Purchase or Lease

If you anticipate keeping your vehicle for more than five years, you should consider traditional financing. To lower costs, you can get started with a low down payment and structure your loan over a longer term.

If you prefer more flexibility, leasing may be for you.
Leasing is about options.
Choose the length of your lease term, purchase your vehicle at lease end or turn it in for something new. It's up to you.
Leasing is also a great way to get into a new or Certified Pre-Owned Acura with lower up-front costs and lower monthly payments.

When you lease an Acura through Acura Financial Services, you can also enjoy Acura Loyalty Advantage, an exclusive benefit that gives you flexibility should you drive over or under your contracted lease miles.
