

ACCESSORI ORIGINALI
AUTOMOBILI LAMBORGHINI
USABILITY

**WE'RE ITALIAN.
OUR PASSION IS BOUNDLESS
AND KNOWS NO COMPROMISE.**

This is true for every Lamborghini, and for each and every detail. If you love your Lamborghini as much as we do, show it.

USABILITY

A LAMBORGHINI DRIVER HAS GASOLINE RUNNING THROUGH HIS VEINS, AND GREAT PASSION IN HIS HEART.

Lamborghinis are tested even under extreme weather conditions in Nordic countries, where they're pushed to the limit to ensure that they offer excellent performance in any situation.

Before it is delivered, each car is given a final test over the roads around Sant'Agata Bolognese. When all parameters are exactly where they should be and driving pleasure is absolutely pure and unspoiled, then - and only then - can the car be called a "Lamborghini" and delivered to the customer.

PIQUADRO LUGGAGE KIT

These custom-made leather bags fit perfectly into the luggage compartment or into the space behind the seats.

CONVENIENCE NETS
Gallardo

◀ **HARD TOP BAG**

Protect and store your Lamborghini's Hard Top with the same style that distinguishes every car made in Sant'Agata Bolognese. Carbon fiber, precious leather and hi-tech fabrics will envelop your Hard Top so you can store it in your garage, house or wherever it's most convenient.

◀ CRUISE CONTROL

Electronic system that automatically controls the speed of your Lamborghini.

Huracán

LIFTING SYSTEM KIT

The Lifting System is operated simply by pressing a button. It raises the front axle of the vehicle to allow it to pass over obstacles more easily.
Gallardo

HEATED OUTSIDE REAR-VIEW MIRRORS

Software for operating the heated outside rear-view mirrors.

Gallardo

PARKING SENSORS

Lamborghini parking sensors are highly precise and, thanks to an audible signal, enable you to park smoothly even in the tightest spaces.

Gallardo

WINTER TIRES

A greater number of inclined internal grooves increases lateral grip and reduces noise. External longitudinal grooves significantly reduce the risk of aquaplaning. The contact area has been increased, even on rough roads. All this translates into balanced high performance, excellent braking and traction in any wintry conditions.

Huracán | Aventador
Gallardo | Murciélago

STANDARD TIRES

A highly stiff sidewall results in excellent steering response, while the three ribs at the center of the tread provide constant contact with the road and short braking times. The technical characteristics of these tires offer a compromise between braking and drivability, both during regular driving and when the vehicle is driven in a fast, sporty way.

Available in 19" - 20" and 20" - 21" versions for the Aventador.

Gallardo | Murciélago

▶ MARKED TIRES

Gli Tires that have been type-approved and marked by Lamborghini are the result of close technical and developmental cooperation with Pirelli. These tires are perfect for the vehicles for which they were developed. Marked tires on your Lamborghini provide the highest performance, best drivability and excellent safety on both road and track. They can be identified by the L mark on the sidewall. These are the only tires that are specifically designed to increase your car's performance and provide you with a unique driving experience.
