THE ALL-NEW 2022 GR86

The spirit of a racing classic.

TRACK READY SINCE THE EIGHTIES.

Meet the next-gen sports coupe that was made for exhilarating fun. The all-new, redesigned 2022 GR86 continues to honour the spirit of the fun-to-drive, sporty AE86 Corolla's of the 1980s. The championship Toyota GAZOO Racing team was behind engineering a pure adrenaline-infused vehicle that offers greater curve-hugging precision as well as improved stability, power, and aerodynamics. The GR86 is available in manual or automatic Base or Premium options that are sure to put a large grin on your face as you accelerate down the straits or cruise down scenic roads.

MOTORSPORT
HERITAGE

Toyota GAZOO Racing.

PUSHING EVERY LIMIT.

Passion fuels innovation, and it's our passion for motorsport that fuels GAZOO Racing – Toyota's global in-house racing division. Racing gives us the opportunity to challenge ourselves, to find out what works, and to fix what doesn't. Collectively we grow through every turn of the wrench and every turn of the wheel. This dedication to growth has helped us earn wins in the FIA World Rally Championship, class wins in the ultra-punishing Dakar Rally, and back-to-back wins at Le Mans.

PERFORMANCE

Performance-enhancing fun.

ENGINEERED FOR PURE PERFORMANCE.

At the heart of the GR86 is an all-new 2.4 L horizontally opposed 4-cylinder boxer engine that pumps out 228 horsepower with 20% more engine displacement than its predecessor. The bigger engine also boasts improved zero-to-100 km/h times from 7.2 to 6.3 seconds for the MT and from 8.2 to 6.8 seconds for the AT, as well 184 lb.ft. of torque at 3,700 rpm. Toyota's D-4S dual injection technology is retuned to deliver a more aggressive throttle input, providing a cooling effect in the cylinders, which allows the engine to use a very high 12.5:1 compression ratio for maximum power.

PERFORMANCE

Handle the road like you own it.

WE DROPPED THE WEIGHT AND UPPED THE PERFORMANCE.

The Gazoo Racing engineers constructed the GR86 with a weight-saving aluminum roof and front fenders. The Base grade weighs in at only 1,275 kg for the MT (1,293 kg for the AT), making it among the lightest sportscars on the market. The combination of 53:47 front:rear balance, a low-slung 1,311 mm overall height, and a compact flat-four boxer engine gives GR86 all the right ingredients for firmly planted handling and a low centre of gravity that guarantees maximum fun. The double wishboned rear suspension and stabilizer bars allow smooth wheel travel to help sharpen turns and enhance grip over uneven surfaces, while the Torsen® Limited-Slip Differential helps improve low-end acceleration by automatically distributing power to the wheel that needs it.

[Learn More](#)

PERFORMANCE

Everything you need to take control.

REENGINEERED TORQUE CURVE

Born to take on the track, GR86's flatter torque curve keeps G-forces on tap as you accelerate, giving you a more usable powerband as you reach 184 lb.ft. of peak torque, planting you in your seat.

6-SPEED MANUAL OR AUTOMATIC TRANSMISSION

Whether rowing through the gears of a 6-speed close-ratio manual with a short-throw shifter or triggering the paddle shifters of the 6-speed auto with Dynamic Rev Management, GR86 will always be ready for your next move.

VEHICLE STABILITY CONTROL TRACK MODE/FULL-OFF MODE

Turn on the new Track Mode to change the tach's display and bring important info like rpm and gear into focus. Vehicle Stability Control (VSC) is also dialed back to help you reach the limits of grip, while Full-Off Mode prevents the VSC from kicking in, putting you in full control.

DESIGN

Looks as thrilling as it drives.

A PERFECT BLEND OF STRENGTH, SOPHISTICATION, AND STYLING.

The redesigned GR86 reveals sharp lines, a sleek hood and roofline, and an aggressive stance that is sure to get attention. From its aerodynamic shape, shark skin-inspired moulded front bumper, air curtain, duck bill spoiler, wheel arch fins, and air outlets, every aspect of this sporty coupe was meticulously engineered to reduce drag, improve performance, and enhance fuel efficiency. But that attention to detail doesn't stop there. The GR86 features a G-mesh-shaped matrix grille that feeds air to the intake, sleek LED headlamps, dual exhaust, three-dimensional rear tail lights, and available 18-inch Aluminum Alloy Wheels with Michelin® Pilot® Sport 4s tires. In short, it's designed to turn heads as easily as it turns corners.

[Learn More](#)

DESIGN

Perfect, down to the last detail.

AN INTERIOR THAT PUTS THE FOCUS ON YOU.

The driver-focused cockpit features black piano-key and silver accents, LCD control dials, and turbine-style air vents. A three-spoked, leather-wrapped steering wheel with integrated Bluetooth® and audio controls puts you in command of the GR86's agile handling, while the black G-embossed fabric sport seats with side bolsters hug the body, especially when cornering sharp turns. The Premium grade ups the performance feel with perforated Alcantara seats, leather side bolsters, two-level heating, and aluminum sport pedals and footrest.

TECHNOLOGY

Technology at your fingertips.

STAY CONNECTED

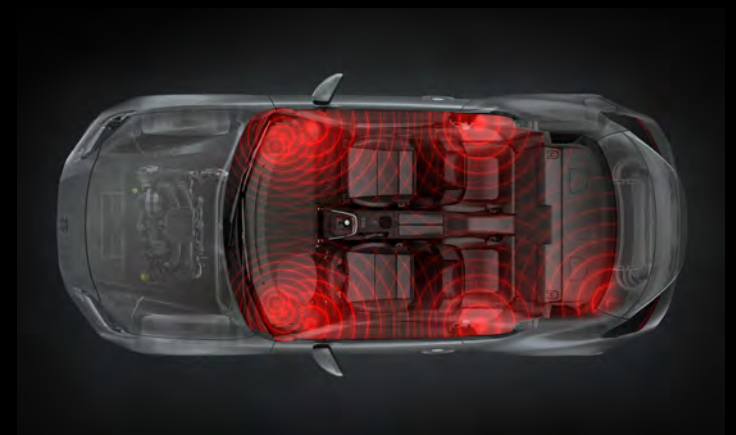

The GR86's 8-inch touch-screen display comes standard with Android Auto™¹ and Apple CarPlay™¹, and a suite of Connected Services¹ like Remote Connect, Service Connect and Safety Connect that help you stay connected while on the go.

DIGITAL GAUGE CLUSTER

Get all the vital information you need immediately. From the moment you power it up, GR86's fully digital instrument display welcomes you with a reminder of the FA24 inside. The configurable 3-mode gauge cluster allows you to toggle between Normal, Sport/Snow, or Track Modes (Automatic only), and change the way the rpm figure animates.

EIGHT SPEAKERS

Just like the engineering under the hood, GR86's speaker system is designed to amplify every drive. Cleaner, crisper, and more dynamic, GR86's available eight speakers deliver an enhanced sound quality to get you in the mood for every drive.

[Learn More](#)

SAFETY

Who knew safety could be so exhilarating?

SEVEN AIRBAGS

GR86 comes standard with an Advanced Airbag System that includes a total of seven airbags that are designed to help give you peace of mind and to keep you safe.

GR86 ACTIVE SAFETY SUITE

Automatic transmission models come standard with intelligent safety features, including Pre-Collision Braking, Full-Speed Dynamic Radar Cruise Control,² Pre-Collision Throttle Management, Lane Departure Warning,³ Sway Warning, and Lead Vehicle Start Alert.

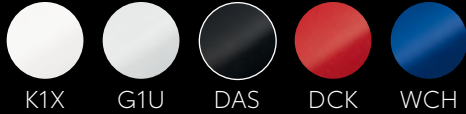

ADAPTIVE FRONT-LIGHTING SYSTEM

The eye-catching headlights feature LED Daytime Running Lights and an available Adaptive Front-Lighting System. At night, the available Adaptive Front-Lighting System headlights turn alongside the front wheels, helping you see better around the next corner.

DRIVETRAIN

- 6-Speed, Manual Transmission with 2.4 Litre, 4-Cylinder with 228 hp @ 7,000 rpm & 184 lb.ft. of Torque @ 3,700 rpm
- Horizontally Opposed Flat-Four Boxer Engine with D-4S Fuel Injection
- Premium Fuel Recommended
- Rear Wheel Drive with Active Rear Sport Differential
- Adaptive Steering Sport-Tuned Electric Power Steering
- Vehicle Stability Control
- Rear Double Wishbone Type Stabilizer Bar
- Combined City & Highway Rating:
MT – 11.7 L/100 km 20 mpg,⁴ AT – 11.2 L/100 km 21 mpg⁴

ENTERTAINMENT & CONNECTIVITY

- Remote Connect (3-Year Trial Subscription), Service Connect (3-Year Trial Subscription), Safety Connect (3-Year Trial Subscription)
- 8" Touch Screen, 6-Speakers
- Apple CarPlay™¹ Compatibility
- Android Auto™¹ Compatibility
- SiriusXM® Satellite Radio with 3-Month All-Access Trial
- USB Input Port, Auxiliary Input Jack, Bluetooth®
- Sport Steering Wheel with Audio Controls
- Backup Camera

INTERIOR

- Available Colour: Black Fabric
- Dual-Zone Independent Automatic Climate Control
- Front Sport Seats, 4-Seat Capacity
- Manual 6-Way Adjustable Driver's Seat
- Manual 4-Way Adjustable Front Passenger Seat
- 7" Digital Gauge Cluster
- Rear Window Defogger
- Tilt & Telescopic Leather-Wrapped Steering Wheel
- Trunk Opener Switch Illumination, Keyless Entry

EXTERIOR

- Available Colours:⁵ Halo (K1X), Steel (G1U), Raven (DAS), Track bRed (DCK), Trueno Blue (WCH)
- Gazoo Racing (GR) Badge
- Colour-Keyed Front & Rear Bumpers
- Heated, Power Adjustable Colour-Keyed Mirrors
- Variable Intermittent Wipers
- Dual Exhaust
- LED Daytime Running Lights
- LED Headlamps
- 17" Aluminum Alloy Wheels & P215/45R17 Michelin® Primacy HP Tires

SAFETY

- Star Safety System™¹
- 7 Airbags
- Smart Key System with Push Button Start
- Anti-Theft Alarm System
- Cruise Control

OPTIONAL

AUTOMATIC TRANSMISSION

- Automatic Transmission with Paddle Shifters
- Available Safety Features: Pre-Collision Braking, Full-Speed Dynamic Radar Cruise Control,² Pre-Collision Throttle Management, Lane Departure Warning,³ Sway Warning, Lead Vehicle Start Alert
- Automatic High Beams⁶

ACCESSORIES

Toyota Genuine Accessories are custom designed and engineered to fit your specific Toyota vehicle and are backed by a Toyota Warranty.

- 17X7.5 Forged Alloy Wheel – Flat Bronze
- Auto-Dimming Rear View Mirror
- Cargo Liner
- Cargo Net
- Door Cup Protection Film
- Door Edge Film
- Fender Vent Insert
- GR Shift Knob – Automatic
- GR Shift Knob – Manual
- Pro Series Paint Protection Film – Hood
- Pro Series Paint Protection Film – Roof
- Rear Bumper Applique – Black
- Rear Bumper Applique – Clear
- Side Window Visors
- Toyota Genuine Dash Camera
- Wheel Lock Set

DISCLAIMERS

(1) Driving while distracted can result in loss of vehicle control. Some features may be locked out while the vehicle is in gear. To reduce the risk of an accident while driving, exercise care when using the systems (even with the voice commands) and obey all local laws concerning use of the systems while driving (as some laws prohibit the use of electronic devices while operating a vehicle). Once the Connected Services by Toyota trial subscription expires, paid enrollment is required. Apple CarPlay, iPhone and Siri are trademarks of Apple Inc. Android Auto and Google Assistant are trademarks of Google LLC. A compatible customer phone pairing is required and customers are responsible for all data charges. (2) Dynamic Radar Cruise Control is designed to assist the driver and is not a collision-avoidance system or a substitute for safe and attentive driving practices. System effectiveness depends on many factors such as weather, traffic and road conditions. (3) Lane Departure Warning is designed to read lane markers under certain conditions and provide visual and audible alerts when lane departure is detected. It is not a substitute for safe and attentive driving. (4) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. (5) Not all exterior and interior colour options are available for every model. (6) Automatic High Beam system operates at speeds above approximately 34 km/h. Factors such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (7) Do not rely exclusively on the Blind Spot Monitor System and Rear Cross-Traffic Alert System. They are not collision-avoidance systems or substitutes for safe and attentive driving.

Details on the above features can be found in the Owner's Manual or through your local Toyota Dealer.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of publication. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website toyota.ca – or your Toyota Dealer is your best source for up-to-date information.
