Benefits

Financial Protection

Zurich vehicle service contracts provide coverage for parts and labor costs to repair or replace major component parts.

Higher Resale Value

Your Zurich contract can be transferred to the next owner of your vehicle for a better resale price.

Reasonable Cost

You pay only a small deductible per covered repair visit. So, even if your vehicle breaks down, it won't break your budget.

Easier Budgeting

A small amount each month helps eliminate unexpected major repair costs. We can arrange a payment plan that works for you.

Nationwide Acceptance

Dealerships and repair facilities across the United States and Canada will honor Zurich service contracts. No out-of-pocket expenses to you as authorized claims may be paid directly to the repair facility.

Rental Reimbursement

If you need a rental vehicle due to covered repair work, your Zurich

service contract provides for rental reimbursement up to \$30 per day for a maximum of six days.

Trip Interruption Coverage

Zurich will take care of you and your family if you break down more than 100 miles from home. Our contracts provide food and lodging reimbursement up to \$100 per day for three days per repair visit.

Emergency Roadside Assistance

Twenty-four hour emergency roadside assistance for services such as towing, flat tire changes, gas and fluids delivery, jump starts, and frozen lock and lockout services.
