

TUNDRA

2014 ACCESSORIES

A UNIQUE VEHICLE UNIQUELY YOURS.

Tundra is many things to many people. Genuine Toyota Accessories give you what you need to make it yours – whether it is off-road, performance, versatility or all of the above, the choice is yours. Plus, Genuine Toyota Accessories deliver the same level of quality, fit and finish that attracted you to the Tundra in the first place.

For more information on all Genuine Toyota Accessories, please visit toyota.com/accessories or contact your Toyota dealer.

EXTERIOR

The 2014 Tundra is a whole new breed of tough – it is work tough, and family tough. With steep approach and departure angles, the Tundra can get you in and out of some pretty tough areas. Genuine Toyota Accessories complete the package whether you're enhancing its versatility or adding to its off-road capabilities.

▲ **BED EXTENDER**

Expand the cargo options of your Tundra with this bed extender:

- Adds almost two feet of cargo length when tailgate is open
- Provides enclosed cargo area to secure smaller items with tailgate closed
- Lightweight, aircraft-grade aluminum tube construction
- Powder coat finish enhances appearance and durability
- Easy to install

BALL MOUNT

Engineering is the key. This Genuine Toyota ball mount¹ is designed specifically for Tundra, while measuring up to Toyota's exacting performance standards:

- Optimized ball placement for precise drop/rise to maintain the optimum vehicle departure angle
- Electro-deposition coating helps protect against corrosion and the environmental factors
- On-road, real world testing ensures the quality and durability of the entire towing system

TRAILER BALL

This Genuine Toyota trailer ball¹ is specifically designed to complete the connection with the Toyota ball mount and tow hitch receiver:

- Available in 2 5/16-in., 2-in. or 1 7/8-in. diameters
- Cold-forged steel construction for superior strength
- Includes built-in wrench flats for ease of installation and torquing

TOW HITCH RECEIVER

Tested and ready for the long haul, Genuine Toyota tow hitch receivers¹ offer:

- Up to 16 connection points to the frame to distribute the towing force, while reducing stress and preserving the integrity of the Tundra
- No-drill hitch and wire harness installation which maintains the structural integrity of the frame
- Extensive on- and off-road testing ensures real world functionality and durability

20-IN. MACHINED STAR 5-SPOKE ALLOY WHEELS

Go big with these eye-catching, no-nonsense 20-in. machined star 5-spoke alloy wheels²:

- Meet Toyota's exacting standards for fit, finish and reliability
- Lighter than comparable steel wheels to reduce unsprung weight, enhancing handling
- Provide proper balance, offset and brake clearance for a perfect fit

7-PIN AND 4-PIN TRAILER CONNECTOR

When you take to the road with your trailer, be sure the connection is a snap with this 7-Pin and 4-Pin Trailer Connector³:

- Powers trailer's taillights, turn and brake lights
- Designed to work with the existing electrical system
- Allows for connection of electronic trailer braking on 7-pin connector (optional, equipment required)
- Simple installation

EXHAUST TIP

Put the finishing touch on your Tundra with a brilliantly polished exhaust tip:

- V6 models: double-wall polished stainless steel construction
- V8 models: single-wall chrome-plated stainless steel with angled end cut and Toyota logo
- Corrosion-resistant finish helps it look great for years to come

20-IN. CARVED 5-SPOKE ALLOY WHEELS

Live large with these 20-in. carved 5-spoke alloy wheels²:

- A distinctive 5-spoke star design in a plus-size wheel upgrade
- Lighter than comparable steel wheels to provide better heat dissipation and greater rigidity, allowing enhanced maneuvering
- Incorporates the proper balance, offset and brake clearance for a perfect fit

SPARE TIRE LOCK

Add an extra layer of security to your spare tire with a precision-machined spare tire lock:

- Constructed of hardened steel with zinc-nickel plating for long-term durability
- Lock is installed on the spare tire lowering screw
- Key attaches to the crank-down tool in the Tundra tool kit

ALLOY WHEEL LOCKS

Alloy wheels are expensive. These super strength wheel locks are designed to help outsmart thieves by using a unique security pattern that requires a special key to unlock:

- Triple nickel chrome plating stands up to the elements and looks great

CARGO DIVIDER

Here's a cool way to corral your cargo – working with Tundra's available deck rail system, this cargo divider³ helps keep cargo from sliding around the bed:

- Allows you to customize the truck bed configuration to your preferences
- Corrosion-resistant, black powder-coated, lightweight aluminum construction
- Tested to withstand loads up to 400 lbs.

CARGO NET – EXTERIOR

Keep cargo in its place with this convenient exterior cargo net³:

- Helps prevent small items from sliding around the cargo bed
- Durable elastic mesh construction is stain-resistant, helping maintain a like-new appearance
- Envelope-style cargo net installs and detaches in seconds and folds flat for easy storage

Also Available: **CARGO TOTE**

PAINT PROTECTION FILM

You might not be able to see it, but the protection is priceless for certain sections of the hood and front fenders:

- Durable, nearly invisible urethane film helps maintain a like-new appearance
- Helps protect paint from sand, stones and other road debris
- Paint protection film is also available at your Toyota dealership for select portions of the front bumper for an additional charge

DECK RAIL SYSTEM

When it comes to carrying cargo, this deck rail system makes your Tundra even more versatile:

- Galvanized steel construction for superior strength
- Durable, corrosion-resistant black powder-coated finish
- Four die-cast aluminum tie-down bed cleats accommodate a maximum load of 880 lbs. (220 lbs. each)
- Bed cleat locators are positioned every four inches along deck rail
- Accommodates a variety of additional accessories to enhance utility

LOCKING FORK BIKE RACK

Bringing your bike along for the ride gets easier when you add a locking fork bike rack³ to your deck rail system:

- Secure your bike in three simple steps: remove the front wheel, position the forks in the skewer, then lock in place
- Custom-designed for the Tundra deck rail system
- Bike can be positioned along the front bed rail

MINI TIE-DOWNS WITH HOOKS

Maximize your Tundra's functionality by adding a set of two fully adjustable mini tie-downs with hooks³:

- Durable nylon construction
- Can be positioned anywhere along Tundra's deck rail system
- Each tie-down is rated for a maximum load of 110 lbs.; hooks are rated for up to 50 lbs.

TIE-DOWN CLEATS

Add a new level of functionality to your Tundra with an additional set of tie-down cleats³:

- Sturdy die-cast aluminum cleats are rated for a maximum load of 220 lbs.
- Cleats can be positioned anywhere along the deck rail system

BED MAT

Keep your truck bed looking like new with this heavy-duty bed mat that's custom-molded for a precise fit:

- Raised ribs run the length of the bed mat to ease loading and unloading
- Pebble texture on bed mat surface helps keep cargo from sliding
- Knobby underside promotes aeration and drainage to help keep truck bed dry
- High-strength, cord-enhanced rubber compound construction
- Resists fading, rusting, cracking or breaking – even in extreme temperatures

SKID RESISTOR™ BEDLINER

Shifting loads can seriously damage a cargo bed – the Skid Resistor™ bedliner provides protection for your Tundra's bed while preventing cargo from sliding:

- Ribbed I-beam floor construction for superior impact resistance
- Thick-ribbed, high-density polyethylene material stands up to scrapes, scuffs and scratches
- Smooth tailgate edge for making loading and unloading easier
- Available for every Tundra bed size and configuration

BRUSHED STAINLESS STEEL STEP BOARDS

Style and function all in one – these brushed stainless steel step boards enhance cab access while adding to Tundra's rugged good looks:

- Styling coordinates with Tundra's rear bumper
- High-quality stainless steel construction for superior corrosion resistance
- Heavy-duty, injection-molded step pads provide a skid-resistant tread surface at each door
- Injection-molded end caps help reduce wind noise and offer a clean appearance
- Helps reduce dirt and stone chipping of lower doors and body

PG 11

TUBE STEPS

Step up your game when you add these tube steps to your Tundra:

- Skid-resistant step pad runs the length of the tube
- High-quality, stainless steel construction for superior corrosion resistance
- Available in chromed stainless steel or painted black stainless steel

INTERIOR

No matter where you roam, Tundra surrounds you with an interior that's practical, comfortable and functional. To that you can add a whole array of Genuine Toyota Accessories – everything from all-weather floor mats to door sill protectors – designed and built to Toyota's exacting quality standards.

PG 12

DOOR SILL PROTECTORS

Keep your Tundra looking good with these door sill protectors that help guard against scuffs and scratches:

- Durable black vinyl construction with Tundra logo molded into the sill
- Skid-resistant surface

CARPET FLOOR MATS

Help keep your original carpet clean and looking like new with these plush, yet rugged, carpet floor mats⁴:

- Custom-fitted to Tundra's interior
- Nibbed underside and quarter-turn fasteners (driver's side) help keep mats in place
- Front mats feature a bold Tundra logo
- High-grade durable nylon carpeting

ALL-WEATHER FLOOR MATS

Encounter rain, snow, mud or dirt? These all-weather floor mats⁴ take on the elements while helping to keep your carpet clean:

- Ribbed channel design helps contain moisture, dirt and debris
- Driver's mat secures with quarter-turn fasteners
- Nibbed backing is designed to help hold the mat in place
- Easy to clean
- 100% recyclable

EMERGENCY ASSISTANCE KIT

This multi-functional emergency assistance kit contains tools and supplies to help handle minor emergency situations and repairs so you can stay on the road.

Contents include:

- Versatile, stainless steel pocket tool with multiple functions including: pliers, wire cutters, and two screw drivers
- Heat-reflective emergency blanket
- Flashlight
- Work gloves with textured palm area to optimize grip
- Automotive-grade hose tape
- Booster/jumper cables with multi-lingual instructions
- Tire gauge
- Bungee cord
- Shop towel
- Tether strap

FIRST AID KIT

Be prepared for life's little emergencies with this handy first aid kit:

- Includes bandages, insect-sting relief pads, scissors, emergency blankets and more
- Soft-sided, water-resistant and flame-retardant black PVC zipper case
- VELCRO® brand mounting strips help the kit remain firmly in place

◀ **RS3200+ VEHICLE SECURITY SYSTEM**

When it comes to security, the RS3200+ vehicle security system⁵ is the ideal addition:

- Designed to integrate with the keyless entry system – no need for an additional remote
- Automatic rearming and relocking, door-ajar warning, interior light activation, panic alarm, rolling code technology and disabling of the starter
- Glass breakage sensor (GBS) includes a highly sensitive microphone that detects the sound frequency of an object striking on glass or glass breakage
- Warn-away alarm is triggered if an object strikes a window
- Alarm is activated if someone tries to force open a door or if glass is broken

GLASS BREAKAGE SENSOR

If your Tundra is already equipped with a security system, enhance your coverage with the glass breakage sensor⁵:

- Glass breakage sensor (GBS) includes a highly sensitive microphone that detects the sound frequency of an object striking on glass or glass breakage
- Warn-away alarm is triggered if an object strikes a window
- Alarm is activated if the glass is broken
- Designed to integrate with the keyless entry system – no need for an additional remote

TRD

TRD stands for Toyota Racing Development. From exhausts to brake pads, when it comes to performance, handling, and style, TRD accessories are second to none.

◀ **TRD OIL CAP**

Dress up your engine compartment with the race-ready look of a TRD oil cap:

- Forged billet aluminum construction
- Highly polished finish with a high-luster coating so it looks sharp for years to come
- Available in two styles
- Direct replacement for stock oil cap

◀ **TRD RADIATOR CAP**

Cap off the good looks of your Tundra by adding a TRD radiator cap:

- Releases at higher cooling system pressures than factory caps, raising the coolant boiling point to protect engines under high-rpm or high-load operation

TRD PERFORMANCE OIL FILTER

Get exceptional filtration, lower flow restriction as well as enhanced engine protection and durability with a TRD oil filter:

- 100% synthetic fiber filtration medium provides highest possible dirt removal efficiency and the lowest possible flow restriction

TRD 17-IN. FORGED OFF-ROAD BEADLOCK STYLE ALLOY WHEELS

Pump up Tundra's muscular appearance with the look of a winner:

- Off-road, race-inspired 17-in. x 8-in. wheels⁶
- Hot-forged alloy wheels are lighter than comparable cast alloy wheels to enhance handling
- Eye-catching 6-spoke design features machined beadlock styling
- Incorporates the proper weight, offset and brake clearance to ensure proper fit, finish and reliability

TRD PERFORMANCE DUAL EXHAUST SYSTEM

Engineered to deliver a slight increase in power and tuned for the ideal resonance, the TRD performance dual exhaust system makes your Tundra sound racier:

- Tips and muffler are constructed of durable 304 stainless steel and pipes and flanges of 409 stainless steel, giving superior corrosion resistance
- Cat-back design reduces back pressure for improved horsepower and enhanced low- to mid-range torque
- Features TRD-logo-etched tips
- Produces a deep, throaty tone while meeting the legal noise limits

TRD REAR SWAY BAR

Sway bars do the exact opposite of what their name suggests – they actually reduce body lean while cornering. Here's how a TRD rear sway bar can enhance the handling on your Tundra:

- TRD rear sway bar gives your Tundra a flatter, more stable cornering stance
- High-quality spring steel construction helps ensure strength, stiffness and durability
- Gloss-red powder-coated finish, complete with TRD badging, helps protect it from the elements and look hot

TRD PERFORMANCE HANDLING SUSPENSION KIT

Take handling to a whole new level of performance with this complete TRD performance handling suspension package:

- Includes TRD-tuned shock absorbers, front coil springs, rear leaf springs, rear sway bar and all required hardware, including bump stops
- Engineered specifically for 2WD Tundra
- Lowers Regular Cab: 40-mm. in the front and 60-mm. in the rear
- Lowers Double Cab and the CrewMax: 60-mm. in the front and 70-mm. in the rear

TRD PERFORMANCE SHOCKS

Want to refine your ride? Adding a set of TRD performance shocks to your Tundra will take the handling to new levels of performance:

- Race-inspired design delivers a firm, well-managed ride without excessive harshness
- Aggressive shock valving helps reduce body lean while providing better overall response and cornering performance

TRD PERFORMANCE BRAKE PADS

Enhance the stopping power of your Tundra with TRD performance brake pads:

- Aramid- and ceramic-strengthened compound helps deliver an optimum combination of cold and hot friction with minimal brake noise
- Reduces fade during repeated stops or extended downhill driving
- Direct replacement for stock pads
- For street and autocross use (not intended for open track sessions)

TRD HIGH-PERFORMANCE BRAKE KIT

Add more stopping power to your Tundra with a TRD high-performance brake kit for the front axle:

- Six piston opposed, fixed calipers for confidence-inspiring braking performance
- Patented, directional AeroRotor internal cooling vane design helps keep rotors cool for consistent braking performance
- Rotors are cross-drilled to improve initial “bite” in wet or rainy conditions
- Includes performance brake pads and stainless steel braided brake lines for optimum pedal feel
- Requires a 20-in. wheel or larger

Also Available: **TRD WHEEL LOCKS**

2014 ACCESSORIES

ALWAYS GO WITH GENUINE TOYOTA ACCESSORIES

When it comes time to make your Toyota your own, remember only Genuine Toyota Accessories are designed, tested, and approved specifically for your Toyota vehicle. Plus, when you purchase them at the same time as your new vehicle, Genuine Toyota Accessories are backed by Toyota's 3-year / 36,000-mile New Vehicle Limited Warranty, valid at any Toyota dealership nationwide.

To learn more about Genuine Toyota Accessories and to see how they'll look on your Tundra with our comprehensive Build Your Toyota feature, please visit toyota.com or to find your local Toyota dealer, please visit toyota.com/dealer.

This brochure is based upon information available at time of printing, is subject to change without notice, is for mainland U.S.A. vehicles and may differ in the state of Hawaii, Puerto Rico, the U.S. Virgin Islands and in other regions.

DISCLOSURES

1. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment. **2.** 20-in performance tires are often expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy, depending upon tires selected and driving conditions. **3.** Requires Deck Rail System. **4.** To avoid potential interference with pedal operation, do not install a floor mat on top of an existing floor mat. Each mat must be secured with either quarter-turn fasteners or retention hooks (clips). This floor mat was designed specifically for use in this model and model year vehicle and SHOULD NOT be used in any other vehicle. **5.** Available for vehicles equipped with factory remote keyless entry. **6.** 17-in. off-road performance tires are often expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy, depending upon tires used and driving conditions.
