RUNNING BOARDS

WITH AN ELEGANT DESIGN, THESE ALUMINUM PROFILE RUNNING BOARDS MOUNT ON THE SIDE OF THE VEHICLE BELOW THE DOORS, PROTECTING THE DOOR SILLS AND GREATLY ENHANCING THE ENTIRE APPEARANCE OF THE XC90.

PRODUCT FEATURES

- Installed along each side, beneath the doors
- Protects the sills from impact during rough driving
- Provides assistance when getting in and out of the car
- Offers a more comfortable working position when loading gear on the roof
- Anti-slip grooves help provide sure footing
- Can withstand a loading of 660 lbs (300 kg)

Note: Front Mud Flaps should be used to prevent road debris from damaging the Running Board.

Shown with optional Side Décor Kit.
