TITAN®

NISSAN TITAN®

What if your truck could put a smile on your face, confidence in your hands and goose bumps all over? That would be cool. Here are just a few ways Titan® gives you an unforgettable drive.

Muscle to flex. Titan™'s powerful 5.6-litre V8 lets you bring everything you need along, with up to 9500 lbs (4309 kg) of towing capacity.

Easy access. Nissan was the first to perfect the Wide Open rear door design you find on King Cab®. It makes getting in or loading up a snap.

A revolutionary bed. Titan™'s Utili-track® system changed truck beds forever, giving you a whole new way to lock down your cargo.

Looking for more? Visit Titan® on Facebook® or Twitter® to see what owners have to say. Find walkarounds, product demos and more on YouTube®.

And follow Nissan Canada on:

Innovation that excites

WHAT IF_

EPIC CAME AS STANDARD EQUIPMENT?

Ready to expand your horizons? It's easy in the Nissan Titan.[®] Put your foot down on a powerful standard V8 engine that hits the road with up to 9500 lbs. of towing capacity.¹ Underneath, a fully boxed ladder frame handles just about any job on the list. While Titan[®]'s cabin and bed give you plenty of room. 2014 Nissan Titan.[®] No matter how epic your plans, it's ready.

Nissan Titan[®] PRO-4X[®] King Cab[®] shown in Glacier White.

¹9500 lbs. maximum towing on Titan[®] SV King Cab[®] 4x2. See Nissan Towing Guide and Owner's Manual for proper use.

317^{HP}

385^{LB-FT}
OF TORQUE

9500^{LBS. (4309 KG)}
MAXIMUM
TOWING¹

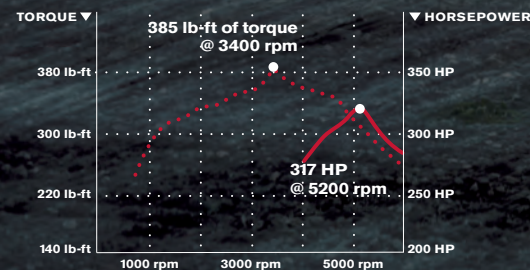

THE FEELING OF REELING IN THE BIG ONE.

It's always a good haul with a massive 5.6-litre V8. Punch the pedal and the exhaust system growls, while 385 lb-ft of torque kicks in to get the job done. Because this is one place where you don't want to hear about the one that got away.

What's power without torque? Especially the brute force of low-rev torque, i.e., 80% under 1000 rpm and 90% under 2500 rpm. Feel confident – Titan's got it.

Give yourself an efficiency boost. The Nissan Titan features a high-flow intake that maximizes every heaping gulp of air. Molybdenum-coated pistons and microfinished valves cut friction, ramp up smoothness and let revs rise faster.

Nissan Titan® SV King Cab® 4x2 shown in Brilliant Silver. U.S. model shown.

Tow to the max. For that full 9500-lb. (4309 kg) pull, the SV King Cab® 4x2¹ boasts a lower final gear ratio, plus features like extendable tow mirrors and a heavy-duty battery.

THE FEELING OF MAKING MOLEHILLS OUT OF MOUNTAINS.

E-locker. When 4-Wheel Drive LO isn't enough for the crawl you've got planned, the available electronic locking rear differential is ready and extremely able. Flip the switch and this ultimate off-road feature delivers equal power to both rear wheels to boost traction and keep your truck moving forward.

4-Wheel Active Brake Limited Slip (ABLS). Keep your wheels from spinning. Titan® includes ABLS, a system that senses when a wheel begins to slip, then automatically brakes the slipping wheel (or wheels) and sends additional power to the wheel (or wheels) with the best traction. (2-wheel ABLS standard on 4x2 models.)

Vehicle Dynamic Control (VDC). When you're on-road – and paths are better defined – traction and control are key. VDC monitors the truck's dynamic response and helps compensate for oversteer or understeer to help keep you on your steered path².

Off-road-tuned Suspension. Take the bumps like a professional. Titan® PRO-4X®'s off-road-tuned suspension includes legendary Rancho® shocks for composure through the ugly stuff.

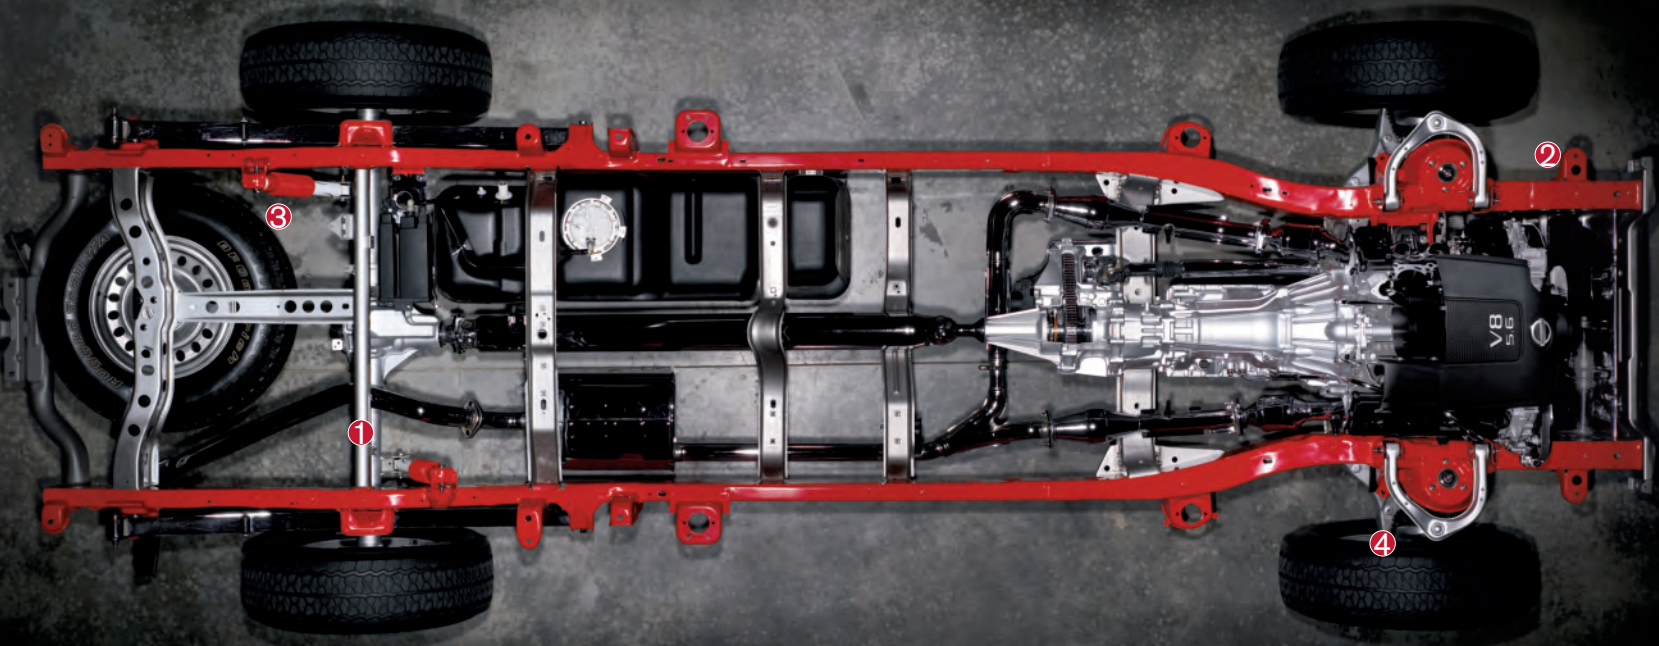

PRO-4X®

For those who like to live off-off-off the beaten path, the only choice is Titan® PRO-4X®. With extras like electronic locking rear differential, Rancho® off-road shocks, additional underbody skid plates – not to mention unique white-faced gauges – it's got the gear, the guts, the technology to handle it in places where success is measured in metres per minute.

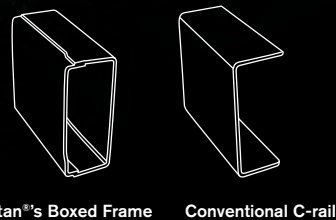

Nissan Titan® PRO-4X® King Cab® 4x4 shown in Cayenne Red. U.S. model shown.

¹9500 lbs. maximum towing on Titan® SV King Cab® 4x2. See Nissan Towing Guide and Owner's Manual for proper use. ²VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. Rancho® is a registered trademark of Tenneco Automotive Operating Company, Inc.

FOUR WALLS ARE STRONGER THAN THREE.

To build a better truck, sometimes you need to think inside the box. As in the fully boxed full-length ladder frame that's at the core of every Titan®. Some of our competitors use 3-sided open "C" rails instead. But you don't need to be a structural engineer to know the obvious – when building, four walls are stronger than three.

At its core, every Titan® stocks a fully boxed ladder frame, plus components built for no-nonsense performance.

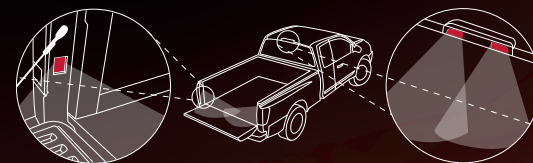

- ① **Dana® axles** are built for durability. Wherever there's a drive wheel, there's a Dana axle.
- ② **Heavy-duty suspension** gives a smooth ride and firm, responsive handling. Double-wishbone up front, and multi-leaf springs in the rear.
- ③ **Rancho® shocks** set the standard for off-road toughness. Just what you'd expect from Titan® (exclusive to PRO-4X®).
- ④ **Beefy brakes** provide maximum contact area for rapid heat dissipation, long-lasting durability and confident towing.

NISSAN UTILI-TRACK®

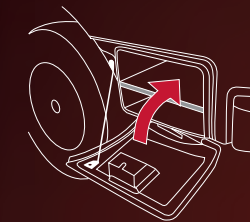

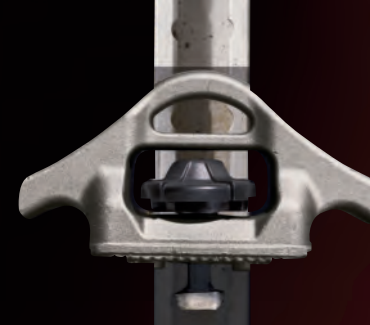

INNOVATION THAT PUTS THE SUBMISSION HOLD ON CARGO.

Nissan's first-in-class Utili-track® cargo-carrying system holds a huge advantage over other trucks.¹ With five channels, including two on the bed floor, not just in the walls and header, you can have your way with cargo. Just position the four beefy aluminum-alloy cleats anywhere along the tracks, strap in your cargo, and put even the most awkward loads on lockdown.²

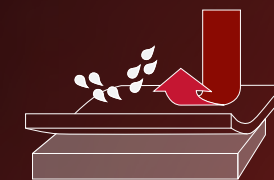

Nissan's revolutionary available Utili-track® system may have been copied by others, but its level of flexibility leads the way among full-size trucks. Combined with Titan's standard spray-on bedliner, and you've got one smart, long-lasting bed to haul what you need, work or play.²

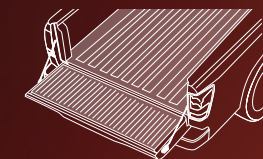

Bed Light and Tailgate Light. Shine a light on innovation. A pair of lights beam down into the bed; two other available task lights near the tailgate help you keep an eye on the job at hand.

Bedside Storage. Another smart feature you'll only find on Titan®: an available driver-side tool box. It's climate-resistant, dual-level, and lockable.

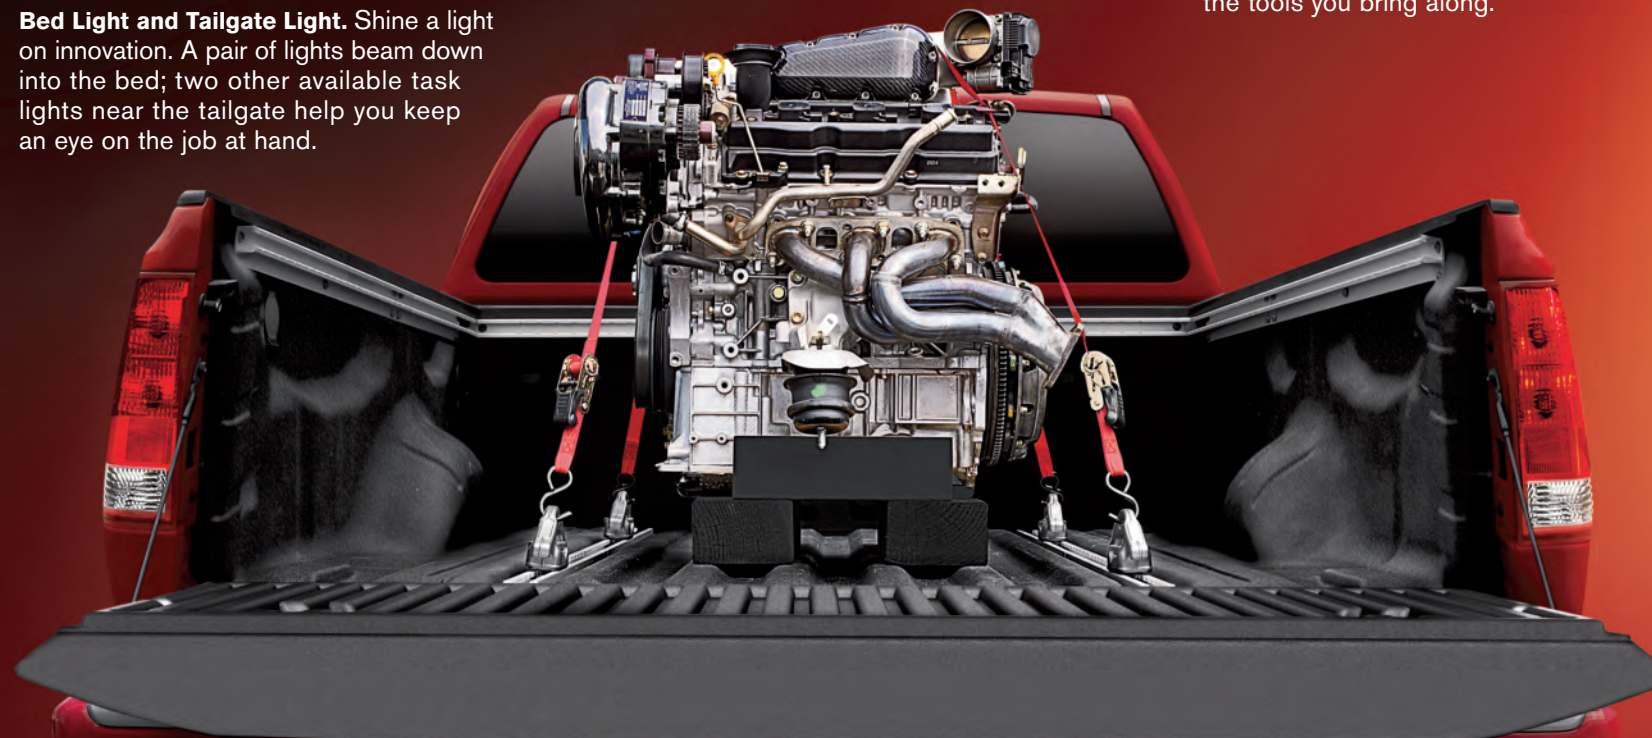

First-in-class Spray-on Bedliner! The spray-on bedliner helps resist the wear and tear of constant use, plus its UV-resistant surface helps guard against fading and the weather. And because it's sprayed on directly at the factory, it also fights warping and rust.

Tailgate Assist. Easy does it. Thanks to an available strut, the tailgate on a Titan® feels lighter and can be opened and closed with only one hand.

120-volt AC Power. Power where you need it. Titan's available 120-V outlet in the driver-side rear corner of the bed is perfect for powering or charging the tools you bring along.

Some components have been chrome-plated or painted for display purposes only. ¹Association of International Automobile Manufacturers of Canada (AIAMC) Large Pickup Segmentation. ²Cargo and load capacity limited by weight and distribution. Always secure all cargo. ®Dana is a registered trademark of Dana Corporaion. ®Rancho is a registered trademark of Tenneco Automotive Operating Company, Inc.

Nissan Titan® PRO-4X® Crew Cab 4x4 shown in Charcoal Leather with PRO-4X® Option Package.

Titan® takes your comfort personally – even if you have to share sometimes. Premium details include an available memory function that locks in the perfect settings for your driver's seat, outside mirrors and power adjustable pedals. Dual Zone Automatic Temperature Control (ATC) that lets you and your front passenger set your own climates. And when the temperature dips outside, available heated front seats warm things up.

Details that work beautifully. When you need to get down to business, fold down the front passenger seat and you've got a convenient writing desk. On models with captain's chairs, the centre console holds a surprise: a handy 120-volt charging point, and a lockable storage area big enough for a laptop or hanging file folders.

RearView Monitor. Titan®'s available RearView Monitor not only helps you see what's behind you, but comes in real handy when you're hitching a trailer.⁶

Available **Bluetooth® Hands-Free Phone System** lets you make and take calls with your hands on the wheel.³

120-volt AC power. An available 120-volt outlet means you can charge your laptop while it's safely concealed in the console.

Available **10-speaker Rockford Fosgate-powered audio system**, including SiriusXM Satellite Radio, makes your tunes sound their best.⁴

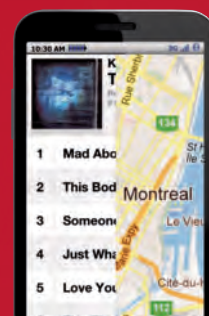

Nissan Titan® SL Crew Cab 4x4 shown in Charcoal Leather. U.S. instrumentation shown.

NISSANCONNECT^{SM1} WITH NAVIGATION²

Bluetooth® audio streaming. Want to let your passengers play DJ? Just connect a Bluetooth®-enabled audio device to stream music wirelessly, from any seat in the cabin.³

SiriusXM Satellite Radio. Looking to expand your taste? With available SiriusXM Satellite Radio, you can explore emerging artists or even rediscover an old favourite. More than 100 stations means there's always plenty to choose from, like commercial-free music, sports, talk radio and more – giving you hours of endless entertainment.⁴

iPod®/USB input. Would you like to be able to listen to your own playlists or podcasts? With the available iPod®/USB input, you can. Plug in your iPod® or other portable MP3 player through the USB port and control it through Titan®'s audio controls.⁵

Nissan Navigation System. Titan®'s available 147-mm (5.8") touch-screen display offers NavTraffic for real-time advisories to keep you on the move. You can even get the latest fuel prices, weather forecasts, and flight status information, right in the display.^{2,4}

Hands-free text messaging assistant. Now you can receive and respond to text messages without ever touching your phone. Have your messages read to you and select from pre-set responses, right in the display.⁷

Points of Interest powered by Google® Find that new restaurant in a snap. Based on the latest information, Google® Points of Interest lets you search for a location, even without knowing the name or category. Once you find it, select it and you're on your way.¹

Google® Send-to-Car. Send an address to your Nissan Navigation System from any computer. When you start the car and connect to the network, the directions will be delivered and loaded into your navigation system. Now, that's cool.^{1,2}

¹POIs powered by Google®, Google® Send-to-Car, Real-Time Weather, Real-Time Fuel Prices, and Real-Time Flight Information may require subscription and owner consent to activate. Service[s] provided by independent companies not within Nissan's control. Should service providers terminate/restrict service, service may be suspended or terminated without notice or liability to Nissan and/or its agents. Nissan not responsible for any equipment replacement or upgrades, or associated costs, that may be required for continued operation due to service changes. Certain remote functions require compatible phone, not included with vehicle. Cellular network provided by independent cellular companies not within Nissan's control. Cellular network not available in all areas. Standard text rates, voice minutes, roaming charges and/or data usage may apply. ²Factory-installed option. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. ³Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. *XM and SiriusXM Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. NavTraffic® is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 7 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal and Quebec City). Limited flow data is available for Toronto. Subscription sold separately after trial period. All subscriptions subject to customer agreement at siriusxm.ca/terms. All fees and programming subject to change. © 2013 Sirius XM Canada Inc. The Sirius, XM,

and SiriusXM names and all related marks and logos are trademarks of Sirius XM Radio Inc. Do not operate any devices connected to the USB or auxiliary audio input jack while driving. ⁶Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁷Use the text messaging feature after stopping your vehicle in a safe location. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Google® is a registered trademark of Google Inc. iPod® is a registered trademark of Apple, Inc. All rights reserved. iPod not included.

GO WIDE – KING CAB®.

The Wide Open rear doors on Titan® King Cab® make entering or loading the cabin a snap. Other trucks out there may have imitated the design, but Nissan was the first to perfect the Wide Open door. And with no B-pillar to get in the way, plus a fold-up rear bench seat, your cargo flexibility is as wide open as your doors.

- Two available seating configurations:
6-passenger with front bench seat or 5-passenger with front captain's chairs
- Standard rear fold-up bench seat and a flat loading floor for more usable area

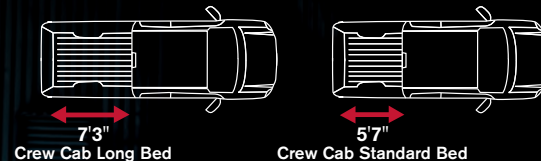

Nissan Titan® SV King Cab® 4x2 shown in Gun Metallic. U.S. model shown.

GO LONG – CREW CAB.

As in the longest Crew Cab bed in its class.¹ Plenty of room for whatever you need to bring along – work or play. While inside the massive cabin, you'll find more head room than Toyota Tundra, more front leg room than Chevy Silverado or Ford F-150 and bigger overall passenger volume vs. Ram 1500 Crew Cab.²

- 5-passenger seating with front captain's chairs
- Huge interior with 3557 L (126 cu. ft.) of passenger room
- Two available bed lengths:

Nissan Titan® SV Crew Cab 4x4 shown in Brilliant Silver. U.S. model shown.

CHOOSE YOUR TRIM LEVEL

S KING CAB® CREW CAB

GENUINE NISSAN ACCESSORIES

Every Genuine Nissan Accessory is: custom-fit, custom-designed and durability-tested; backed by Nissan's 3 year/60,000 km Accessories limited warranty; and can be financed when installed by dealer at time of purchase.²

A. Sliding Bed Extender

Perfect for the long haul.

B. Sliding Tool Box

Slide it forward when you're on the move. Slide it back for easy access on the job.

C. Side-window Deflectors

Enjoy fresh air with less wind noise.

D. Hood Deflector

Bugs and road grime won't bug you.

Additional Accessories:

- All-season Floor Mats
- Torza Top Tonneau Cover
- Moonroof Wind Deflector
- Step Rails
- Retractable Rear Bumper Step
- Chrome Taillight Guard
- Telescoping Mirrors
- Bed Rails
- Chrome Wheels
- Bed Tent
- And More

See your Nissan dealer for details, or go to accessories.nissan.ca

BUYING AND OWNING

Finance Options Through Nissan Canada Finance, we offer many attractive purchase and lease programs, all with competitive rates and terms. With our flexible finance options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty Every 2014 Nissan is covered by a 3 year/60,000 km³ Comprehensive New Vehicle Warranty, a 5 year/100,000 km³ Powertrain Warranty, an 8 year/130,000 km³ Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you'll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Added Security Plan (ASP) For ultimate peace of mind, consider the Nissan Added Security Plan. It's our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

²See your Nissan Dealership and read the actual limited warranty. ³Whichever occurs first.

Security+Plus™ Prepaid Maintenance Plan The smart choice when it comes to maintaining your new Nissan. Honoured at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there's no worrying about price increases on parts or service in the future. A variety of plans are available. Ask your Dealer for details.

Nissan's environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF™. Improving fuel efficiency through our PUREDRIVE™ measures. And reducing the environmental impact of manufacturing, as seen at our new, energy-efficient, low-emissions paint plant in Tennessee.

The Nissan Safety Shield®. Over 50 standard safety features, including six standard airbags and front-seat Active Head Restraints. All with one goal in mind: to help you and your loved ones be safe.

Six standard airbags. Start with dual-stage supplemental front airbags, including an occupant-classification sensor. If the front-passenger seat is empty, for example, the sensor deactivates that airbag. Built into the front seats are seat-mounted side-impact supplemental airbags. They even move with you when you adjust your preferred seating position. Up above are roof-mounted curtain supplemental airbags for both rows. They work to help provide enhanced head protection for outboard occupants.³

Ready with a rollover sensor. In the unlikely event of a rollover, Titan® has already thought ahead. Every Titan® has a sensor that detects an impending rollover, then deploys the curtain airbags to help protect you.

¹4x4 only. ²XM and SiriusXM Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. NavTraffic® is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 7 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal and Quebec City). Limited flow data is available for Toronto. Subscription sold separately after trial period. All subscriptions subject to customer agreement at siriusxm.ca/terms. All fees and programming subject to change. © 2013 Sirius XM Canada Inc. The Sirius, XM, and SiriusXM names and all related marks and logos are trademarks of Sirius XM Radio Inc. All other trademarks are the property of their respective owners. ³Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated airbags shown for illustration purposes only. Actual coverage area may differ. Airbags deflate after deployment. The Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence.
