

HITTING THE ROAD

Before hitting the road with your RV you need to do check the following items every time.

Inside Check

- Water heater should be off
- Water pump should be off
- Furnace should be off
- Windows all closed
- Blinds either locked in or pulled up
- All vents are tightly closed
- Antenna is down and locked
- Cupboards are closed and items are stored properly in case of bumpy roads

Outside Check

- Tire pressure and wear
- Storage compartments closed and locked
- Doors to RV closed and locked
- Awning closed and locked in
- Water cap on
- Sewer cap on
- Legs up
- Wheel chocks picked up and put away
- All water and electrical connections unhooked and put away

Vehicle Hook Up Check

- Hitch on and pins in
- Brake line plugged in
- Safety line attached
- Brake light and signal lights working
