

**ACCESSORI ORIGINALI
AUTOMOBILI LAMBORGHINI
INTERIOR**

**WE'RE ITALIAN.
OUR PASSION IS BOUNDLESS AND
KNOWS NO COMPROMISE**

This is true for every Lamborghini, and for each and every detail. If you love your Lamborghini as much as we do, show it. There are lots of ways you can.

INTERIOR

THE INTERIORS IN OUR CARS
ARE MADE WITH A UNIQUE MATERIAL:
PASSION.

UPHOLSTERY: WHERE LEATHER TURNS INTO LEGEND.

You don't find rumbling engines in Automobili Lamborghini upholstery, because the work we do requires the highest levels of concentration and precision. Every worker has years of experience with sewing machines and thread - the tools we use to create interiors with exceptional class. Their skill also comes into play when they inspect the leather supplied by the tannery. Each millimeter of material is examined by eyes that have been trained to identify the most microscopic defects. Because only perfectly flawless leather can aspire to cover the seats, steering wheel and other parts of a Lamborghini.

Gallardo

Highly resilient and remarkably light, carbon fiber is considered to be the material of the future by the auto industry. But in Sant'Agata Bolognese, this advanced technology has been a household word for more than 30 years. In our two research centers, designers are developing innovative construction and production methods on a daily basis, with the constant goal of reducing the weight of the vehicle and, as a result, of improving its performance, even if this means performing an endless number of complex experiments. Because each single gram is important for reaching our goal. In addition to the steering wheel, center console, dashboard, handbrake and storage compartment, the elements in carbon fiber also include the left and right kickplates, the left and right door handles, and others. Kits are also available in Nero Piano and Leather.

CUSTOMIZED STEERING WHEEL:

Before your hands held your Lamborghini's steering wheel, it was caressed by others: the hands that crafted it. Lamborghini steering wheels are covered and sewn by the expert artisans in our upholstery department, in the colors you desire. So your fingertips will feel not only the quality of the material, but also the passion that goes into every stitch.
