SALES STRATEGY

Vibrant design that is invigorating and enriching. This statement reflects Infiniti's vision of using the principles of design to create vehicles that offer more rewarding performance, inviting interiors and intuitive technology. This modern, dynamic application of design should shape our product, our behaviors and our marketing to make Infiniti the most progressive and emotionally engaging automotive brand.

The G37 Sedan's role. The 2009 G37 Sedan features a flowing and muscular exterior, modern yet warm interior, and exhilarating performance. Marketing will reveal these defining qualities and the unique sense of artistic craftsmanship that creates them. In an increasingly competitive segment, these qualities of the G37 Sedan demonstrate the ability of design to create a more passionate, vibrant driving experience — elevating the sport sedan beyond the cold, clinical machines of the competition.

Additionally, marketing will focus on specific competitive advantages, such as its new 320+ horsepower VQ engine with VVEL technology, and the following available options: audiophile-quality Infiniti Studio on Wheels® by Bose® sound system, built-in 9.3GB Music Box hard drive and Intelligent All-Wheel Drive.
