THE 2022 VENZA

# Refinement revolutionized.

## Made for modern life.

The 2022 Venza is a timeless SUV that was built to elevate your life. Not only does its chic exterior and lux interior beam with sophistication and taste, but you'll feel closer than ever to the essential tech features that make your life easier, safer, and more entertaining. Available only in a Hybrid Powertrain, the highly efficient four-cylinder engine delivers an exceptional 219 horsepower that shows off the next generation of Toyota's hybrid technology. The 2022 Venza is a reflection of your very best self.

[Hybrid Facts](#)

DESIGN

# Defined by the details.

## Contemporary craftsmanship.

The Venza exudes stylish confidence with its low body height, tapered roofline, available 19-inch alloy wheels, and LED headlamps. Its sleek styling is coupled with a premium interior that champions comfort with available features that include SofTex® seats, ventilated front seats, and a heated steering wheel. Heated front seats are standard. And with Venza's smart tech, you can customize every driving experience. The Smart-Flow Climate Control System can direct air conditioning to only occupied seats for optimized comfort, while also helping to reduce energy consumption. And Toyota's first ever available Star Gaze™ Fixed Panoramic Glass Roof can switch to frosted mode to minimize direct sunlight.

[Learn More](#)

## TECHNOLOGY

# Future-forward tech.

### INTUITIVE TECH

Venza offers tech-focused features such as Apple CarPlay™<sup>1</sup> and Android Auto™<sup>1</sup> compatibility, Bluetooth®, 4 USB Charging Ports, and Short Range Key Fob Remote Start. Available features include a 12.3-inch touch-screen display with 9 JBL® speakers, a 7-inch colour Multi-Information Display, and a 10-inch colour head-up display.

### BIRD'S-EYE-VIEW CAMERA<sup>2</sup>

The available Bird's-Eye-View Camera gives you a live, 360-degree view of your vehicle's surrounding area. This advanced feature helps you locate nearby objects, so you can park with more confidence than ever before.

### Qi WIRELESS CHARGING<sup>3</sup>

Simply place your Qi compatible device on the Qi wireless charger for a quick and easy charge.

### CONNECTED SERVICES BY TOYOTA<sup>1</sup>

Staying connected has never been easier with a suite of connectivity features including Remote Connect, Safety Connect®, Service Connect,<sup>4</sup> and available Destination Assist to help enhance your driving experience.

PERFORMANCE

# Efficiency without exception.

## **Energize your drive.**

The 2022 Venza features Toyota's legendary Hybrid Powertrain, which combines a high-efficiency four-cylinder engine with three electric motors to deliver 219 horsepower. Venza provides not only exceptional fuel efficiency but also enhanced performance and handling. You can also tailor its performance personality with four driving modes: Normal, ECO, Sport, and EV. Electronic On-Demand All-Wheel Drive also comes standard with a rear-mounted electric motor that helps power the rear wheels as needed. And Venza makes use of vibration and noise dampeners engineered to create an impressively quiet and serene driving experience.

SAFETY

# Toyota Safety Sense™

No matter what roads you travel, Toyota Safety Sense™<sup>5</sup> (TSS) 2.0 is always there to help keep you – and those around you – as safe as possible. It's an advanced suite of innovative safety features that comes standard on the 2022 Venza, and it is designed to help protect drivers, passengers, pedestrians, and people in other vehicles from harm.

[Learn More](#)

## **PRE-COLLISION SYSTEM WITH PEDESTRIAN & BICYCLE DETECTION<sup>6</sup>**

It provides collision avoidance or collision mitigation support in speed ranges where frontal collisions are likely to occur. The latest system has enhanced low-light capabilities to help detect pedestrians at night. In certain conditions during the day, the Pre-Collision System with Pedestrian and Bicycle Detection may also help to detect leading and crossing cyclists and help prevent or mitigate a collision.

## **AUTOMATIC HIGH BEAMS<sup>7</sup>**

Designed to detect oncoming and preceding vehicles' lights and depending upon the circumstances, Automatic High Beams can switch between high and low beams for you.

[Learn More](#)

### **LANE DEPARTURE ALERT WITH STEERING ASSIST<sup>8</sup> & ROAD EDGE DETECTION**

It alerts you if you start to drift out of your lane when visible lane markings or the road edge is detected. The Steering Assist function may also provide small corrective steering inputs.

### **FULL-SPEED RANGE DYNAMIC RADAR CRUISE CONTROL<sup>9</sup>**

Dynamic Radar Cruise Control (DRCC) uses vehicle-to-vehicle distance control, which adjusts your speed, to help you maintain a preset distance from vehicles ahead of you that are driving at a slower speed. DRCC uses a front-grille-mounted radar and an in-vehicle camera designed to detect vehicles and their distance.

### **LANE TRACING ASSIST<sup>10</sup>**

It provides steering support to help the driver keep the vehicle centred in its lane when Dynamic Radar Cruise Control is in operation.

## EXTERIOR COLOURS<sup>11</sup>

[CLICK VEHICLE FOR COLOUR OPTIONS >](#)

## DRIVETRAIN

- 2.5 Litre, 4-Cylinder with 219 Net hp (163 kW), Hybrid Synergy Drive®
- Electronic On-Demand All-Wheel Drive with intelligence
- Dual Variable Valve Timing with intelligence, Drive Mode Select – Normal, ECO, Sport & EV Modes
- Electronically Controlled Continuously Variable Transmission
- Power-Assisted, Ventilated Front & Rear Discs, Electric Parking Brake
- Front Suspension: MacPherson Struts with Front Stabilizer Bar
- Rear Suspension: Multi-link with Rear Stabilizer Bar
- Electric Power Steering
- Combined City & Highway Rating 6.1 L/100 km 46 mpg<sup>12</sup>

## ENTERTAINMENT & CONNECTIVITY

- Audio Plus with Remote<sup>1</sup> – includes Remote Connect (1-Year Trial), Safety Connect® (1-Year Trial), Service Connect<sup>4</sup> (Up to 8-Year Trial)
- Short Range Key Fob Remote Start
- 8" Touch Screen, 6-Speakers
- Apple CarPlay™<sup>1</sup> Compatibility
- Android Auto™<sup>1</sup> Compatibility
- SiriusXM® Satellite Radio with 3-Month All-Access Trial
- Shark Fin Type Antenna
- 4 USB Charging Ports, Auxiliary Input Jack, Bluetooth®
- 4.2" Full Colour Multi-Information Display
- Backup Camera
- Qi Wireless Charging<sup>3</sup>

## INTERIOR

- Available Colour: Black Fabric
- Air Conditioning with Smart-Flow Climate Control System & Pollen Filtration
- Heated Power Adjustable 8-Way with 2-Way Lumbar Support Driver Seat
- Heated Manual 4-Way Front Passenger Seats
- 60/40 Split Rear Bench Seat with Fold-Down Seat Back
- 3-Spoke, Leather-Wrapped Steering Wheel & Shift Knob
- Power Adjustable Steering Column
- Day & Night Mechanical Rear View Mirror
- Tonneau Cover

## EXTERIOR

- Available Colours: Blizzard Pearl (070), Coastal Grey Metallic (1K9), Black (202)
- Dual Tip Exhaust
- Power Adjustable Heated Colour-Keyed Mirrors
- Variable Intermittent Wipers
- Power Liftgate
- Parabola LED Headlamps
- High-Mounted Stop Lamp
- Puddle Lamps with "Venza" Logo
- 18" Aluminum Alloy Wheels & P225/60R18 All-Season Tires, Temporary Spare Tire

## SAFETY

- Toyota Safety Sense™ 2.0
- Star Safety System™
- 8 Airbags
- Smart Key System with Push Button Start
- Blind Spot Monitor with Rear Cross-Traffic Alert<sup>13</sup>

Every Toyota Car, Truck, and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

[Learn More](#)

### BASIC

36 months/60,000 km, whichever comes first (all components that are defective in material or workmanship excluding normal wear and maintenance items).

**36 MONTHS**  
OR  
**60,000 km**

### HYBRID-RELATED COMPONENT COVERAGE

Hybrid-related components, including the battery control module, hybrid control module, and inverter with converter, are covered for 96 months/160,000 km.

**96 MONTHS**  
OR  
**160,000 km**

### HYBRID BATTERY

HV battery is covered for 120 months/240,000 km, whichever comes first. Warranty coverage is subject to terms and conditions.

**120 MONTHS**  
OR  
**240,000 km**

### POWERTRAIN

60 months/100,000 km, whichever comes first (engine, transmission/transaxle, drive system, seatbelts, and airbags).

**60 MONTHS**  
OR  
**100,000 km**

### CORROSION PERFORATION

60 months/unlimited km (corrosion perforation of sheet metal).

**60 MONTHS**  
OR  
**UNLIMITED km**

### EMISSIONS

Coverages vary under federal and provincial regulations.

# Simple, safe, and convenient ways to shop for your new Toyota.

## Visit a dealership

When you're ready to test drive a Toyota, contact a dealership near you for help.

[Find a Dealer](#)

## Find great incentives

Take advantage of Toyota incentives including cash, lease, and financing offers available at dealerships across Canada.

[Offers/Promotions](#)

## Get financing

Toyota Financial Services can help you get behind the wheel of a new Toyota faster with quick & easy online pre-approvals.

[Financial Services](#)

(1) Driving while distracted can result in loss of vehicle control. Some features may be locked out while the vehicle is in gear. To reduce risk of accident while driving, exercise care when using the systems (even with the voice commands) and obey all local laws concerning use of the systems while driving (as some laws prohibit the use of electronic devices while operating a vehicle). Once the Connected Services by Toyota trial subscription expires, paid enrollment is required. Apple CarPlay, iPhone and Siri are trademarks of Apple Inc. Android Auto and Google Assistant are trademarks of Google LLC. A compatible customer phone pairing is required and customers are responsible for all data charges. (2) Cold weather and other environmental factors may limit system. Operates at low speed or when parked. Do not rely exclusively on the system as it is not intended to replace safe attentive operation of the vehicle. You should also look around outside your vehicle, over your shoulder and use your mirrors to confirm clearance. (3) Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models. When using the wireless charging system avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns. (4) Services are dependent upon connection to a compatible 4G wireless network, provided by a third-party wireless service provider. Toyota is not responsible for 4G cellular network discontinuance and will not provide compensation for reduced service availability. Based on current information, 4G network availability may end as early as 2029. (5) Drivers should always be responsible for their own safe driving. Please always pay attention to your surroundings and drive safely. Depending on the conditions of roads, vehicles, weather, etc., the TSS systems may not work as intended. (6) The TSS Pre-Collision System is designed to help avoid or reduce the impact speed and damage in certain frontal collisions only. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, driver input and weather, light and road conditions. (7) Automatic High Beam system operates at speeds above approximately 34 km/h. Factors such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (8) Lane Departure Alert with Steering Assist is designed to read lane markers under certain conditions and provide visual and audible alerts and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. (9) Dynamic Radar Cruise Control is designed to assist the driver and is not a collision-avoidance system or a substitute for safe and attentive driving practices. System effectiveness depends on many factors such as weather, traffic and road conditions. (10) Lane Tracing (Trace) Assist (LTA) is designed to read visible lane markers and detect other vehicles under certain conditions. When potential lane departure is detected, LTA provides a visual warning and either an audible alert or vibration in the steering wheel and can apply a slight steering force. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. (11) Not all exterior and interior colour options are available for every model. (12) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. (13) Do not rely exclusively on the Blind Spot Monitor System and Rear Cross-Traffic Alert System. They are not collision-avoidance systems or substitutes for safe and attentive driving.

Details on the above features can be found in the Owner's Manual or through your local Toyota Dealer.
