Standard services are designed for Gulf-Region driving conditions. We are factory authorized to perform all warranty repairs on any of your GM vehicles. Prices are subject to change without notice. Prices vary according to model - See your advisor for your specific model information. All prices plus tax and shop supplies.

ENGINE LUBRICATION & QUICK SERVICES

GM Car Care Performance Package (includes Lube, Oil & Filter)

Essential for warranty validation.

- replace engine oil and filter with new GM approved parts
- lubricate door hinges and hood latch
- check and top off fluids as required
- inspect belts and hoses
- check tire pressure and adjust to specs
- perform GM multi-point inspection

LOF MOST MODELS - \$39.99

Note: AC Delco Dexos Synthetic Blend oil ADD - \$9.95 required on all 2011 and newer models.

SLOF SYNTHETIC - \$89.99

*Includes up to 6 quarts of oil (7 quarts for synthetic models). Additional oil available at \$X.XX/quart. Premium synthetic oil available at additional cost.

GM Maintenance Inspection I (includes Tire Rotation service)

Promotes safety and reliability, while protecting vital engine components.

- replace engine oil and filter with new GM approved parts
- perform tire rotation and brake inspection
- reset oil life system
- inspect fluids for unusual discoloration and deterioration
- top off fluids as required
- perform GM multi-point inspection
- perform any needed additional service

GM11 MOST MODELS - \$64.66

GMS1 SYNTHETIC - \$89.95

*Includes up to 6 quarts of oil (7 quarts for synthetic models). Additional oil available at \$X.XX/quart. Premium synthetic oil available at additional cost.

GM Maintenance Inspection II (includes GM Maintenance Inspection I)

A comprehensive vehicle service and inspection package, effectively maintaining safety and reliability, while protecting vital engine components.

Includes GM Maintenance I, plus:

- inspect wiper blades
- inspect safety restraint systems
- inspect throttle system and clean linkage
- perform a comprehensive GM Goodwrench vehicle inspection
- provide written report

GM12 MOST MODELS - \$84.44

GMS2 CORVETTE - \$92.44

PERFORMANCE & DRIVEABILITY

Fuel System Service

Maintains fuel efficiency and engine performance.

- optimizes injector spray pattern by maintaining injector cleanliness
- controls intake valve and piston deposits
- eliminates harmful water condensation in fuel tank, protecting tank and fuel pump

FSS \$29.95

Fuel Injector Service

Maintains proper spray pattern allowing for maximum fuel efficiency and power.

- power-purge fuel lines with cleaning solvent
- remove deposits from injector pintle tip

FIS \$99.46

Emission System Service

Maintains engine to manufacturer's specifications promoting optimum performance, fuel efficiency and cleaner emissions.

- REQUIRED: This service requires an Oil Change Service, extra cost
- inspect emission control system
- clean residual crank-case oil and by-products
- clean piston deposits
- service valve-train and sludge control
- reduce condensation and contaminants in fuel system

ESS \$99.95

Complete Induction & Engine De-Carbonization Service.

Helps restore lost power, performance and fuel efficiency.

- apply a cleaning agent through the throttle body to remove sticky carbon residues from the throttle valve and plate
- administer a special carbon blasting solution to soften the harder carbon formations in the combustion chambers and enhances the cleaning process during the final phase

EDCS \$179.95

Air Filter Kit

Maintains proper airflow for fuel efficiency.

- install genuine GM air filter
- inspect and clean air box for dirt and debris
- inspect old filter for signs of blow-by

AFR1 MOST MODELS FROM - \$34.95

CAFR CORVETTE - \$39.95

Platinum Spark Plug Replacement

Helps ensure reliable starting and optimum fuel efficiency.

- inspect old plugs for discoloration and carbon deposits
- replace with new quality GM approved plugs
- inspect wires and all applicable hardware

PSPR4 4 CYLINDER FROM - \$134.95

PSPR6 6 CYLINDER - \$189.95

PSPR8 8 CYLINDER - \$239.95

VANS - EXTRA LABOR, ADD \$82.00

Cabin Air Filter

Promotes pollen and dust free cabin air.

- remove cabin air filter and clean box
- replace cabin air filter with GM quality part

CAF \$79.95

BRAKES, WHEELS & SUSPENSION

Tire Rotation (includes Brake Inspection)

Prolongs life of tires and ensures safety.

- rotate tires according to manufacturer's specifications
- inspect tire wear

TR \$22.95

TRB TIRE ROTATION & WHEEL BALANCE - \$49.95

Wheel Alignment

Ensures dependable control, safety and extends tire life.

- set vehicle on computerized alignment rack
- inspect steering and suspension components for excessive wear
- adjust toe and camber to manufacturer's specifications

4WA 4 WHEEL - \$99.95

*Shims, specialty wheels and dualies requiring extra labor are additional cost.

CRITICAL SERVICE AREAS

Brake Fluid Flush

Maintains proper brake fluid quality for best performance under hard braking or adverse conditions. Helps protect ABS components from moisture in old & contaminated fluid.

- inspect brake fluid for signs of moisture or contamination
- flush old fluid and replace with new GM approved fluid
- bleed system of air and road test
- inspect pedal position, connections and ABS components

BFF \$119.95

Automatic Transmission Service

Prolongs transmission life: "A critical time interval service."

- remove and clean the transmission pan and inspect for any metal deposits located on the magnetic pickup
- remove and replace the transmission filter and fluid with GM quality parts
- add a seal conditioner for extra protection

ATS \$189.95

*Crossmember/skid plate removal extra.

Automatic Transmission Flush

Prolongs transmission life.

- use state-of-the-art equipment to ensure a complete cleaning and fluid exchange
- add an effective cleaner to the system to remove harmful varnish and sludge deposits from components
- replace the transmission fluid
- add a seal conditioner for extra protection

ATF MOST MODELS FROM - \$189.95

*Crossmember/skid plate removal extra.

Transfer Case Service

Maximizes performance and helps prevent wear.

- replace transfer case fluid

TCS FROM - \$75.95

*Crossmember/skid plate removal extra.

Differential Service

Helps reduce wear and prolongs differential life.

- drain old differential fluid and clean the surface areas
- remove cover when applicable or drain system
- inspect gears for any abnormal wear (when applicable)
- add new GM quality fluid & treatments to ensure superior lubrication and fluid flow at extreme temperatures

RDS REAR (SINGLE) - \$145.95

FRDS FRONT & REAR (DUAL) - \$269.95

*Crossmember/skid plate removal extra.

Cooling System Flush Service

Ensures optimum cooling and heating efficiency.

- perform a complete inspection of the cooling system
- add cleaning agent
- attach the necessary equipment to evacuate the entire cooling system of old coolant and refill with new GM quality coolant
- add a coolant conditioner for additional protection against acid formation

CSFS1 MOST MODELS FROM - \$149.95

Cooling System Service

Promotes cooling and heating efficiency.

- drain and refill with up to 1 gallon of GM approved coolant
- inspect thermostat for operation
- inspect belts and hoses for signs of cracking or seepage
- install conditioner and pump lubricant
- pressure test system

CSS \$99.95

Power Steering Flush

Ensures dependable control and safe driving.

- flush steering system of old fluid and contaminants and install new high-tech fluid

PSF \$118.46

Air Conditioning Service

Ensures your comfort and maximizes system life.

- clean coils and air-conditioner unit
- inspect hardware connections
- measure operating temperature from vents
- report on system condition

ACS \$49.95*

*Leak detection fluid and Freon refrigerant are extra charge.

Air Conditioning and Cabin Deodorizer Service

Eliminates odors and bacteria in vehicle cabin area.

- clean coils and A/C unit
- use strong cleaner and deodorizer
- inspect for signs of mold
- perform A/C systems inspection

ACDS \$119.00

Certified Service

OUR CUSTOMER FIRST PHILOSOPHY

Your Chevrolet Pontiac Buick or GMC has a factory minimum service requirement. These requirements are designed to suit the needs of the general North American market.

Our menu contains recommended services designed to meet the unique conditions of the local Gulf Region, such as high heat and humidity. These service are designed to give maximum protection.

Enjoy these Customer First services at any of our 16 locations across Texas

- Complimentary shuttle service within 25 miles of dealership.
 - Fresh coffee available all the time.
 - Rental cars available at preferred rates.
