

FORESTER

BY FOREST RIVER

A Berkshire Hathaway company.

Tasteful design, combined with a unique combination of style, value and preferred amenities make travel in the Forester comfortable and loads of fun. Forester's unique split level design provides maximum headroom in the living area, while still offering pass-through storage on every floorplan. Plus, all Foresters are "Certified Green" by TRA Certification.

Control RV systems, access how-to videos, get product information and RV resources via an easy to use wireless touch screen with "My RV", the smart phone remote monitor system.

Shown in Chestnut Decor with optional Rustic Cherry cabinetry

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, occupants, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GCWR (Gross Combined Weight Rating) - is the maximum permissible loaded weight of your motor home and any towed trailer or towed vehicle. Actual GCWR of this vehicle may be limited by the sum of the GVWR and the installed hitch receiver maximum capacity rating; see hitch rating label for detail.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by each axle.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s), including full fuel, all fluids and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, passengers, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs. per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

*Estimated Average based on standard build optional equipment. ** Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit. Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

Vacuum-Bond Laminated Floor System

14. Fiberglass Bottom Board
15. Block Foam Insulation
16. Seamless Floor Decking
17. Beauflor Flooring (In Some Areas)
18. Aluminum Framing

**LARGE WINDOWS WITH
BLACK-OUT ROLLER SHADES**
Large panoramic windows for plenty of fresh air and natural light.

USB CHARGING STATION
12V 4-port USB charging station (Living room/bedroom)

MEMORY FOAM
Memory foam mattress will ensure a good nights sleep.

FIBERGLASS ROOF
Durable, easy to clean (R-18) crowned fiberglass sheds water and doesn't cause black streaks like a rubber roof.

LED LIGHTING
LED lights generate almost no heat compared to incandescent lights and use substantially less power.

FULLY DUCTED AIR
All floorplans are ducted for better air flow throughout the coach and front cabover.

**HEATED AND ENCLOSED
HOLDING TANKS**
The Forester features a heated and enclosed utility station. Your tanks and valves are protected using warm air from the furnace. (N/A 2250 SLE, MBS and Transit Series)

beauflor

BEAUFLOR FLOORING

A better grade of flooring that's slip resistant even in wet conditions and highly resistant to tears. Unlike vinyl floors with paper backing, our backing remains stable in extreme hot or cold and is backed by a seven-year cold crack warranty.

RESIDENTIAL STYLE CABINETRY
Forester is appointed with ball bearing drawer glides and rich hardwood cabinetry.

ENCLOSED BATTERIES
Two batteries in a single housing for easy access. (One battery LE and Transit)

KING JACK ANTENNA
This HD digitally amplified antenna enhances reception.

WATER FILTRATION

This compact unit filters water for the entire coach, eliminating those unwanted contaminants and odors, ensuring safe drinking water for you and your family. (N/A LE Series)

SEAMLESS FRONT CAP
For enhanced aerodynamics

WASTE MASTER SEWAGE MANAGEMENT SYSTEM
Rugged for quick, easy and sanitary disposal of waste. (N/A LE and Transit)

SOLAR PREP

OUTSIDE SPEAKERS

WHOLE HOUSE ENTERTAINMENT
This multimedia system features AM/FM/DVD, Bluetooth, plus outside speaker control.

INTEGRATED STEP
Forester's entry step is integrated into the sidewall. No more slippery, or damaged power steps.

OPTIONAL CAB OVER BUNK SAFETY NET
The overhead bunk is rated for 500 lbs.

POWER AWNING WITH LED STRIP
Extend and retract your awning with the push of a button. Both arms are adjustable to get just the right angle.

Pioneer IN-DASH STEREO SYSTEM
Pairs up with your smart phone to access GPS and other applications. (N/A on Transit or LE Series)

WINTERIZING TUBE
Easy access for quick maintenance includes bypass valve.

MAXX AIR FAN
Recirculates air throughout the entire coach.

7,500 LB. TOW CAPACITY
Ford E450 only (N/A on LE Series)

CHARGE WIZARD

Progressive Dynamics patented 4-stage Charge Wizard® converter system can increase battery life by 2 to 3 times or more. It constantly monitors voltage and usage then selects one of four operating modes to properly charge and maintain the battery. Boost, Normal, Storage and Equalization.

ATWOOD WATER HEATER

ATWOOD WATER HEATER
Atwood 18 GPH water heaters (6 gallon tank) out perform traditional 10 and 12 gallon tank water heaters. They're also 50% lighter and have no anode rod to replace.

TRADITIONAL WATER HEATER

FIRESTONE RIDE-RITE
Adjustable air springs provide an improved ride and a better way to balance loads. (N/A LE or MBS Series)

360° siphon

This holding tank vent cap eliminates odors and gases from the holding tanks and exhausts them out the roof, without the use of costly chemicals.

FORESTER VS. THE COMPETITION

STAINLESS STEEL APPLIANCES

FORESTER
2" Wall with Block Foam and Superlite (R-10)

SUPER LITE WALLS
All models use SuperLite composite instead of a wood substrate on the sidewalls. It is lightweight, formaldehyde free and is not affected by moisture.

COMPETITION
1.5" Wall with Luan (R-6)

LE Series shown in Chestnut decor. Only available with Weathered Teak cabinetry.
