

Innovation that excites

2014
ROGUE®

NISSAN ROGUE®

Wouldn't it be cool if your car could put a smile on your face, confidence in your hands and goose bumps all over? Here are just a few ways Rogue® gives you an unforgettable drive.

6.0 L/100 km (47 MPG) highway.

Rogue®'s fuel-sipping efficiency gets you 916 km on a tank.¹ Bring snacks – you could get pretty hungry between stops.

Blind Spot Warning.

Changing lanes? With this advanced system, it's like having an extra pair of eyes looking out for you.²

Divide-N-Hide.³

From bikes to bird cages, adjustable and versatile sliding shelves let you configure Rogue®'s cargo area to perfectly fit your needs.³

Looking for more? Visit Rogue® on Facebook® or Twitter® to see what owners have to say. Find walkarounds, product demos and more on YouTube®.

And follow Nissan on:

WHAT IF_

YOU WERE A WAKE UP CALL FOR THE STREETS?

Welcome to the crossover, double-espresso style. With knockout style and aerodynamic smarts. Best in class front head room and unmatched flexibility for carrying gear.¹ Smart technology like an Around View[®] Monitor and Blind Spot Warning, and NissanConnect[™] that knows you as well as your smartphone.^{2, 3, 4} And the drive? Available intuitive All-Wheel Drive to tackle the tough stuff, and confidence-inspiring dynamic technologies to make every drive better. The all-new 2014 Nissan Rogue[®]. Invigorating. Inviting. And always innovative.

¹Based on AIAMC segmentation. MY14 Rogue[®] (without moonroof) vs. 2013 Compact SUV vehicles (without moonroof) sourced from Autodata on 10-02-2013. ²Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings before moving vehicle. ³The Blind Spot Warning System is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ⁴Late availability. Driving is serious business. Only use NissanConnect[™] services when safe to do so. Subscription Agreement required. Compatible smartphone required. Not all app features are available for all models. Some apps have late availability. May require dealer service visit or software upgrade to activate. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. Cellular network not available in all areas. Cellular network, apps, and services, including Google[®] services, are provided by independent companies not within Nissan's control and may require subscription and owner consent to activate. Should provider terminate/restrict service, service may be terminated without notice or liability to Nissan and/or its agents. Nissan not responsible for any equipment or app replacement/upgrades, or associated costs, that may be required for continued operation. Terms and conditions of Subscription Agreement apply. 36-month trial period starts on vehicle sale date; subsequently a paid subscription is required at the then current rate. Standard text rates and/or data usage may apply. See retailer and check Nissan.ca/NissanConnect for details.

Nissan Rogue[®] SL shown in Moonlight White with Premium Package.

Create some best-in-class envy. Go ahead and demand more. Rogue® delivers, with best-in-class front head room and the supreme comfort of fatigue-reducing zero-gravity front seats.¹ There's a 2nd row that slides and reclines,^{2,3} so you can adjust for max leg room, more cargo space, or anywhere in between. And with tasteful touches like an available Power Panoramic Moonroof, available double-stitched leather-appointed seats and LED interior lighting, this is one natural, relaxed, and decidedly upscale environment.

¹Based on AIAMC segmentation. MY14 Rogue® (without moonroof) vs. 2013 Compact SUV vehicles (without moonroof) sourced from Autodata on 10-02-2013. ²Slide forward function should not be performed with the Child Restraint System occupied. ³Passengers should not ride in the reclined position while the vehicle is in motion.

Nissan Rogue® SL shown in Almond Leather with Premium Package. U.S. model shown.

YOU'VE GOT AN ALL-ACCESS PASS.

Power Liftgate and 77° Rear Opening Doors. Whether it's kid seats or kayaks, Rogue® gives you easy access with rear doors that swing, and an available power liftgate that opens by a tap of a liftgate button, your Nissan Intelligent Key® or a switch located near the driver.

U.S. model shown.

Recline and Slide 2nd Row. This 2nd row is truly first class, thanks to Rogue®'s EZ Flex™ Seating System. The seat slides forward for easy access and adjusts to give you a little more cargo space, stretch-out leg room, or anywhere in between. The seats also recline, so you can get exceptionally comfortable.^{1,2}

Available 3rd Row. Perfect when you need to transport the team or bring extra friends along. Rogue®'s 50/50 split folding 3rd-row seat gives you added flexibility carrying passengers and their gear, and folds down to make a flat cargo floor for maximum carrying space.

¹Slide forward function should not be performed with the Child Restraint System occupied. ²Passengers should not ride in the reclined position while the vehicle is in motion. Cargo shown for display purposes only. Nissan recommends that all loose items be secured when transported. Cargo and load capacity limited by weight and distribution.

KEEP AN OPEN HATCH AND AN OPEN MIND.

Room for craft and crew. With room for an object up to eight feet long, Rogue® gives you possibilities you never knew you had. And with a clever folding rear seat pass-through, there's plenty of room to bring friends along.

1982 LITRES
(70.0 CU. FT.)

You, a passenger and lots of cargo.

1112 LITRES
(39.3 CU. FT.)

Five of you and your gear.

DIVIDE-N-HIDE®

Single-handedly reinventing capability, the Divide-N-Hide® Cargo System lets you adapt in a snap. An adjustable set of shelves and dividers gives you up to 18 configurations, and it's so easy, you can do it one-handed.

Under wraps. Create a tall covered area that keeps valuables out of sight, and creates a shelf on top.

The layered look. Create an open space for storage underneath, and a handy shelf to keep other items separate and within easy reach.

Secret spot. A long, flat floor with under-floor storage for those big items and the ones you want to hide.

The lowdown. Lower your floor for added height to fit those tall items.

Chill out while you warm your buns. Inspired design, a great audio system, available leather – Rogue®'s a nice place to be. And with details like available Quick Comfort® heated front seats that focus on key areas to warm you up as soon as possible, it's toasty too. There's even available Dual Zone Automatic Temperature Control (ATC) and a power passenger seat so your co-pilot can have things just the way they like it. Because who wants things to get frosty between you on a long drive?

Advanced Drive-Assist® Display. From trip computer to turn-by-turn directions, the Advanced Drive-Assist® Display serves up info right in front of you – helping to minimize time looking away.^{1, 2}

iPOD³ **TIRE PRESSURE MONITORING SYSTEM**^{1,4} **DRIVING AIDS**^{5,6,7} **TURN-BY-TURN NAVIGATION**^{2,8}

¹Driving is serious business and requires your full attention. Even with Advanced Drive-Assist® Display, only use car features displayed on Advanced Drive-Assist® Display when safe. ²Information displayed is dependent on how vehicle is equipped. ³Always give your full attention to driving. Avoid operating your iPod® in such a way that you can be distracted during vehicle operation. See dealer for details. iPod® is a registered trademark of Apple, Inc. All rights reserved. iPod® not included. ⁴Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. ⁵The Blind Spot Warning System is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ⁶Lane Departure Warning System operates only when the lane markings are clearly visible on the road. Speed limitations apply. See Owner's Manual for details. ⁷AVM with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁸Factory-installed option. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations.

Nissan Rogue® SL shown in Charcoal Leather with Premium Package. U.S. instrumentation shown.

NISSANCONNECT™

INNOVATION THAT KEEPS YOUR WORLD WITHIN REACH.

NissanConnect™ is smart technology that keeps your world within reach. And with NissanConnect™ Apps, your Rogue® becomes your smartphone's best friend. Music, information and the apps that keep you connected to your world all work seamlessly together through Rogue®'s audio system. And it keeps on getting better: the app alerts you with updates to the latest version, and the basic app package is free for the first three years.¹

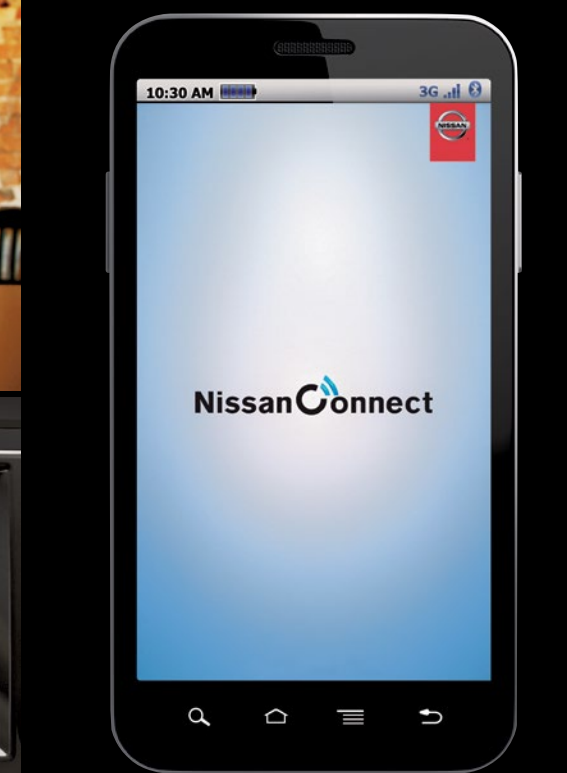

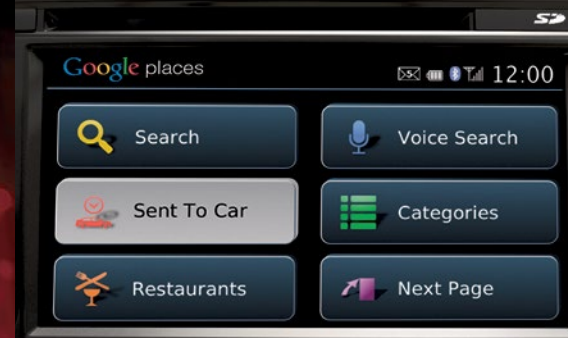

NissanConnect™ Apps: for the music you love! Imagine the choices you have with TuneIn™ Radio, Stitcher®, Slacker® and more. And it couldn't be easier – download the app, and depending on your smartphone, you can stream the music wirelessly via Bluetooth® or use Rogue®'s iPod®/USB input.^{2,3} You can find out how to download the app and about smartphone compatibility at www.Nissan.ca/NissanConnect.

NissanConnect™ Apps: everything that matters at your fingertips.¹ You're wired to your world with NissanConnect™ Apps. Rogue® lets you safely keep track of Facebook® and more. And thanks to Rogue®'s available navigation system and NissanConnect™'s compatibility with location-based services including Online Search powered by Google® and Yelp®, getting around has never been easier.^{4,5,6} (Go to the Owners section of www.Nissan.ca/NissanConnect for details on downloading the app, smartphone compatibility and late availability of certain apps.)

More than just apps, NissanConnect™ keeps you in the loop with:

- Nissan Navigation System – with voice recognition featuring one-shot destination entry and SiriusXM® Traffic^{4,5}
- iPod®/USB input – search for a tune with enhanced voice recognition³
- Streaming audio via Bluetooth®²
- Hands-free text-messaging assistant⁷

¹Late availability. Driving is serious business. Only use NissanConnect™ services when safe to do so. Subscription Agreement required. Compatible smartphone required. Not all app features are available for all models. Some apps have late availability. May require dealer service visit or software upgrade to activate. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. Cellular network not available in all areas. Cellular network, apps, and services, including Google® services, are provided by independent companies not within Nissan's control and may require subscription and owner consent to activate. MAKING EVERY PART OF YOUR DRIVE BEAUTIFUL.

PURE DRIVE® What if you got excellent fuel economy in a roomy, comfortable crossover that's lots of fun to drive? We got there by developing everything from exterior aerodynamics that whisper through the wind, to an advanced 2.5-litre, 4-cylinder engine, to a virtually gearless Xtronic CVT® transmission that maximizes efficiency and performance. Best of all, Rogue® is just one of a family of PUREDRIVE™ vehicles, reflecting Nissan's commitment to developing more environmentally friendly transportation for all of us.

6.0 L/100 km (47 MPG), so you can breeze past the pump with ease¹

4 Low rolling resistance tires that use less energy to roll, so you use less fuel

.33 Drag coefficient, lets you slip quietly and efficiently through the air
CD

WHETHER IT'S RAIN, SLEET, OR TURN OF ROAD.

Intuitive All-Wheel Drive. It's so responsive, it can adapt to changing conditions 30 times faster than the blink of an eye. Snow, rain-covered pavement or tight turn, the system automatically sends power to the wheels that need it most. Even in ideal conditions, Rogue's available AWD pays big dividends – our passionate engineers also tuned the system for responsive, agile performance. Getting a grip has never been more fun.

New Confidence-inspiring Dynamic Technologies. Whether it's stop-and-go traffic, your favourite on-ramp or even just an annoying speed bump, Rogue uses advanced technology to make every drive feel more comfortable, confident and enjoyable. And that's a beautiful thing.

Active Engine Braking. Whether you're slowing for a corner or coming to a stop, this system uses the CVT transmission to apply engine braking – much like shifting to a lower gear in traditional transmissions – to help give smoother deceleration and a more confident feel when braking.

Active Trace Control. A turn for the better. This innovative technology helps improve control when you take a corner. It reads the cornering situation and, if needed, can brake each wheel individually to help you steer through the turn with confidence.

Active Ride Control. Tired of bumps feeling like a bucking bronco? With Active Ride Control, Rogue can automatically apply braking and adjust engine torque after you hit a bump to smooth out your ride.

NISSAN AROUND VIEW® MONITOR¹
IT'S GOT YOUR BACK.
AND THE REST OF YOU, TOO.

What if parallel parking was easier? A rearview monitor is great when backing up – but when it comes to parking, it's nice to see more than just what's behind you. That's why Rogue® offers the available Around View® Monitor.¹ Four cameras give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.² And since all obstacles aren't stationary (shopping carts, we're talking to you), Moving Object Detection keeps an eye around your Rogue® and can warn you about moving objects in your vicinity.¹

¹AVM with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicles speeds below 5 mph. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ²Virtual composite 360° view.

Forget the tennis ball. In Drive, the display gives you both a front and overhead view, so you can pull all the way into your spot (or garage) – but not too far.

CAMERA

1

CAMERA

4

CAMERA

2

CAMERA

3

Look out below. In Reverse, the display helps you see what's directly behind you, while the overhead view helps with shorter objects otherwise hidden below your window.

Complete the picture. Located under your driver's side mirror, this camera helps round out your virtual 360° bird's-eye view, whether you're in Drive or Reverse.²

Don't scratch your wheels. In Drive or Reverse, you can push the camera button to switch out the overhead for a side view. A great help for seeing how close you are to the curb.

NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

What if you had the confidence you need for every part of your drive? The Nissan Safety Shield® is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies are designed to help monitor conditions. Like a warning to let you know you're straying from your lane, or a system that helps ensure you're travelling on properly inflated tires.

Standard Tire Pressure Monitoring System with Easy-Fill Tire Alert^{1, 2}
Lets you know when a tire is low. And Easy-Fill Tire Alert takes the guesswork out of filling your tires, with a beep of the horn when you've reached the correct pressure.

Available: RearView Monitor,³ Blind Spot Warning,⁴ Lane Departure Warning,⁵ and Around View® Monitor with Moving Object Detection⁶

RESPOND

When you need to hit the brakes hard or manoeuvre around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control: helps you maintain your steered path.⁷

Traction Control System: helps reduce wheelspin in low-traction situations.

Anti-lock Braking System: helps you maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution: sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

Brake Assist: helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

PROTECT

When a collision is unavoidable, Nissan's Zone Body construction helps absorb the impact, while the advanced seat belt and airbag systems help protect passengers.

Nissan Advanced Airbag System with dual-stage supplemental front airbags with seat-belt and occupant-classification sensors⁸

Front seat-mounted side-impact supplemental airbags⁸

Roof-mounted curtain side-impact supplemental airbags⁸

LATCH System (Lower Anchors and Tethers for Children)

6 STANDARD AIRBAGS⁸

GET AWAY WITH JUST A WARNING

Wouldn't it be cool if you could always drive with that proverbial pound of prevention? With Nissan Safety Shield® Technologies, you've got a suite of advanced systems on the lookout for everything from errant shopping carts to intrusive big rigs, ready to give you the heads up when trouble rears its ugly head. And we think that kind of knowledge beats an ounce of cure – every time.

A. Blind Spot Warning. If another vehicle is detected in your blind spot area, an indicator appears in the driver's or front passenger's doors and on the Advanced Drive-Assist® Display. Put your turn signal on, and the indicator flashes with a warning chime to alert you.⁴

B. Lane Departure Warning. If Rogue detects that you're straying from your lane, the Lane Departure Warning system will give both a visual and audible alert. The system is so smart, it's designed to stop the warnings whenever your turn signal is engaged.⁵

C. Moving Object Detection. When the Around View® Monitor is in use and detects something moving by the vehicle, it gives a visual and audible alert.⁶

Scan this with your QR code-reader app to see a short video on how Snug Kids® helps you find the right CRS for your Nissan. Or go to bit.ly/snugkids-EN

snug kids® Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: an industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at Nissan.ca/owners/en.

¹Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. ²Vehicle must be on for Easy-Fill Tire Alert to operate. ³Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁴The Blind Spot Warning System is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ⁵Lane Departure Warning System operates only when the lane markings are clearly visible on the road. Speed limitations apply. See Owner's Manual for details. ⁶AVM with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁷VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ⁸Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated airbags shown for illustration purposes only, actual coverage area may differ. Airbags deflate after deployment.

**NISSAN
GREEN PROGRAM**

Nissan's environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF.™ Improving fuel efficiency through our PUREDRIVE™ measures. And reducing the environmental impact of manufacturing, as seen at our new, energy-efficient, low-emissions paint plant in Tennessee.

¹XM® and SiriusXM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. SiriusXM® Traffic is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 7 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal and Quebec City). Limited flow data is available for Toronto. Subscription sold separately after trial period. All subscriptions subject to customer agreement at siriusxm.ca/terms. All fees and programming subject to change. © 2013 Sirius XM Canada Inc. The Sirius®, XM®, and SiriusXM® names and all related marks and logos are trademarks of Sirius XM Radio Inc.
