Design my Volvo around “me”

The Volvo Engine Remote Start (ERS)

Allows the driver to start the car by simply pushing a button sequence on their existing Volvo key fob. Now, the car can warm up or cool down to a desired temperature before the driver and passengers enter the vehicle. The vehicle will heat or cool to the same temperature settings that were in place when the car was turned off. The car will run up to 15 minutes before shutting off making customers comfortable from the moment they enter the car whether it's a frigid winter morning or a hot summer day.

Volvo Car Cover.

An elegant cover specially sewn for your car. Protects from dirt when the car is not used for extended periods of time.

Installed \$275.88

Volvo Cars of North America Accessories XC70

Design my Volvo around "me"

Mirror, rearview, auto dimming with compass (kit)

Anti-glare rear view mirror automatically cuts off disturbing light from the cars behind. A very practical accessory when driving in the dark. Thanks to the compass in the top right-hand corner, the direction the front of the car is pointing in is shown. A sensor on the lower edge of the mirror reads off the light coming from behind and cuts off strong light. The sensor does not distinguish between sunlight and headlights.

Installed \$243.55

Volvo Cars of North America Accessories XC70

Design my Volvo around “me”

Front view camera for XC70 (kit)

The camera has a 180° field of view that allows the driver to see around corners past buildings and hedges, at for example junctions. This makes an excellent supplement to traffic mirrors at critical junctions and areas with many buildings and thick vegetation. The camera can be used together with the parking assistance camera, rear, see . The camera is discretely mounted in the grille and is activated by a button in the centre console.

Installed \$777.33

Volvo Cars of North America Accessories XC70

Design my Volvo around “me”

Navigation system

Nav prep option code 445 is required for installation. The RTI system is fully integrated in the car and has a 7 " screen. Voice control¹ and easy-to-use buttons on the steering wheel help prevent the driver from being distracted whilst driving. The navigation system and TMC2(Traffic Message Channel) makes driving easier and gives you traffic traffic information. When the RTI system is installed, the Bluetooth Handsfree system maintains voice control. The navigation system and TMC2(Traffic Message Channel) makes driving easier and gives you traffic traffic information.

XC70 Rear park camera (sensus) (kit)

Increases your field of vision behind the car when parking. A camera mounted in the tailgate now makes it possible for you to have "eyes in the back of your head" when parallel parking. The monitor displays what is behind the car

Installed \$,1054.26

Volvo Cars of North America Accessories XC70

Design my Volvo around "me"

Rear Park assist Kit

The following components are also required for installation but are not included in the pricing below: 9437284 silver paint & 9512930 Glue Gun. Rear parking assistance facilitates distance assessment and informs of obstructions when you have limited space behind the car, e.g. when parallel parking. The system is activated when reverse gear is engaged. When an object is indicated, the radio's/stereo's sound level is muted and a pulsating "buzzer tone" comes from the car's rear speakers. The tone starts to sound when approx. 150 cm (59 in) remains to an obstacle and becomes a constant tone when the distance is approx. 30 cm (12 in) from the rear bumper. The remaining distance is also displayed on the multimedia display in the center console.
