on their existing Volvo key fob. Now, the car can warm up or cool down to a desired temperature before the driver and passengers enter the vehicle. The vehicle will heat or cool to the same temperature settings that were in place when the car was turned off. The car will run up to 15 minutes before shutting off making customers comfortable from the moment they enter the car whether it's a frigid winter morning or a hot summer day.

XC60 Car Cover

An elegant cover specially designed to protect the XC60 from dirt when it is not used for extended periods of time. The light-gray cover is made of a soft, 4-layer cloth of high quality with enhanced weather protection. It is easy fitted on the car and is prepared for a lock to hinder theft. The rear license plate is visible through a small window, and at the front the cover has a Volvo logo.

Installed \$307.09

Volvo Cars of North America Accessories XC60

Design my Volvo around "me"

Front Blind View Camera

Parking assistance camera, wide angle front increases the field of view and allows the driver to see "around corners". The 7" large multimedia screen shows what the camera sees. The camera has a 180° field of view that allows the driver to see around corners past buildings and hedges, at for example junctions. This makes an excellent supplement to traffic mirrors at critical junctions and areas with many buildings and thick vegetation. The camera can be used together with the parking assistance camera, rear, see Parking assistance, camera, rear. The camera is discretely mounted in the grille and is activated by a button in the centre console.

Design my Volvo around “me”

Sun Screens Luggage compartment (set of three)

Complete sun blinds which provide maximum protection for your passengers when the sun is brightest. Not only do they effectively protect against heat and irritation from sunlight they also give the car an attractive "look" similar to tinted windows. The sun blinds are uniquely tailored to the rear windows of your XC60, providing a more comfortable trip in strong sunlight. If the rear side windows need to be lowered during a journey the sun blinds minimize the wind noise, a.k.a. booming noise, that can arise. When curtains are not used, they can be stored in the supplied bag.
