VOLVO

GOTHENBURG & WEST SWEDEN

Sweden's second-largest city and the hometown of Volvo, Gothenburg, pulses with energy. The city has all the cosmopolitan trappings - Michelin-starred restaurants, a homegrown music scene, gracious public spaces - and is reached within a few hours of both Stockholm and Malmö.

The Swedish West Coast stretches from Gothenburg to the border of Norway with contrasting landscapes waiting to be explored. West Sweden offers a fantastic selection of activities for all tastes, all year round; this is where you can eat some of Europe's best seafood, glide past seals in your kayak, stroll around in quaint little fishing villages, visit one of Sweden's most beautiful castles and travel with a classical canal boat. The landscape of West Sweden varies from rocky coastlines with picturesque villages to open fields, vast forests and beautiful lakes, and the region is a delight to tour.

FOOD

DAY 1 (A)

Once you are settled at your hotel, it is time to start exploring **Gothenburg's** culinary scene. The best way to start your visit is to go on the so-called Matvandringen food walk. You will get to see all the important culinary sites in Gothenburg, including the great fish market hall "Feskekörka."

Start your evening with a few cocktails at **Norda Bar & Grill at Clarion Hotel Post**. Their bartender Dosa Ivanov was named the world's best bartender in 2015, so what better place to start? Then head over to Michelin-starred restaurant Sjömagasinet for some seafood.

DAY 2 (B)

After breakfast it is time to indulge in one of the most typical Swedish traditions - a *fika*! At **Café Husaren** in the Haga district in Gothenburg, you will find some of the largest cinnamon buns that you have ever seen. After finishing your plate-sized bun, make sure to discover the rest of the picturesque neighborhood, which is full of quaint shops and cafés. Have dinner at the modern and relaxed restaurant **Mr. P**, where you can enjoy Swedish ingredients with taste influences from all over the world.

Bernstone Fotografi AB

DAY 3 (C)

It is time for an excursion and to learn more about Swedish shellfish! Drive your brand new Volvo up the West Coast to **Smögen**. There you can embark on a seafood safari and catch your own shellfish. (If you come in late September you'll catch the start of the annual lobster season - Swedish lobster is among the finest in the world). Afterwards you will get to cook and eat what you have caught. The day ends with a stroll on the buzzing waterside boardwalk before it is time to head back home.

HISTORY
&
CULTURE

DAY 1 (A)

Once you have checked in to your hotel, it is time to start exploring what **Gothenburg** has to offer. Pay a visit to the Gothenburg City Museum to get an overview of the city's history. Find out why Gothenburg is called the Swedish Amsterdam!

Continue your tour to the *Michelin Green Guide* three-starred attraction **Gothenburg Museum of Art**. The museum houses collections from the 15th century. The museum has a Nordic emphasis, but the collections also contain older Dutch and French art, including important works by Rembrandt, van Gogh, Monet and Picasso, to name a few. You will also find one of the leading collections of Nordic art from the turn of the 19th century.

DAY 2 (B)

Take your Volvo for a short drive to **Gunnebo Castle** and explore the 18th-century castle and its garden. The property has been restored back to the 1700s original footprint - enjoy an organic lunch in their restaurant and then head off to **Marstrand** - a summer resort often referred to as the Yacht Club of Sweden. Check in at **Marstands Havshotell** and enjoy the SPA, a walk and a delicious dinner.

Steampipe Production Studio AB

DAY 3 (C)

Enjoy a lovely breakfast buffé and head out to explore Marstrand. Although the island is most famous for being a popular destination for vacationers, it has a rich history and has been under both Norwegian and Danish rule. Enjoy the quaint town and sunny beaches to the historical monuments such as **Carlsten Fortress** and **Strandverket Art Museum** (not open during the winter season).

SOFT ADVENTURES

DAY 1 (A)

After arriving in beautiful **Gothenburg**, it is time to start experiencing what the city itself has to offer for more adventurous people. The city is very compact and bike-friendly and, therefore, a guided bike tour is the ideal way to get a sense of Gothenburg and all its hidden gems.

After seeing all the major sights in Gothenburg, take your new Volvo for a spin to the park **Slottsskogen** and get a sense of Swedish and Nordic wildlife at the small park zoo. You will have the opportunity to see your first Swedish moose!

Maria Emitslöf/imagebank.sweden.se

DAY 2 (B)

Drive your brand new Volvo to Stenpiren, where you will embark on M/S Walona - the boat that will take you to

the island of **Vinga** in the Gothenburg archipelago (operates July - August). The island is ideal for hiking, swimming, fishing and much more. In the afternoon it is time to go back to Gothenburg and take another look at what the city has to offer. Take a walk down a couple of blocks on the avenue to the harbor where you will find the **Opera House**. On the other side of the harbor you will also find the **Swedish Ship Götheborg**. The ship is the world's largest wooden sailing ship and is a replica of a ship that sank off the Gothenburg coast in the 1700s.

Göran Assner/imagebank.sweden.se

DAY 3 (C)

The West Coast archipelago is known for its beauty, and what better way to experience it than from the water? Venture up north from Gothenburg to the town of **Lysekil** and rent kayaks to explore the breath-taking scenery from the water. You could also try an Oyster & Mussel Tour or stroll around in the beautiful nature reserve **Stångehuvud**. Before heading back, make sure to visit one of the many restaurants offering fresh seafood.

**DESIGN
&
ARCHITECTURE**

DAY 1 (A)

What makes **Gothenburg** special is the mix between old and new. This is especially evident when it comes to the city's architecture. Once you have made yourself at home at your hotel, go for a walk around the city and take a look at the many beautiful buildings. Start in the guest harbor, where you will find the **Gothenburg Opera House**, or take the ferry across the river to **Kuggen** ("cogwheel"), part of Chalmers-Lindholmen Campus, built in 2011. Head west, cross the channel and continue southwest until you find Hagaparken and the beautiful **Haga district**. End your day with dinner at the beautifully decorated Restaurant Atelier at Hotel Pigalle.

Sofia Sabel/imagebank.sweden.se

DAY 2 (B)

Swedish design is known for being stylish with clean lines but still high on functionality, and central Gothenburg is ideal

for design shopping. You will find many good stores in a small area, where everything is within walking distance. Make sure to pay a visit to **Boutique Tinna** on Kungsgatan or **Artilleriet** on Magasinsgatan.

Nicho Södling/imagebank.sweden.se

DAY 3 (C)

It is time to explore what the island of **Tjörn** has to offer in terms of art. Start your day by driving your Volvo to the **Nordic Watercolor Museum** in Skärhamn. The museum has featured world-class art by painters Salvador Dalí and Swedish painter Anders Zorn. Have lunch at the restaurant **Vatten** before heading to your next destination.

Take a short drive to the Pilane Sculpture Park in **Klövedal** (open June - August). When you have arrived you can explore sculptures by some of the world's leading artists, embedded in nature with sheep grazing freely around them. If you have time to spend another night in the area you should do it at Sweden's first floating hotel, **Salt & Sill**.

ROADTRIP

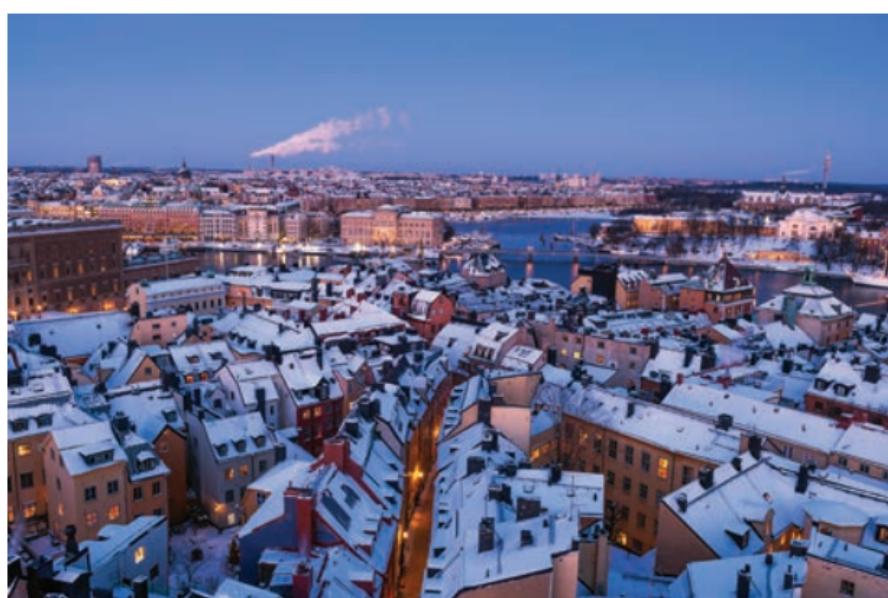

DAY 1 (A)

The first thing you need to do when arriving in **Gothenburg** is to go on a walking city tour. Exploring the city on foot is ideal since all the major sites are within walking distance. Spend the afternoon doing some shopping in the many stores offering everything from vintage bargains to designer brands. Gothenburg is one of the top culinary destinations in Sweden. Enjoy dinner at one of the seven Michelin-starred restaurants or one of the seafood restaurants that make the city so famous.

DAY 2 (B)

It is time for your new Volvo to show what it is made of. Get ready for a five-hour drive to the beautiful capital of Sweden, **Stockholm** - a modern metropolitan city that has something to offer for everyone. Spend the afternoon exploring the **Old Town "Gamla Stan,"** the original city center famous for its cobblestoned streets and cozy cafés and the baroque style **Royal Palace.** For dinner, visit one of the many innovative restaurants in the city that serve modern Nordic cuisine.

Jeppe Wikström

DAY 3 (C)

Begin your day with a visit to the **Vasa Museum**, which displays the world's best preserved 17th-century war ships. The ship sank on its maiden journey and was salvaged in 1961. The museum offers insight into the 17th-century Swedish Empire and the ship itself. After completing your visit to the Vasa Museum, go for a walk around the island of **Djurgården** and soak in the atmosphere. Don't miss **ABBA The Museum.** The music, the clothes, the lyrics, musicals, and videos of ABBA have been gathered here and are on display in a permanent exhibition.

Ola Ericson/imagebank.sweden.se

DAY 4 (D)

After a good night's sleep it is time to get ready for a **14-hour scenic drive** to the world's first **ICEHOTEL**, 100 miles north of the Arctic Circle in the Swedish Lapland. Watch nature change outside your window as you get closer to your destination.

DAY 5 (E)

It is time for one of the highlights on your trip - exploring the hotel and art exhibition made of natural ice and snow from one of Europe's last wild rivers. The walls, floors and ceilings of the ICEHOTEL are the canvases of designers from all creative disciplines. The artists and artwork vary from year to year, each rendition of the hotel presenting an ephemeral collection. The **ICEHOTEL in Jukkasjärvi** is open from December to April and is built from scratch every year. The hotel melts and returns to Mother Nature in spring.

Peter Grant/imagebank.sweden.se

DAY 6 (F)

There are plenty of activities to do in the **Swedish Lapland**. During the winter season you can go skiing in the northernmost part of Sweden, **Riksgränsen**, try a snow mobile tour, go dog sledding, drive your own team of huskies through the pristine landscape, or even go ice fishing. You could also go to the **Aurora Sky Station** in Abisko - the best place on earth to enjoy the Northern Lights. In the summertime there are plenty of opportunities to experience the beautiful nature of Swedish Lapland; go hiking on **Kungsleden**, the "King of Trails" - a 275-mile route through an expansive landscape of birch forests, hidden glaciers, powerful rivers, and the highest mountains in Sweden, go white water rafting, or why not climb the highest mountain of Sweden - **Kebnekaise**?
