POWERFUL
FREEDOM WILL
TAKE YOU FAR.

2.0L DOHC 16V DUAL VARIABLE VALVE TIMING (VVT) I-4 ENGINE: The standard 2.0L DOHC 16V dual VVT I-4 engine mated with the five-speed manual transmission delivers an outstanding 4x2 EPA-estimated 30 mpg on highways and 23 mpg* in the city, and shows off with 158 hp and 141 lb-ft of torque. It can also be paired with the available Continuously Variable Automatic Transaxle (CVT2). With numbers like these, you have the freedom to extend the adventure and travel more than 400 miles on a full tank of gas!†

EPA-estimated
30 HWY
MPG*

2.4L DOHC 16V DUAL VVT I-4 ENGINE: This available engine also pairs with the five-speed manual transmission for a brilliant mix of an EPA-estimated 4x4 fuel economy of 22 city/27 highway mpg‡ with 172 hp and 165 lb-ft of torque. Also available with six-speed automatic transaxle and the Continuously Variable Automatic Transaxle II Low (CVT2L).

*Based on 2016 EPA-estimated 23 city/30 hwy mpg when equipped with a 2.0L engine and five-speed manual transmission, 4x2. Actual mileage may vary. †Equipped with 13.5-gallon tank. ‡Based on 2016 EPA-estimated 22 city/27 hwy mpg when equipped with the 2.4L engine and five-speed manual transmission, 4x4. Actual mileage may vary.

SIX-SPEED AUTOMATIC TRANSMISSION WITH AUTOSTICK: Enjoy a smooth ride regardless of whether you're traveling over road or trail. This available six-speed PowerTech automatic transmission has a low first gear for quicker takeoffs and a tall top gear for relaxed highway cruising. A stepped shift schedule across all six gears is designed for optimal city fuel efficiency. The fact that the transmission fluid's fill-for-life design helps reduce maintenance costs just adds to the pride of ownership.

CONTINUOUSLY VARIABLE TRANSAXLE II (CVT2): The available CVT2 automatic transaxle with AutoStick uses a 30-mm high-strength multilayer steel drive belt and two active V-pulleys to vary vehicle speed, resulting in an easy-gliding, quiet ride. The AutoStick shifter puts optimal vehicle performance under your command — a driver-interactive manual control with six simulated stepped-gear ratios. The available CVT2L system found on the Freedom Drive II® Off-Road Group boasts a low range that provides the torque multiplication needed for water fording,¹⁰ steep grades and crawling slowly in off-road conditions. Includes an Off-Road mode that delivers an off-road-capable 19:1 crawl ratio and Hill Descent Control.

SEE ALL OF
THE WORLD WITH
JEEP® PATRIOT.

HILL START ASSIST (HSA) AND HILL DESCENT CONTROL (HDC):

HSA prevents unwanted rolling when starting on an uphill gradient. It holds the vehicle stationary for two seconds after the driver's foot is removed from the brake pedal, allowing time to apply the throttle. Standard on manual transaxle models and included with the available Trail Rated®, Freedom Drive II® Off-Road Group. Available HDC diligently works to help Patriot navigate steep declines at a steady and consistent speed.

FREEDOM DRIVE I FOUR-WHEEL-DRIVE SYSTEM: Active, full-time 4WD capability with LOCK mode, features Electronically Controlled Coupling (ECC), which constantly monitors wheel slippage and transfers torque to the axle that can use it most. In tough conditions, this available system can be locked 50/50 front/rear for added low-speed control.

FREEDOM DRIVE II FOUR-WHEEL-DRIVE SYSTEM: This available system offers Trail Rated chops with full-time 4WD with LOCK mode, Off-Road mode with Hill Descent Control and brake traction control offering a 19:1 crawl ratio. Torque is adjusted on demand for added fuel efficiency. Its all-weather capability expertly handles more difficult off-road situations, as well as deeper snow, mud and up to 19 inches of water.¹⁰

ALL-WEATHER CAPABILITY GROUP: When the weather gets tough, this group gives you the wherewithal to safely get where you're going. Includes tow hooks, engine block heater, all-season floor mats, daytime running headlamps, All-Terrain tires and 17-inch aluminum wheels. Available on 4x4 models.

The badge of honor bestowed only after mastering a series of grueling tests on the toughest of terrain in five distinct categories.

WATER FORDING:¹⁰ Traverse streams up to 19 inches deep with confidence knowing your available Trail Rated Patriot has additional electrical and body seals, plus a high air-intake location. Always inspect all waterways before proceeding, just to make sure there are no unforeseen pitfalls.

TRACTION: The available Trail Rated traction helps you maintain controlled forward motion on snowy back roads and steep sand dunes, and over icy urban bridges.

MANEUVERABILITY: Patriot is born with the athletic ability to navigate narrow gaps and handle emergency situations, while maintaining its integrity on the trails. Precision steering and an optimized wheelbase allow for expert navigation at all times.

ARTICULATION: The suspension system of Patriot enhances off-road performance by maximizing flexibility, axle articulation and wheel travel. If one or more wheels become elevated, Jeep® 4x4 systems help the others stay on the ground to keep you moving.

GROUND CLEARANCE: The available Trail Rated capability on Patriot has optimized approach, departure and breakover angles designed to clear logs, rocks and uneven ground. Undercarriage elements are protected by forged skid plates.

High Altitude interior in Dark Slate Gray.

WELL-APPOINTED WITH
CUBBIES, CUP HOLDERS
AND COMFORT.

INNER SANCTUARY: The stylish interior of Patriot High Altitude includes standard premium features like a leather-wrapped steering wheel with audio and cruise controls, premium leather-seating, six-way power adjustable driver's seat, heated front seats, and an optional Radio 430N with Garmin® Navigation, 28GB hard-drive storage and standard SiriusXM® Satellite Radio, with a 1-year trial subscription.

HEATED FRONT SEATS: These warmed front seats bring welcome comfort on cool days. Both passenger and driver have two selectable settings that provide just the right amount of heat where it really counts. Standard on Sport SE, Latitude and High Altitude models.

REMOTE START: Just press the button on your key fob a few minutes prior to takeoff, from as much as 300 feet away. You're ready to roll with a nicely heated or cooled cabin. Available when equipped with an automatic transmission.

AUTOMATIC TEMPERATURE CONTROL: Preset the desired temperature and airflow is automatically adjusted and dehumidified. An air filtration system helps remove pollen, mold spores and dust. Available on Latitude and High Altitude models.

ILLUMINATED CUP HOLDERS: Glowing lights in the center console help beverages land securely, avoiding messy spills and accidents. Standard on all models.

SUNROOF: Brighten your outlook with the sunroof. Its express open/close feature operates with the touch of a button. A sunshade keeps you cool when temps get hot. Standard on High Altitude models and included with the Sun and Sound Group on Latitude models.

Boston
Boston Acoustics

PREMIUM AUDIO SYSTEM: Tune in to the Premium Sound Group that includes a nine-speaker Boston Acoustics® sound system with subwoofer. Two powerful flip-down liftgate speakers act as a portable sound system. Just open the rear hatch, swing down the speaker unit and set your music free for all to enjoy. Audio controls are conveniently located on the available leather-wrapped steering wheel. Available on Latitude and High Altitude models.

RECLINING REAR SEATS: The standard rear seatbacks not only split 60/40 to accommodate a variety of cargo, but also recline up to 12 degrees for maximum comfort of rear passengers. Reclining seats standard on Latitude and High Altitude models.

BRILLIANTLY VERSATILE: Carry nearly any combination of people and cargo with Patriot's configurable interior. When rear seats are in the upright position, there's a roomy 23 cu ft of cargo space. Fold them down, and you've got 53.5 cu ft to fill with luggage, groceries, toys or tools. Standard on all models.

SMART TECHNOLOGY
THAT'S MASTERFULLY SIMPLE.

THE UCONNECT® SYSTEM BRINGS A RANGE OF COMMUNICATION AND ENTERTAINMENT SERVICES STRAIGHT INTO YOUR VEHICLE, BUNDLED INTO ONE EASY-TO-USE INTERFACE. WITH SO MANY CONVENIENT OPTIONS TO CHOOSE FROM, DISCOVER HOW YOU WOULD LIKE TO CONNECT AT DRIVEUCONNECT.COM

PHONE: Talking on the phone while driving has never been easier — or more responsible. Uconnect Phone is the in-vehicle, voice-activated communication system that allows you to talk on your Bluetooth® compatible phone virtually hands-free.⁴ This clever system is also smart enough to synchronize with your Bluetooth compatible phone's contact list¹¹ — up to 1,000 entries — every time you get into your vehicle.

NAVIGATION: Provides turn-by-turn directions and lane guidance to nearby restaurants, shopping, hospitals or local points of interest. Available.

STANDARD VOICE COMMAND:⁴ It simplifies driving by letting you keep your eyes on the road and your hands on the wheel. Use your voice to select AM/FM radio stations or SiriusXM® Satellite Radio⁵ channels, or make calls.

ENTERTAINMENT: Manage all of your media. You'll have several ways to access audio. Get the sound going via CDs, DVDs, MP3s, remote USB port, audio jack input, hard-disc storage, Voice Command⁴, SiriusXM Satellite Radio⁵ (your first year of service is included) and Bluetooth Streaming Audio.

WEB: Put the power of high-speed Internet in your vehicle with Uconnect Web.⁹ Effortlessly connect any WiFi-enabled device to the Internet at broadband speeds, making your vehicle a mobile hotspot. Passengers can use multiple devices at the same time. There's no need for additional software with this unique Authentic Accessory by Mopar® — it's all wireless. Subscription required. Sold separately.

GARMIN.

GARMIN® NAVIGATION: Head out in the right direction with Garmin, the most recognized name in GPS wayfinding. It features Garmin's intuitive user interface and navigation with lane guidance, bringing the popular handheld experience to a factory in-dash screen. Available.

SiriusXM
TRAVEL LINK

SIRIUSXM TRAVEL LINK:⁵ Access a wealth of information at your fingertips, including national and local weather reports, local gas prices, in-game and final sports scores, weekly movie times, even local ski slope conditions. Subscription is required after 5-year trial service. Available.

ENGINEERED TO GIVE YOU
PEACE OF MIND.

SUPPLEMENTAL FRONT SEAT-MOUNTED SIDE AIR BAGS:¹² Each side has its own sensor to autonomously trigger the air bag¹² on the side where an impact might occur. Standard on all models.

ADVANCED MULTISTAGE FRONT AND SIDE-CURTAIN AIR BAGS:¹² Provide nearly instantaneous occupant protection by matching air bag¹² output to crash severity. Standard on all models.

PARKVIEW® REAR BACK-UP CAMERA:³ Displays an accurate visual reference of what is behind your vehicle when in Reverse. Available on all models.

CHASSIS STRENGTH: Gain exceptional peace of mind with a strong foundation of steel unibody construction. Standard on all models.

POWER HEATED EXTERIOR MIRRORS: This power-adjustable feature helps keep your mirrors snow- and ice-free as you drive. Available on Sport and Sport SE models with the Power Value Group and standard on Latitude and High Altitude models.

TIRE PRESSURE MONITORING SYSTEM: Sensors immediately notify the driver if tire pressure drops below the minimum acceptable level. Display shown is packaged with the Security and Cargo Convenience Group on Latitude and High Altitude models. Warning lamp is standard.

AUTOMATIC HEADLAMPS: See and be seen. These headlamps turn on and off automatically depending on exterior light levels and when the windshield wipers are turned on or off. Available on Sport and Sport SE models with the Power Value Group and standard on Latitude and High Altitude models.

REMOTE KEYLESS ENTRY: Lets you unlock doors and liftgate from up to 66 feet away. If equipped, the illuminated entry system will also turn on. Available on Sport and Sport SE models with the Power Value Group and standard on Latitude and High Altitude models.

ELECTRONIC STABILITY CONTROL (ESC):² An advanced system designed to assist drivers in maintaining control of their vehicle at all times. It integrates the antilock brake system (ABS) with hydraulic Brake Assist, all-speed traction control and Electronic Roll Mitigation (ERM) to constantly monitor driver input against the vehicle's actual course. When needed, the system automatically helps provide braking to the appropriate wheels and reduces engine power when overly sharp steering and/or impending wheel lift is detected. Standard on all models.

4-WHEEL ANTILOCK BRAKE SYSTEM (ABS): This system includes Brake Assist and all-speed traction control to help maintain vehicle control during emergency braking. Standard on all 4x4 models.

FRONT-SEAT ACTIVE HEAD RESTRAINTS:¹³ In the event of a rear-end collision, the head restraints¹³ move forward and upward to decrease the space between the headrest and the occupant's head, thereby helping to reduce the chance of injury. Standard on all models.

JEEP, MASTERCARD®: *Earn 3 points per \$1 on qualifying purchases made at FCA US LLC dealerships, 2 points per \$1 on qualifying travel purchases and 1 point per \$1 on qualifying purchases everywhere else with the new Jeep MasterCard. Points may be redeemed at your local dealership for cash off your new or used vehicle, accessories, parts or service — including your next oil change. Or choose from hundreds of other rewards, including travel, cash back to your account, merchandise or gift cards!¹ For more information or to apply, visit jeepcard.com*

Jeep

JEEP.COM **(800) 925-JEEP**

(1) Based upon latest available competitive information from Ward's Small Cars/Utility segmentation. Jeep vehicle equipped with the optional Freedom Drive II Off-Road Group. (2) No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. (3) Always look before proceeding. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. (4) Requires a mobile phone equipped with the Bluetooth Hand-Free Profile. Visit UconnectPhone.com for system and device compatibility. (5) SiriusXM subscriptions for audio and data services are sold by SiriusXM to follow your trial subscription. If you decide to continue listening after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2343. See the SiriusXM Customer Agreement for complete terms and more information at www.siriusxm.com. All fees and programming subject to change. Your equipment and features for SiriusXM services will vary depending upon the vehicle you select and may be limited in select markets. (6) SiriusXM audio and data services each require a subscription after the trial included with the new vehicle purchase, sold separately or as a package, by SiriusXM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at these-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2343. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. (7) Voice Text Reply and Voice Texting features require a compatible mobile device enabled with Bluetooth Message Access Profile (MAP). iPhone and some other smartphones do not currently support Bluetooth MAP. Visit www.UconnectPhone.com for system and device compatibility. Ensure MAP is ON and incoming message notification is enabled. Vehicle must be registered for Uconnect Access and you must fulfill minimum subscription requirements. Also requires the use of a compatible smartphone that supports text messaging and Bluetooth. Check UconnectPhone.com for device compatibility. (8) WiFi subscription required. Vehicle must be registered with Uconnect Access and fulfill minimum subscription requirements. Vehicle must be properly equipped and in active and usable cellular range for WiFi usage. WiFi HotSpot does not enable direct communication between multiple in-vehicle devices. Factors affecting the performance of WiFi HotSpot include: cellular network, signal strength and quality, time of day, number of channels used by the service provider, type of connection, number of clients using WiFi HotSpot and client device. This feature is not intended for use by the driver while the vehicle is in motion. Always drive safely. (9) Uconnect Web feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully. Subscription required. (10) Do not attempt water fording unless depth is known and consistent with the vehicle's water fording rating in the Owner's Manual. Forwading water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. (11) Phone must support Bluetooth Phone Book Access Profile (PBAP). (12) The Advanced Front Air Bags in this vehicle are certified to the new U.S. federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. (13) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. (14) Complete details, including restrictions, limitations and exclusions, will be available when you become a Cardmember.
