A5 | A5 Cabriolet Accessories

**Audi**  
Genuine Accessories

## Two different vehicles. One unique personality.

Whether as a Coupé or Cabriolet, the Audi A5 unites exciting design with an equally exciting driving experience. This now also includes individuality, since with Audi Genuine Accessories, you can turn the Audi A5 into your very own A5. Audi Genuine Accessories offer you a wide range of attractive and useful products, with which you can enjoy the journey in your vehicle even more.

## We haven't reinvented the wheel. Although after so many tests, you would almost suppose we had.

Audi cast aluminum wheels are subjected to constant strain during daily use. Comprehensive testing ensures that they nevertheless fulfil the high quality requirements expected of them. Furthermore, the use of complex casting processes results in high component strength, while the multiple coats of high-quality paint do not just create a stunning look, but also offer effective protection against scratches.

**1 Cast aluminum wheels in 5-arm rotor design, dark gloss finish**

For an especially dynamic appearance. In dimensions 8.5 J x 18 for 245/40 R 18 tires.

**2 Cast aluminum wheels in 15-spoke design, Silver, high-gloss turned finish**

Interlaced well-base wheel in dimensions 9 J x 19 for 255/35 R 19 tires.

**3 Cast aluminum wheels in 15-spoke design, Ibis White, high-gloss turned finish**

This well-base wheel impresses thanks to the contrasting colours used for the ring with high-gloss turned finish and the spokes in Ibis White. In dimensions 9 J x 19 for 255/35 R 19 tires.

**4 Valve caps**

The four metal valve caps with embossed Audi logo provide better protection for the valve against dust, dirt and moisture. Available for rubber, metal and aluminum valves.

**Anti-theft wheel bolts**

These bolts can only be removed using the special adapter provided on delivery, making theft more difficult.

Subject: Quality

Cast aluminum wheels

### Beauty knows no pain.

**By undergoing a copper accelerated acetic acid salt spray test, for example.** When our experts test the quality of Audi Genuine Accessories wheels, they are just as innovative as our designers. Intense heat, high humidity, strong sunlight – there is practically no limit to the number of possible tests. But the most extreme endurance test is the copper accelerated acetic acid salt spray test, known as CASS. In the test, wheels that have been previously damaged by simulated stone chips are sprayed with this extremely corrosive solution for several days. Yet they must overcome all these challenges without visible adverse effects – so that even after many miles, you can be as thrilled by the design of your Audi Genuine Accessories wheels as you were on the first day.

**1 Cast aluminum winter wheels in 5-arm design**  
Complete winter wheel suitable for use with snow chains in dimensions 7.5 J x 17 for 225/50 R 17 tires.

**2**

**3**

**2 Wheel bags**  
A four-part set with convenient handles for easy and clean transport and storage of complete wheels. Made from tear-resistant plastic. Wheel bolts can be stored in the outside pockets.

**3 Snow chains**  
For better hold on snow and ice. Available in a range of sizes.

## The difference between looking good and “wow”.

Can a sporty vehicle make an even sportier impression? When it's an Audi, the answer is most definitely yes. There are special attachments available for your A5 model, which continue to emphasise the dynamics of the design. You can choose between wider side sills and a tailgate spoiler. For the A5 Coupé, a rear wing is also available.

### 1 Side sills

Accentuate the dynamic body contour and give the vehicle an individual look.

### 2 Tailgate spoiler

For even more dynamism at the rear: the securely installed tailgate spoiler (pictured here in the vehicle colour).

### 3 Sports-style tailpipe trims

Made from chrome-finished stainless steel. Colour variants: silver and black. Not available for vehicles with tailpipe trims ex works.

### 4 Rear wing

Provides for excellent aerodynamics. The eye-catching design completes the athletic overall appearance of your A5. Only for the A5 Coupé.

### 5 Foot rest and pedal caps in stainless steel

Dazzling and practical at the same time: The foot rest and pedal caps are made from brushed stainless steel. The rubber coating on the surface provides better grip. Available for automatic and manual gearboxes.

### 6 LED for entry area, quattro

For a bright entrance. When the vehicle doors are opened, an LED light projects the quattro logo onto the ground. Available in a two-part set for the driver and front-passenger side.

### 7 quattro film set

The “quattro” lettering as a film set for the rear section of the vehicle on both sides. Available in either Brilliant Black or Ice Silver, metallic, depending on the exterior vehicle colour.

### High-tech gecko film set

Adds a unique touch, not only to your vehicle but also to many other surfaces. Available in two sizes: 20 x 15 cm and 40 x 30 cm.

### Trims for the radiator grille

A stylish and elegant look in the blink of an eye.

## If your hotel does not offer sports and leisure opportunities, just bring them with you.

Where will the mood take you next? Skiing in the mountains, for an extended kayak tour or on a relaxed bike trip in the countryside? Just make a spontaneous decision. The smart transport solutions from Audi Genuine Accessories give you the freedom to spend your leisure time as you want.

### 1 Base Carrier Bars

For various roof rack modules, such as the bicycle rack, kayak rack or ski and luggage boxes. The profile is made from anodised aluminum tubing. The carrier unit is easy to fit and is lockable. The maximum permissible gross weight of the carrier unit, roof rack modules and load for the A5 is 50 kg.

### 2 Roof carrier bag

For storage or transport of a carrier unit and smaller roof rack modules. Made from durable material, with multiple loops and a side pocket for suitable tools or small parts.

**1 Bicycle rack\***

The bicycle rack made from a specially formed aluminum profile and powder-coated steel makes it particularly easy to attach your bicycles. Lockable. Maximum load capacity: 17 kg. Can only be used in conjunction with the carrier unit.

**Front wheel holder**

Made from anodised matte aluminum, mounted with anti-theft bolts, completely pre-assembled. Not suitable for bicycles with a half axle. Can only be used in conjunction with the bicycle fork mount.

\*Only for the A5 Coupé.

#### 1 Kayak rack\*

For single kayaks weighing up to 45 kg. Can be tilted for easy loading and unloading. The kayak rack and elasticated belt can be secured separately. Can only be used in conjunction with the carrier unit.

#### 2 Ski and snowboard rack\*

To transport up to six pairs of skis or four snowboards easily. Lockable. Can only be used in conjunction with the carrier unit.

#### 3-5 Ski and luggage boxes\*

A new design from Audi featuring improved aerodynamics thanks to a flatter, sportier visual concept. Available in Platinum Grey with Brilliant Black side blades or gloss Brilliant Black, each featuring chrome Audi rings and a high-quality, rivet-free look. Boxes are lockable and can be opened from both sides for comfortable loading and unloading. With internal handle for closing the box. Simple quick-action securing system including torque limitation. Positioned towards the front of the vehicle, making it easier to access the luggage compartment. Available in three sizes: 300L (image 4), 360L (image 3) and 405L (image 5). Can only be used in conjunction with the carrier unit. Further important information that will help you to choose the right roof box can be found on the page to the right.

#### Bags for roof boxes

Robust yet flexible. These bags are equipped with a watertight floor featuring a watertight border extending 5 cm upwards. Ideal for making full use of the Audi roof boxes, as it is possible to use the individual bags in various combinations. Available in three sizes: S (43L), M (76L) and L (82L).

#### Ski and luggage boxes

Volume	300L	360L	405L
External dimensions in mm (L x W x H)	1,902 x 630 x 376	1,756 x 826 x 376	2,050 x 800 x 380
Max. number of pairs of skis	4-6	5-7	5-7
Max. number of snowboards	3-4	4-5	4-5
Max. length of skis in cm	175	155	190

## During the journey: top-quality entertainment. At the end of the journey: exactly the same.

A range of connection options provide a high level of flexibility. The other navigation options are, of course, also worth a look.

### 1 Audi music interface adapter cables

Enables connection of various Apple iPod and iPhone models, as well as other media players, to your vehicle. Media players can be operated via the infotainment system. To connect media players, additional adapter cables are required, which are available in a range of versions. For more detailed information, speak to your Audi partner.

### Audi SD card

For storing your music: ultra-compact and universal SDHC memory card (16GB), class 10. Comes with a protective case.

### Navigation update

Maps with advanced content, e.g., new roads and points of interest, for greater comfort and a more relaxed driving experience. Our tip: Combine the update with the next vehicle service.

## We have thought about everything. Especially you.

It's great when you don't have to look after everything yourself. Just like in your Audi A5, which is fundamentally designed to look after your needs. What's more, it can do so in a way that is completely tailored to your individual requirements – thanks to Audi Genuine Accessories, offering a wide range of intelligent solutions such as the parking aid, textile floor mats or luggage compartment shell. The high-quality products are optimally tailored to your A5 and offer even more comfort for every journey.

### 1 Luggage compartment inlay

All-round rim helps protect the luggage compartment floor from becoming soiled. Non-slip design holds loads more securely. Can be stowed away easily and takes up very little room.

### 2 Luggage compartment shell

Made-to-measure luggage compartment protection. Robust and washable. All-round edging prevents liquids from leaking onto the luggage compartment floor. Only for the A5 Coupé.

### 3 Luggage compartment box, foldable

The functional and handy box in black polyester offers storage solutions for up to 32 litres. Easily assembled thanks to the Velcro tabs. When laid flat, the box also acts as an additional protective underlay for the luggage compartment. Washable and easy to clean.

### 4 Premium textile floor mats

Tailored to the size of the floor in the Audi A5. Made from durable, tightly woven velour. With a special coating on the underside. The floor mats are always secured at the front of the vehicle using the points provided for this purpose on the floor. With A5 lettering.

### 5 Rubber floor mats

Made-to-measure. Better protection against heavy soiling. Secured to the vehicle using the fixing points on the floor. With A5 lettering.

### Vehicle cover (for indoor use)

Ideal fit, in Anthracite, bearing the Audi logo. Made from a breathable and antistatic material. The piping accentuates the shape of the vehicle. Excellent protection from dust and dirt.

## What can you learn from bats about parking?

There are few things we would like to mention. Such as **ultrasonic navigation**. Bats use this technique with impressive precision to navigate the most difficult of terrains. It was therefore only natural that Audi would fall back on this principle for the parking aid – a retrofit solution designed to help you park and judge distances. The four bumper sensors (which can be painted over) alternately send out an ultrasound signal that is reflected back by any obstacles. To achieve a high level of system precision in the relevant area between 140 cm and 30 cm, the retrofit kit is individually calibrated, thereby preventing objects such as the Audi Genuine Accessories' trailer towing hitch from being falsely detected. Using ultrasound, the bat arrives at its destination – and your Audi arrives safely in its parking space.

### 1 Retrofit solution for the parking system

Supports the driver by indicating acoustically how far away the vehicle is from an obstacle. Four ultrasonic sensors are concealed in the rear bumper. Activated by selecting reverse gear.

### Mud flaps

Made out of high-quality plastic. Reduce paint damage and dirt around the sills and the rear apron panel. Available in sets of two for the front and/or rear.

### Loading sill protective sheet

Exact fit. Made from transparent sheeting. Provides the bumper with better protection against damage when loading and unloading the luggage compartment. Only for the A5 Coupé.

### 2 Rear seat bag

An organised storage space for the rear seat bench. With its various interior mesh pockets, additional storage compartment and total volume of approximately 27 litres, the rear seat pocket in high-quality Audi design provides plenty of space for the various items required on a long journey. Easily secured using the three-point belt. Includes a non-slip surface on the underside of the bag.

### Waste bin

A practical product for disposing of rubbish accumulated when travelling, with a waterproof interior compartment and a capacity of approximately five litres. Can be fitted to the backrests of the front seats. Easy to clean. Standard refuse bags can also be used and secured easily inside the waste bin.

### Seat back pocket

Additional storage capacity in a high-quality Audi design with various practical sections – for an even tidier interior. The pocket has a volume of approximately 11 litres and can be secured to the backrests of the front seats. The handles also enable it to be used outside the vehicle.

### Ski bag

A convenient way to transport your skis. The ski bag with its premium design offers space for up to four pairs of skis or three snowboards, and can be secured to the fastening rings in the luggage compartment via the integrated straps. The roller system makes it easy to carry the bag outside the vehicle.
