

AUTHENTIC PERFORMANCE™

# MOPAR® Transmission, Transaxle and Differential Rebuild Kits

# DO THE JOB RIGHT... RIGHT OUT OF THE BOX

## Mopar® Launches Transmission, Transaxle and Differential Rebuild Kits

Replace or rebuild? That's a question you're often faced with when it comes time for transmission service. In some cases, rebuilding may be the more cost-effective route to go for your Chrysler, Jeep® or Dodge customers. That's why Mopar® is now offering O.E. Transmission, Transaxle and Differential Rebuild Kits.

You know the importance of keeping your customers satisfied and reducing customer comebacks. But you also know it's important to turn jobs as quickly as possible to maximize your profits. When you use Mopar® rebuild kits, you accomplish both goals:

- Each kit features 100% authentic Mopar parts and components.
  - Everything you need is in one box. Order using just one part number and get the job done quickly and conveniently.
- Here's the low down on Mopar's new Transmission, Transaxle and Differential Rebuild kits:
- Automatic Transmission **Overhaul Kits** contain all the necessary gasket and seal kits, filters, converter bolts, pump bolts, check balls, pistons, snap ring and more. **Banner Kits** include everything in the Overhaul Kits plus friction. And **Master Kits** include all the parts in the Banner Kit plus steel.
  - Three Manual Transmission Kits are available: **Overhaul**, **Overhaul Plus with Needles**, and a **Master Rebuild Kit with Needles and Synchronizer Rings**.
  - Mopar **Differential Rebuild Kits** contain all tapered bearings, inner and outer pinion seals, nuts and washers, all shims, sealant and gear marking compound with brush, ring gear bolts, Loctite® and cover gasket.

- An innovative packaging process means all Mopar rebuild kits are protected from rust and the elements.

### Shift to a Higher Level of Quality

Your local Chrysler, Jeep or Dodge dealer has the Mopar Transmission, Transaxle or Differential Rebuild Kits you need to get your customers back on the road. Contact your dealer today.

Mopar Power Service Centers—the quick and convenient new way to order Mopar Transmission, Transaxle and Differential Rebuild Kits.

For more information on Mopar Power Service Centers, call Tracy Industries at 888-637-3626 or call your local Chrysler, Jeep® or Dodge dealer.
