

TUNDRA

'15 ACCESSORIES

CONQUER IT ALL. AND THEN SOME.

You chose the Tundra because it's one of the strongest, most flexible trucks around. Now Genuine Toyota Accessories help make it easier to load, carry, protect and even increase performance - making your Tundra the right choice to take you all the places in your life. Every accessory is engineered and custom-designed specifically for the Tundra, making your truck uniquely yours.

¹ See numbered disclosures on page 30

EXTERIOR

The strength and the spaciousness of the Tundra fit your needs for work or for family adventures. Extend the versatility and performance of the truck even further with Genuine Toyota Accessories that are just as precisely made, durable and reliable as the Tundra.

BED EXTENDER

Your truck can already carry a mountain of gear, but this bed extender² ups the ante by increasing cargo length another two feet with the tailgate down. Or, if needed, contain smaller items with the tailgate up.

- Powder-coat finish enhances appearance and durability
- Taillights remain visible when extended, in compliance with DOT lighting requirements
- Bed extender cannot be removed when tailgate is up and locked, making theft difficult
- Angle-release mounting brackets enable easy installation or removal
- Adjustable strap latches make sure the bed extender is secured to the tailgate when down

² See numbered disclosures on page 30

EXHAUST TIP

Finish off the Tundra's bold style with these shiny exhaust tips.

- Constructed of polished, corrosion-resistant double-walled 304 stainless steel
- Easy bolt-on installation; no cutting, drilling or welding
- All hardware included

7-PIN AND 4-PIN CONNECTOR

When you take to the road with your trailer, be sure the connection is a snap with this combination 7-Pin and 4-Pin Trailer Connector¹.

- 4.6L V8 models only
- Powers trailer's taillights, turn, brake and hazard lights
- Designed to work with the existing electrical system
- Allows for connection of either a 7-pin or a 4-pin connector from the trailer
- Simple installation

¹ See numbered disclosures on page 30

20-IN. MACHINED 5-SPOKE ALLOY WHEELS ∨

All the benefits of lightweight, 20-inch alloy wheels³, with a more polished, eye catching look.

- Incorporates the proper balance, offset and brake clearance to ensure proper fit, finish and reliability
- Fits with the TRD Big Brake Kit

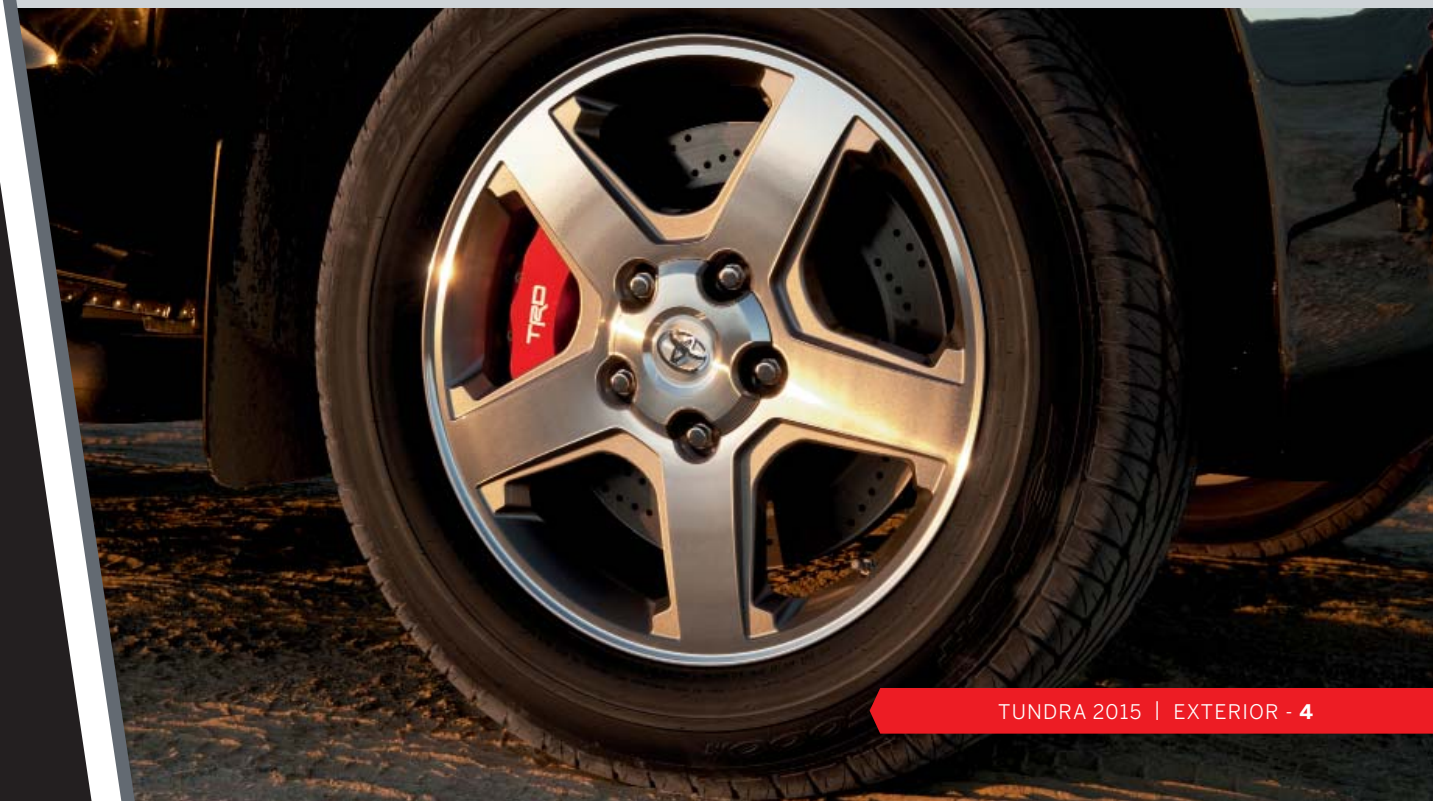

³ See numbered disclosures on page 30

20-IN. CARVED 5-SPOKE ALLOY WHEELS ∧

Go big or go home. These lightweight, carved alloy wheels³ increase driving performance by dissipating heat faster and allowing for greater rigidity while cornering.

- Incorporates the proper balance, offset and brake clearance to ensure proper fit, finish and reliability
- Fits with the TRD Big Brake Kit

³ See numbered disclosures on page 30

SPARE TIRE LOCK

Add an extra layer of security for your spare tire with this precision-machined spare tire lock.

- Manufactured with restricted chemistry steel for enduring structural integrity
- Made from zinc-nickel plated hardened steel construction

ALLOY WHEEL LOCKS

Your wheels and tires can handle tough terrain. Make them tougher to poach with these triple nickel chrome plated alloy wheel locks.

- Guaranteed proper fit
- Weight matched makes rebalancing unnecessary
- Resists lock removal tools and allow only a single unique key to interface

CARGO NET – EXTERIOR

Smaller gear needs its own place to so that it doesn't slide around and get lost and damaged. The envelope-style cargo net is up for the job.

- Elastic-mesh netting is durable and stain resistant
- Easy to install; attaches to defined points in truck bed
- Folds flat for storage when not in use
- Deck Rail System not required

CARGO DIVIDER

Equipment roll around the entire berth of the truck bed? Only for amateurs. Keep things contained with this customizable cargo divider⁴.

- Slides along the Tundra's available deck rail system to create spaces to fit your needs
- Rotates for various configurations including lying flat above cargo
- Made of lightweight, corrosion-resistant, black powder-coated aluminum
- Tested to withstand loads up to 400 lb.

⁴ See numbered disclosures on page 30

BALL MOUNT >>

Whether you're headed to the lake or the trails, you can bring your toys along thanks to the ball mount¹.

- Ball placement helps provide precise drop/rise to maintain vehicle departure angle
- Black powder coat and baked paint finish provides uniform surface coating, protection against UV rays
- Lab and on-road testing helps ensure quality of tow hitch system
- Trailer ball sold separately

TRAILER BALL >>

Designed to work with the Tundra's tow hitch ball¹ mount, the trailer ball is made of cold-forged steel for superior strength.

- Available in 2 5/16-in., 2-in. or 1 7/8-in. ball diameters
- Helps complete the connection between the vehicle's tow hitch receiver and trailer
- Includes built-in wrench flats for ease of installation and torquing
- Ball mount sold separately

TOW HITCH RECEIVER >>

Big fun calls for big toys. Whether your journey is short or you're in for the long haul, you can tow up to 6,800-lbs. with confidence with the strong, durable tow hitch receiver¹.

- Easy, no-drill installation maintains the structural integrity of the vehicle frame
- Custom replacement bumper trim panel matches vehicle contours and color
- 16 connection points to the vehicle frame evenly distributes weight to help reduce stress and preserve the integrity of the frame and body structure
- Ball mount and trailer ball sold separately
- Available for the 4.6L Engine
- Weight carrying is 5,000 lbs. and weight distributing is 8,000 lbs.

¹ See numbered disclosures on page 29

PAINT PROTECTION FILM

Like an invisible coat of armor, Genuine Toyota paint protection film⁵ helps protect against sand, stones and other road debris.

- Urethane material helps provide long-term protection and resists discoloration
- Film contains multiple layers for strength and durability
- Paint protection film is available on select sections of the hood / fenders and for the front bumper (kids sold separately)

⁵ See numbered disclosures on page 30

DECK RAIL SYSTEM

Make your Tundra as useful as a utility knife with the addition of a deck rail system to secure almost anything you need for your workday or play day. It's designed to work perfectly with items like tie-down cleats and the locking fork bike rack.

- Galvanized steel construction for superior strength
- Black powder top coat helps ensure durable corrosion resistance
- Includes four tie-down bed cleats made of sturdy die-cast aluminum, accommodating a maximum load of 880 lb. (220 lb. each)
- Includes locators for bed cleats every four inches
- Mini tie downs are sold separately

LOCKING FORK BIKE RACK

Rock slides and Bears? At least they won't jack your two-wheeler. Your bike stays where you want it with a locking fork bike rack⁴ designed to secure the front forks.

- Custom-designed for the Tundra's deck rail system
- Bike can be positioned along the front bed rail
- Virtually effortless mounting: simply remove the front wheel, position the forks into position and lock

⁴ See numbered disclosures on page 30

TIE-DOWN CLEAT

Make sure that cargo that you put in the bed stays in the bed by securing everything with these fully adjustable sturdy tie-down cleats⁴.

- Composed of strong die-cast aluminum
- Uses a steel locking plate to slide into position on Tundra's deck rail system
- Holds a maximum of 220 lbs.

⁴ See numbered disclosures on page 30

MINI TIE-DOWNS WITH HOOKS

Organize and secure your equipment with these adjustable mini-tie downs with hooks⁴, made of sturdy black nylon.

- Each mini tie-down measures 2-in. x 1-in and holds a maximum load of 110 lb. each—a total of 220 lb. for the set of two
- Hooks rated for up to 50 lb.
- Tie-downs slide along the bed rail system, held firmly in place by an inner tension spring

⁴ See numbered disclosures on page 30

TUBE STEPS

Whether or not your truck is lifted, tube steps ease entry into the cab while complementing the Tundra's good looks.

- Skid-resistant heavy-duty step pads on both sides of the vehicle help to channel water off the steps
- Durable, lightweight aluminum construction is chip and rust resistant; your choice of chrome-plated, or black powder-coat finish
- Simple, no-drill installation
- Not available on Regular Cab models

BRUSHED STAINLESS STEEL STEPBOARDS

Step into your cab with style and ease when you install these stepboards, composed of rust-free, high-quality stainless steel. They also help reduce dirt and stone chipping of the door and body.

- Features two, heavy duty injection-molded step pads providing a skid-resistant tread surface at each door
- Precise fit of components ensures minimal gapping and clean appearance
- Sturdy black-coated steel brackets ensure optimal support
- 25% lighter than conventional closed-section running boards, while meeting or exceeding load requirements
- Injection-molded end caps help reduce wind noise and offer a more finished appearance
- Not available on Regular Cab models

SKID RESISTOR™ BEDLINER ∨

Help protect your Tundra's bed from potential damage caused by shifting loads with a Skid Resistor Bedliner⁶. Made of thick-ribbed, high-density polyethylene, it is designed to withstand a whole lot of abuse, including certain spilled chemicals.

- Premium high-gloss black finish
- Ribbed I-beam floor construction provides superior impact resistance
- Smooth tailgate facilitates easier loading and unloading
- Features a no-drill installation
- Available for every Tundra bed size and configuration

⁶ See numbered disclosures on page 30

BED MAT ^

Protect your truck bed and your cargo from damaging each other with this heavyweight bed mat⁶. It's made from a high strength, cord-enhanced rubber compound that's durable enough to withstand abuse without fading, rusting, cracking or breaking.

- Pebble finish helps minimize shifting of cargo
- Raised angled ribs eases cargo loading/unloading
- Knobby underside promotes aeration and drainage to keep truck bed dry and help prevent rust and mildew

⁶ See numbered disclosures on page 30

SPRAY-ON BEDLINER

Trust Toyota to make a spray-on bedliner⁶ as tough and durable as your Tundra. Permanently bonded to the paint, it helps protect your bed from scratches, dents, rust and corrosion, while its textured surface is designed to prevent cargo from sliding, with no lost cargo space and minimal added weight.

- Toyota quality standards assures uniform coating thickness and a consistent texture
- Proprietary method to create a straight and crisp edge
- Features Tundra logo
- Fully warranted; repairs can be completed quickly and easily at a Toyota dealership

⁶ See numbered disclosures on page 30

BED STEP

Get a leg up when reaching the cargo in your truck's bed with a BedStep. It bolts on with no drilling required, and tucks neatly under the rear bumper.

- Works with tailgate up or down
- Hands-free operation; just adjust with your foot
- Lightweight, high-strength aluminum die-cast construction features a glass-reinforced nylon step pad with ribbed, nonskid stepping surface
- 300-lb. load capacity
- Weather-resistant black anodized and Teflon® powder-coat finish for long-term durability
- Uses the vehicle's existing bumper/frame mounting points
- Leaves hitch receiver free for towing

INTERIOR

Whether you've got the two-door Regular Cab, Extended Double Cab or the colossal CrewMax, you want to keep your cabin looking as pristine as the day you bought it. Protect it from the elements with Genuine Toyota Accessories, durable and customized for a perfect fit.

DOOR SILL PROTECTORS

These door sill protectors welcome you every time you step into the cabin while keeping the door sills scuff-free.

- Skid-resistant surface with "Tundra" molded into the sill

CARPET FLOOR MATS

Help keep your original carpet clean and neat with these durable, fade-resistant carpet floor mats⁷.

- Made to fit the Tundra floor and match the carpeting
- Quarter-turn fasteners (on the driver's side) and nibbed backing on all mats help keep mats in position
- Removable and easy to clean

⁷ See numbered disclosures on page 30

ALL-WEATHER FLOOR MATS

Local mud run? Bring it on and let these lightweight floor mats⁷ catch the mess.

- Made from an easy to clean, durable and flexible weather-resistant material
- Quarter-turn fasteners (on the driver's side) and nibbed backing on all mats help keep mats in position
- Black mats feature ribbed channels and an embossed vehicle logo

⁷ See numbered disclosures on page 30

CENTER CONSOLE TRAY

Your Tundra works hard to carry your gear. Make your cabin just as useful with the addition of a custom-designed center console tray, with compartments for phones, tablets, and other objects so they can be organized and conveniently within reach.

- Measures 13.5-in. long , 9-inches wide
- Constructed of sturdy thermoplastic ABS material covered in black carpeting
- Neoprene backing prevents tray from sliding around
- Easy slide access to power cords
- Railings to accommodate letter size hanging file folders

ASHTRAY CUP

Keep ashes in the only place they belong: an ashtray.

- Hinged lid helps minimize odors and prevent flyaway ash
- Removable, easy to empty cup fits snugly inside the cupholder
- Can also be used to hold loose change and other small items

EMERGENCY ASSISTANCE KIT »

Be prepared for minor emergencies and repairs with the multi-functional Emergency Assistance Kit. Contents include:

- Triangle shaped zipper bag in gray/black two-tone with outer storage pockets
- Reflective emergency indicators on kit surface
- Versatile, stainless steel pocket tool with multiple functions including:
 - Pliers • Wire cutters • Two screw drivers
- Heat-reflective emergency blanket
- Hand-squeezed flashlight
- Work gloves with textured palm area to optimize grip
- Automotive-grade hose tape
- Booster/jumper cables with multi-lingual instructions
- Tire gauge
- Bungee cord
- Shop towel
- Tether strap

FIRST AID KIT »

This kit will come in handy to address minor scrapes and wounds, so you can be back on your way. Contents include:

- Soft-sided, water-resistant and flame-retardant black PVC zipper case
- Insect-sting relief pads
- Self-adhesive bandages
- Rolled stretch bandage with metal clips
- Two multi-use, waterproof, heat-reflective survival blankets
- Stainless steel scissors capable of cutting through seatbelt strapping

RS3200 + VEHICLE SECURITY SYSTEM

Sure, they want it. But they're just gonna have to get their own. Protect your Tundra with a security system⁸ and sleep easier.

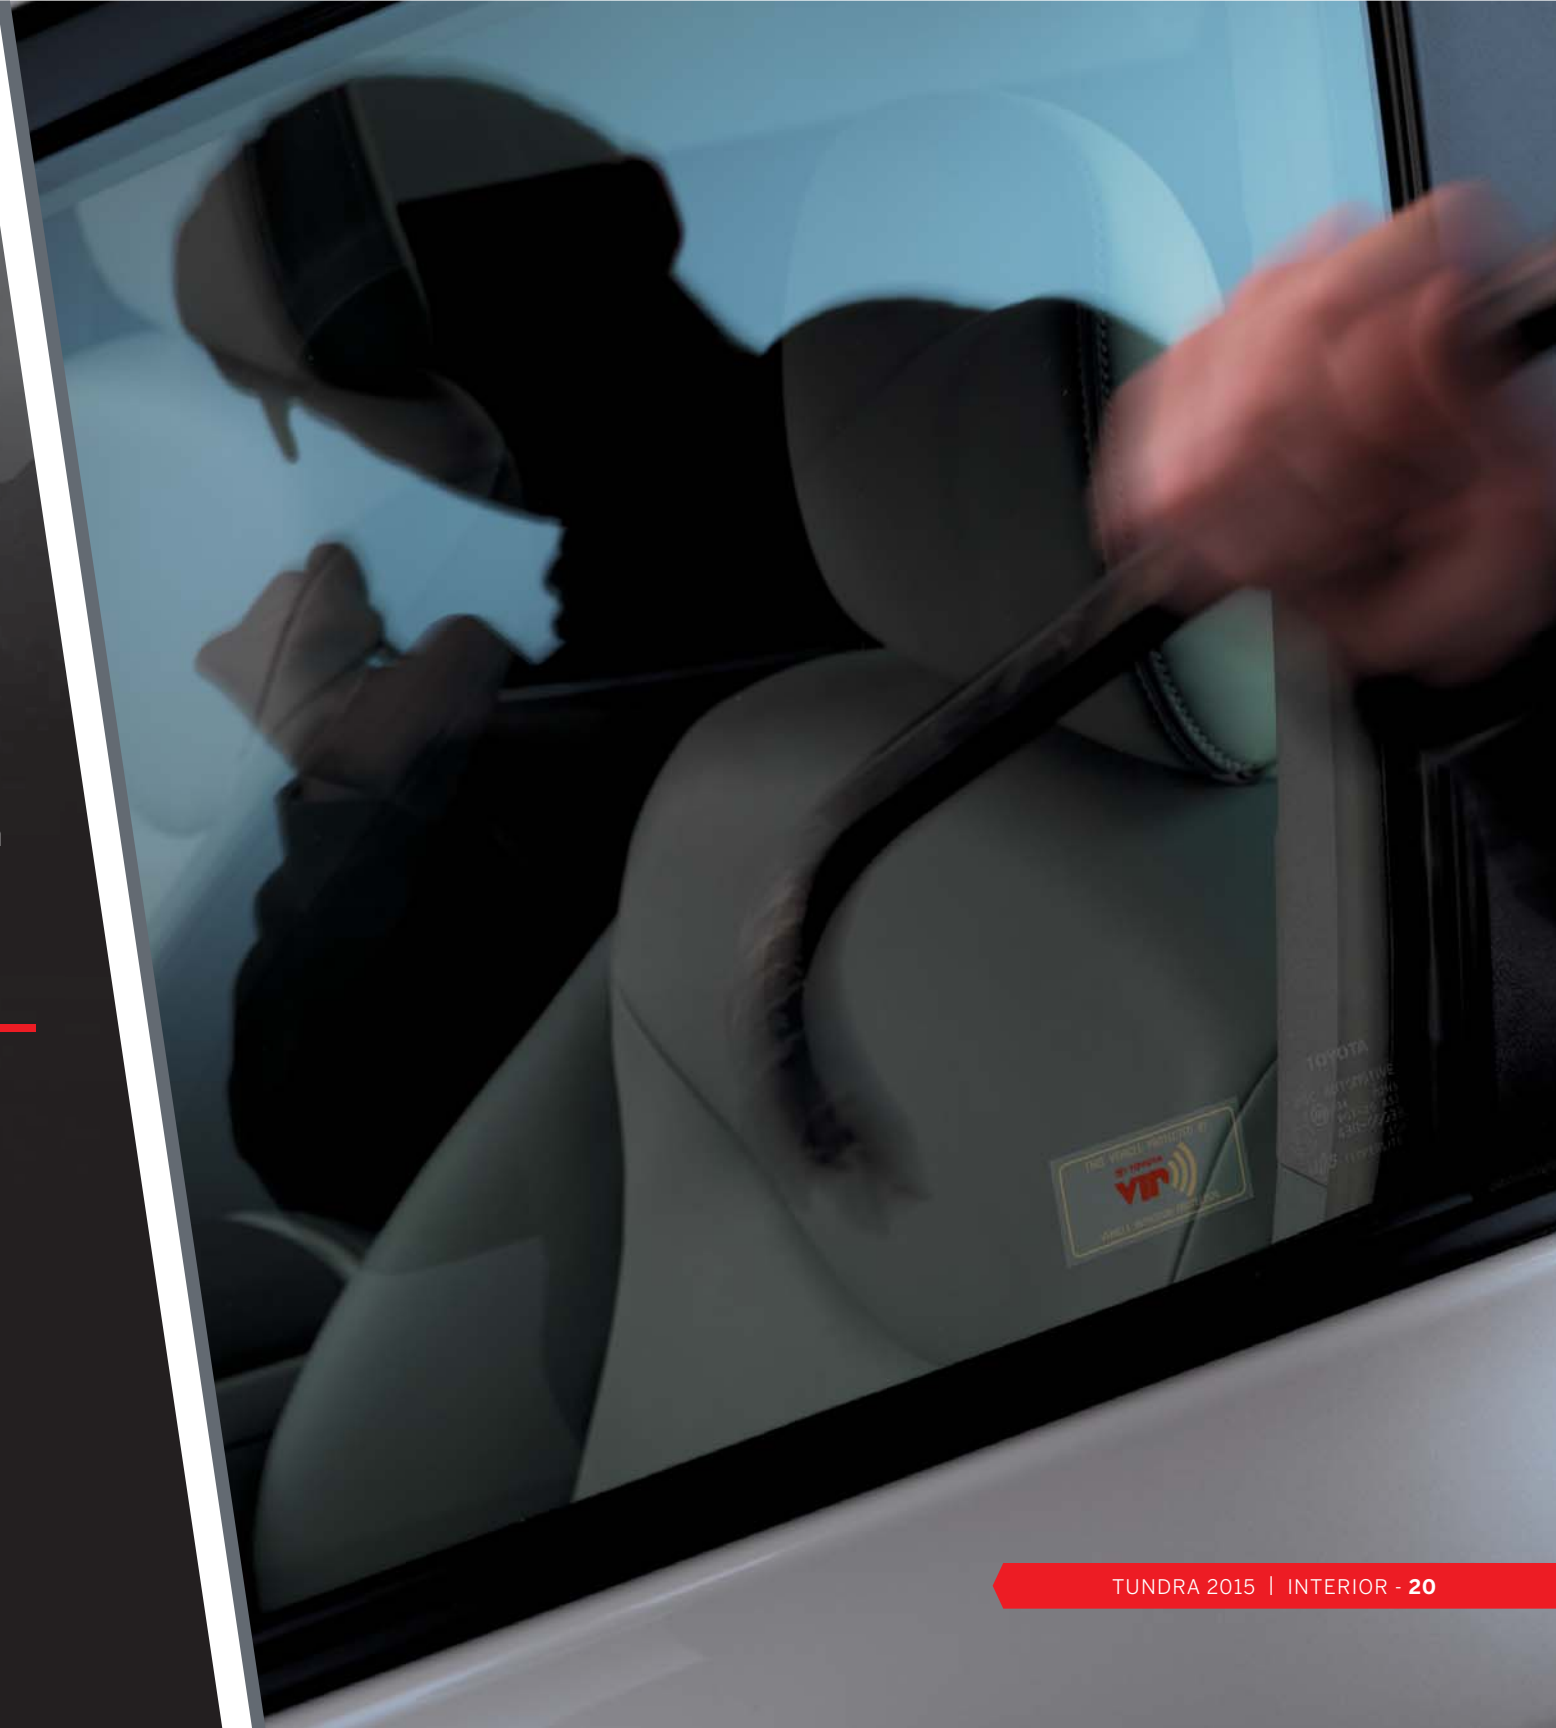

- Designed to integrate with the keyless entry system – no need for an additional remote
- Automatic rearming and relocking, door-ajar warning, interior light activation, panic alarm, rolling code technology and disabling of the starter
- Glass breakage sensor (GBS) includes a highly sensitive microphone that detects the sound frequency of an object striking on glass or glass breakage
- Warn-away alarm is triggered if an object strikes a window
- Alarm is activated if someone tries to force open a door or if glass is broken

GLASS BREAKAGE SENSOR

If your Tundra is already equipped with a security system, enhance your coverage with the glass breakage sensor⁸.

- Glass breakage sensor (GBS) includes a highly sensitive microphone that detects the sound frequency of an object striking on glass or glass breakage
- Warn-away alarm is triggered if an object strikes a window
- Alarm is activated if the glass is broken
- Designed to integrate with the keyless entry system – no need for an additional remote

⁸ See numbered disclosures on page 30

REMOTE ENGINE STARTER

Step into the comfort of a pre-cooled or pre-heated cabin, thanks to the remote engine starter^{8,9}.

- Activates air conditioner, heater, defroster and defogger functions to preset temperatures and settings
- Engine starts with quick, three-step sequence using keyless factory remote
- Integrates with keyless entry system and existing factory security

8,9 See numbered disclosures on page 30

TRD

Forged in the intense fire of competitive racing, TRD accessories are engineered to exceed expectations when it comes to enhancing your truck.

TRD OIL CAP

The legendary Toyota Racing Development logo is on display every time you pop the hood, when you replace your stock oil cap with this highly polished, forged billet aluminum cap.

- High-luster coating ensures long-term appearance
- Maintains high factory quality standards for performance and strength

TRD RADIATOR CAP

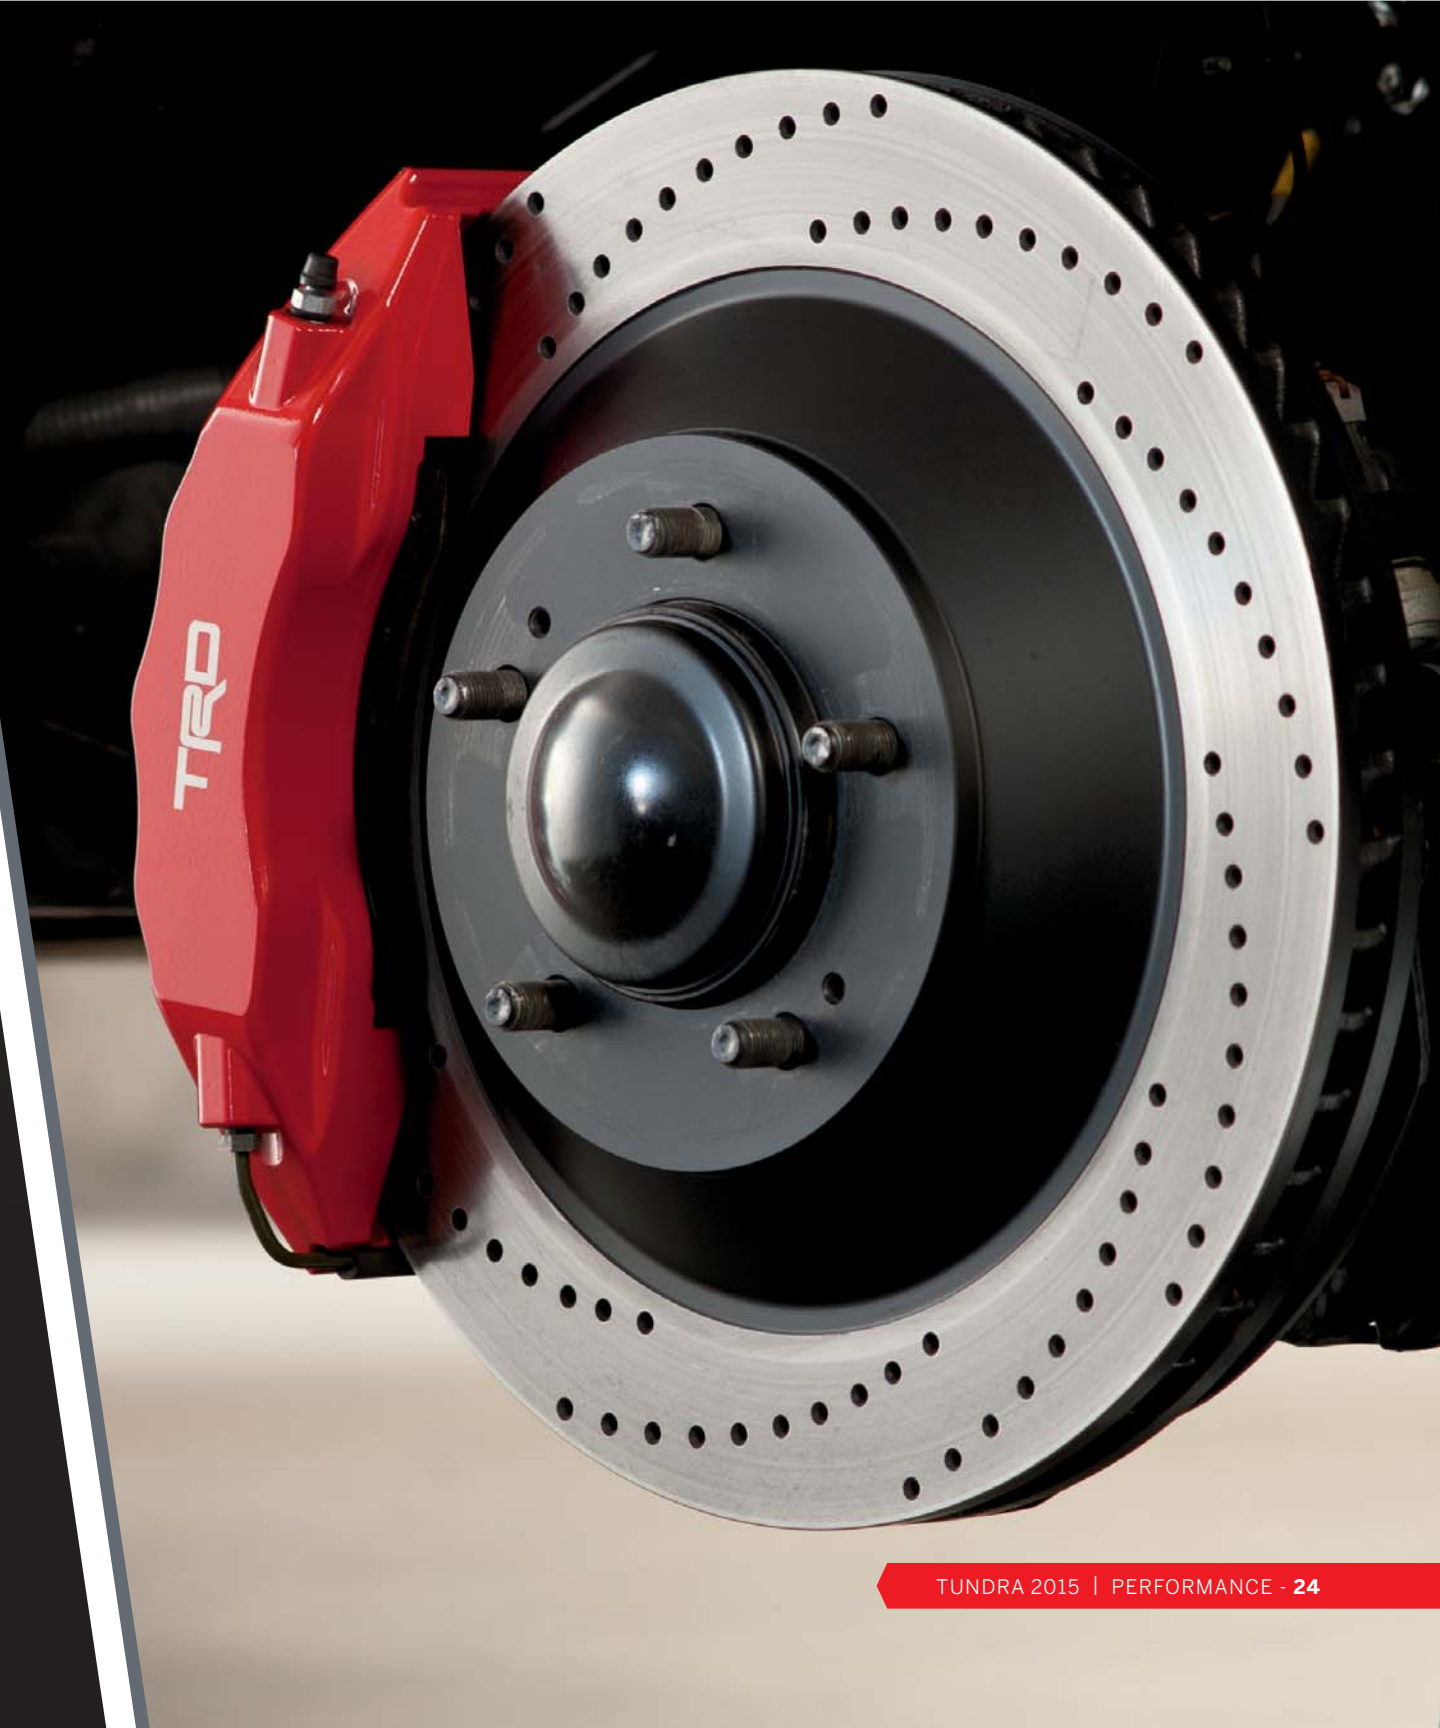

Enhance performance, and look good while doing it. The TRD radiator cap releases pressure at higher cooling system levels while protecting your engine.

- Helps enhance vehicle performance in high-rpm or high-load conditions
- Designed to release at higher cooling system pressures than factory caps, raising the coolant boiling point to help protect engines under high-rpm or high-load operation

TRD HIGH PERFORMANCE BIG BRAKE KIT

The full-size Tundra is made to meet full-size challenges. For even greater stopping power, the TRD High Performance Brake Kit helps strengthen the factory front axle brakes to aid in shorter stopping distances and consistent performance, in various road conditions.

- Four-piston opposed, fixed calipers and two-piece, bolted body with bolt-in bridge
- Dust boots on caliper pistons help protect moving parts from corrosion and road debris
- The 323 x 32-mm. patented, directional AeroRotor internal cooling vane design induces greater airflow to cool the rotors, helping shed heat from the system and ensuring the brakes are ready to absorb heat during the next stop
- The application-specific, one-piece rotor design features non-friction surfaces, which:
 - Maximize corrosion resistance and ensure durability under the harshest conditions
 - Reduce maintenance requirements and simplify service
- Special cooling vane configuration eliminates resonance modes of the rotor, reducing the likelihood of brake noise—ensuring comfort isn't sacrificed for performance
- Rotors' cross-drilled friction surface:
 - Helps enhance initial "bite" in wet or rainy conditions
 - Assists in removal of consumed pad material or debris
 - Provides an optimized friction interface for consistent performance
 - Provides optimal balance of temperature capability, friction level, pedal feel, dust and noise for performance driving
- Stainless steel braided brake lines with Teflon® inner liner eliminate expansion under pressure for optimum pedal feel

TRD PERFORMANCE BRAKE PADS

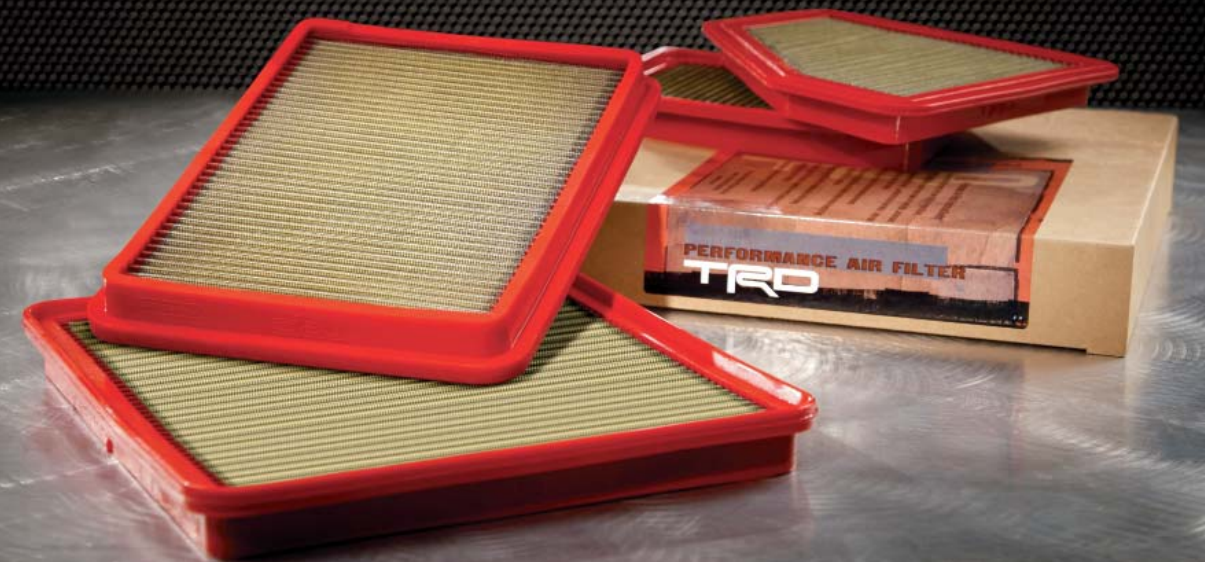

Whether you're boulder bashing or stuck in traffic, you quickly realize that the left pedal is just as crucial as the right. The enhanced stopping power from TRD brake pads decreases stopping distance while it increases your confidence.

- Aramid- and ceramic-strengthened compound helps deliver an optimum combination of cold and hot friction with minimal brake noise
- Reduces fade during repeated stops or extended downhill driving
- Direct replacement for stock pads
- For street and off-road use (not intended for open track sessions)

TRD PERFORMANCE AIR FILTER

You multitask; make sure your parts do too. This TRD air filter protects as it helps maintain the life of your engine with enhanced airflow.

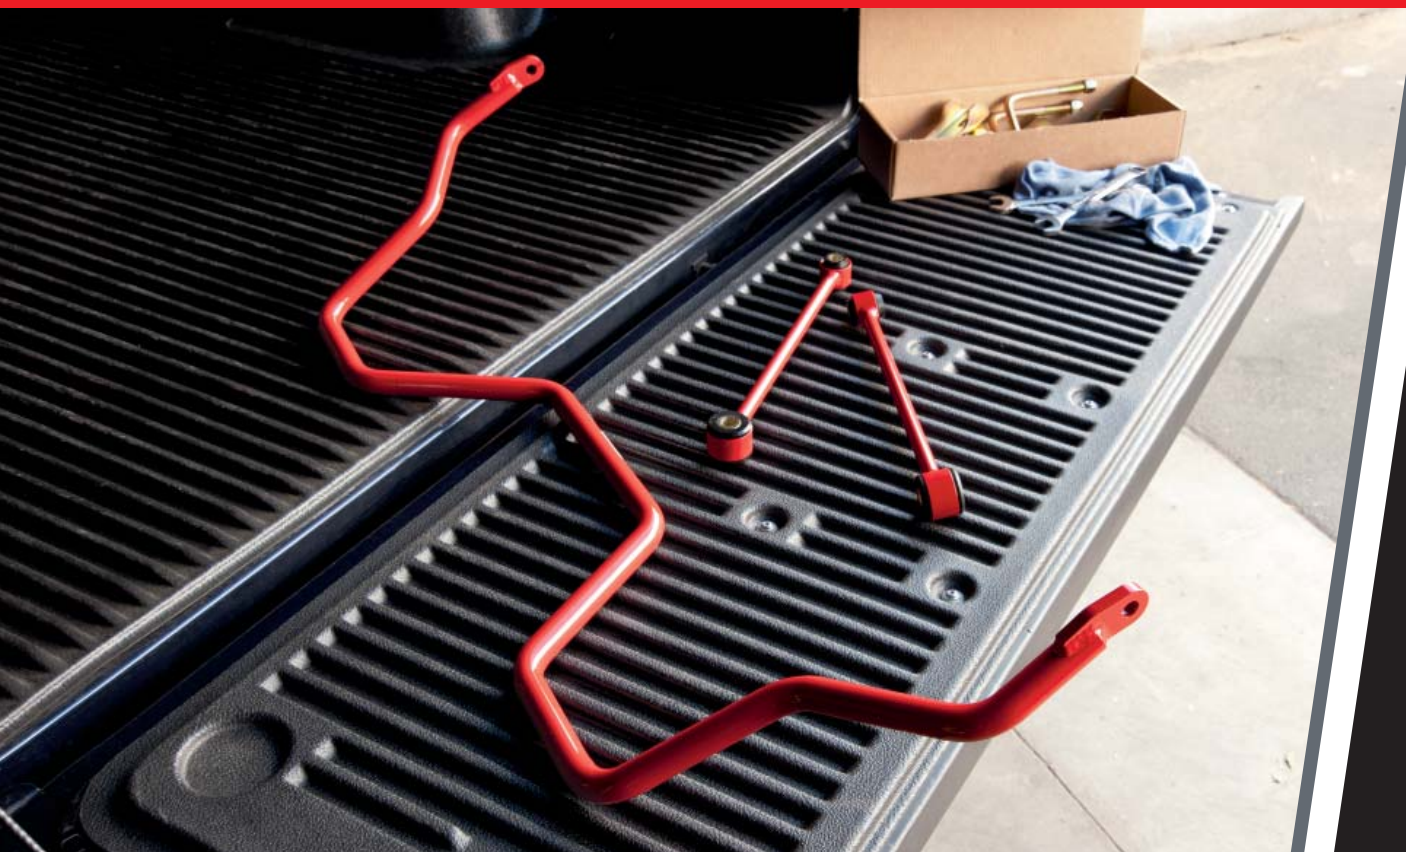

- Unique, oiled four-ply cotton gauze in polyurethane body
- Enclosed in durable epoxy coated mesh and an elastomeric seal for a precise, leak-free fit
- Allows the maximum amount of air into the engine with the minimal amount of resistance
- Washable and reusable—regular cleaning ensures free airflow and top performance
- Designed to last the lifetime of the vehicle
- Pre-oiled and ready to install, offers exact drop-in replacement for stock air filter

TRD REAR SWAY BAR ∨

Enhanced control, less drama. Rear sway bars give your Tundra flatter cornering and less under steer during maneuvering, helping to deliver greater handling overall.

- Helps preserve the secure handling of the original steering and suspension system
- High-quality spring steel help ensure strength, stiffness and durability
- Durable, gloss red powder coat finish resists corrosion and helps protect against damage
- Simple, bolt-on installation, with no modifications required: all hardware included
- Not compatible with lowered Tundra Trucks

TRD PERFORMANCE OIL FILTER ^

Keep your oil pure as long as possible, and help enhance the life of your engine, with the TRD Oil Filter that kicks out impurities through a 100% synthetic fiber filtration medium.

- Zinc-plated steel end caps help increase structural integrity
- Red silicone gaskets help provide excellent seal characteristics at high temperatures
- Kit includes two replacement high-temperature Vitron housing gaskets and drain adapter

TRD 17-IN. FORGED OFF-ROAD BEAD- LOCK-STYLE ALLOY WHEELS

Hot-forged alloy wheels¹⁰ are lighter than stock wheels, dissipate heat faster and provide higher strength-to-weight ratio to keep corner weight down. And the look? It speaks for itself.

- 17 x 8 six-spoke forged aluminum wheels with 5 x 150 mm lug nut pattern and 50 mm offset
- Gunmetal gray finish and machined outer lip with bead-lock styling
- Incorporates the weight, offset and brake clearance to help ensure proper fit, finish and reliability
- Extensive ride, handling and strength tests help ensure wheels meet TRD's high-quality standards

¹⁰ See numbered disclosures on page 30

Also Available: **TRD WHEEL LOCKS**

TRD PERFORMANCE HANDLING SUSPENSION KIT

Empower your 2WD Tundra with greater athleticism and agility, thanks to the complete TRD Performance Handling Suspension Package.

- Includes TRD-tuned shock absorbers, front coil springs, rear leaf springs, rear sway bar and all required hardware, including bump stops
- Engineered specifically for 2WD Tundra
- Lowers Regular Cab: 40-mm. in the front and 60-mm. in the rear
- Lowers Double Cab and the CrewMax: 60-mm. in the front and 70-mm. in the rear

TRD PERFORMANCE SHOCKS

Get less lean during maneuvering and a firm, well-managed ride with race-inspired shocks.

- Aggressive valving for better response
- Not compatible with suspension kit

TRD PERFORMANCE DUAL EXHAUST SYSTEM

You breathe deeper when you're in nature. Let your Tundra do the same with the TRD Performance Dual Exhaust system, boosting power as it growls with a throaty exhaust burble.

- Stainless steel, cat-back exhaust design with TRD logo etched tip
- Allows for a less restrictive path, helping reduce backpressure for added low- to mid-range torque
- Provides 5- to 8-wheel horsepower increase, depending upon application
- Produces a deep, throaty tone while meeting the legal 95-decibel noise limit, as required by law
- Superior corrosion resistance

ALWAYS GO WITH GENUINE TOYOTA ACCESSORIES

When it comes time to make your Toyota your own, remember only Genuine Toyota Accessories are designed, tested, and approved specifically for your Toyota vehicle. Plus, when you purchase them at the same time as your new vehicle, Genuine Toyota Accessories are backed by Toyota's 3-year / 36,000-mile New Vehicle Limited Warranty, valid at any Toyota dealership nationwide.

To learn more about Genuine Toyota Accessories and to see how they'll look on your Tundra with our comprehensive Build Your Toyota feature, please visit toyota.com or to find your local Toyota dealer, please visit toyota.com/dealer.

This brochure is based upon information available at time of printing, is subject to change without notice, is for mainland U.S.A. vehicles and may differ in the state of Hawaii, Puerto Rico, the U.S. Virgin Islands and in other regions.

DISCLOSURES

1. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment.
2. Payload Capacity is the calculation of GVWR minus curb weight and should be used for comparison purposes only. The maximum amount of passenger and cargo weight your vehicle can carry is the Load Carrying Capacity indicated on the label(s) on the driver's doorjamb.
3. 20-in performance tires are often expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy, depending upon tires selected and driving conditions.
4. Requires Deck Rail System.
5. The Toyota Genuine Accessory Warranty will only apply when the installation is performed by a trained Toyota-approved installer. Please see dealer for details.
6. Payload includes the weight of occupants, cargo and options; limited by weight distribution. Always properly secure all items.
7. To avoid potential interference with pedal operation, do not install a floor mat on top of an existing floor mat. Each mat must be secured with either quarter-turn fasteners or retention hooks (clips). This floor mat was designed specifically for use in this model and model year vehicle and SHOULD NOT be used in any other vehicle.
8. Available for vehicles equipped with factory remote keyless entry.
9. Use only if aware of circumstances surrounding the vehicle at time of start. Operate only when legal and safe to do so (e.g., car uncovered in open area with no people or pets inside or nearby). See usage precautions and Owner's Manual.
10. 17-in. off-road performance tires are often expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy, depending upon tires used and driving conditions.
