THE 2022 C-HR

# Get ready to break through.

## **Isn't it time to get behind the wheel of something different?**

There's never been a Toyota quite like the 2022 C-HR. With its distinctive look and sculpted, athletic styling from every angle, it stands out wherever you take it. And no matter where that is, you'll stay comfortable and connected, thanks to premium features and intuitive technology right at your fingertips. But the C-HR isn't just about looks, style, and comfort – it's fun to drive with the perfect blend of responsiveness and control that will make every drive memorable. With a spacious interior and state-of-the-art safety features that come standard, it's the perfect vehicle to help you break free of the everyday and find your next adventure.

## DESIGN

# Designed to be different.

### **Expect to get noticed.**

The C-HR's energetic design and sporty styling is on full display. Its dramatic silhouette is accentuated by a distinctive diamond-shaped grille, dynamic rear spoiler, large-diameter wheels, and sculpted tail lights. Inside, the driver-centric cockpit includes a slightly angled dash to give you an unobstructed view of the road and easy access to the intuitive tech. Premium soft-touch materials and diamond pattern accents add to the exceptional interior – but there's function to all of this form. The C-HR is designed to maximize space, with slim seatbacks, a spacious footwell, and convenient 60/40 split folding rear seats.

[Learn More](#)

## TECHNOLOGY

# Smart tech that takes you further ahead.

### **STEERING WHEEL-MOUNTED**

Easily access your favourite playlists and podcasts with Bluetooth® wireless technology. With steering wheel-mounted button and voice controls, you won't even have to take your hands off the wheel.

### **APPLE CARPLAY™<sup>1</sup> COMPATIBILITY**

Connect a compatible iPhone® to get directions, make calls, send and receive messages, and listen to your playlists with your voice through Siri® or the steering wheel controls – all while maintaining focus on your drive.

### **ANDROID AUTO™<sup>1</sup> COMPATIBILITY**

Bring your favourite smartphone apps into one place, for easy access to navigation, media, and communication apps. With Google Assistant™, you can perform actions with your voice, keeping your eyes on the road and your hands on the wheel.

### **BACKUP CAMERA**

When reversing, the 8-inch touch screen on the dash displays an image of what the backup camera sees behind you.

PERFORMANCE

# The thrill of the drive.

## **Performance that's a pure pleasure.**

The C-HR is designed to maximize driving pleasure with every turn of the wheel. The 2.0-litre 4-cylinder CVT with Sequential Shift engine produces 144 horsepower and 139 lb.ft. of torque. The engine employs many of Toyota's latest generation of technologies, including Variable Valve Timing and Valvematic, both of which help to enhance fuel economy and improve engine responsiveness to deliver a drive like no other. Inspired by race cars, C-HR also features Sport Driving Mode. This smart tech sharpens the throttle for lively acceleration. Just step on the gas, and get ready for some thrills.

SAFETY

# Toyota Safety Sense™

Toyota  
Safety  
Sense

No matter what roads you travel, Toyota Safety Sense™<sup>2</sup> (TSS) 2.0 is always there to help keep you – and those around you – as safe as possible. It's an advanced suite of innovative safety features that comes standard on the 2022 C-HR, and it is designed to help protect drivers, passengers, pedestrians, and people in other vehicles from harm.

[Learn More](#)

## PRE-COLLISION SYSTEM WITH PEDESTRIAN & BICYCLE DETECTION<sup>3</sup>

It provides collision avoidance or collision mitigation support in speed ranges where frontal collisions are likely to occur. The latest system has enhanced low-light capabilities to help detect pedestrians at night. In certain conditions during the day, the Pre-Collision System with Pedestrian and Bicycle Detection may also help to detect leading and crossing cyclists and help prevent or mitigate a collision.

## AUTOMATIC HIGH BEAMS<sup>4</sup>

Designed to detect oncoming and preceding vehicles' lights and depending upon the circumstances, Automatic High Beams can switch between high and low beams for you.

[Learn More](#)

### **LANE DEPARTURE ALERT WITH STEERING ASSIST<sup>5</sup> & ROAD EDGE DETECTION**

It alerts you if you start to drift out of your lane when visible lane markings or the road edge is detected. The Steering Assist function may also provide small corrective steering inputs.

### **FULL-SPEED RANGE DYNAMIC RADAR CRUISE CONTROL<sup>6</sup>**

Dynamic Radar Cruise Control (DRCC) uses vehicle-to-vehicle distance control, which adjusts your speed, to help you maintain a preset distance from vehicles ahead of you that are driving at a slower speed. DRCC uses a front-grille-mounted radar and an in-vehicle camera designed to detect vehicles and their distance.

### **LANE TRACING ASSIST<sup>7</sup>**

It provides steering support to help the driver keep the vehicle centred in its lane when Dynamic Radar Cruise Control is in operation.

## DRIVETRAIN

- 2.0 Litre, 4-Cylinder with 144 hp @ 6,100 rpm & 139 lb.ft. of Torque @ 3,800 rpm
- Front Wheel Drive
- Valvematic (continuously variable valve train mechanism), Dual Variable Valve Timing with intelligence
- Continuously Variable Transmission Sequential Shift, Sport Mode, ECO Mode
- Power-Assisted, Ventilated Front Discs, Solid Rear Discs, Electric Parking Brake
- Front Suspension: MacPherson Struts with Front Stabilizer Bar
- Rear Suspension: Multi-link with Rear Stabilizer Bar
- Combined City & Highway Rating 8.2 L/100 km 34 mpg<sup>9</sup>

## ENTERTAINMENT & CONNECTIVITY

- 8" Touch Screen, 6-Speakers
- Apple CarPlay™<sup>1</sup> Compatibility
- Android Auto™<sup>1</sup> Compatibility
- USB Input Ports, Auxiliary Input Jack, Bluetooth®
- Shark Fin Type Antenna
- 4.2" TFT Multi-Information Display
- Backup Camera

## INTERIOR

- Available Colour: Black Fabric
- Dual-Zone Automatic Climate Control
- Front Seats with Manual Recline, Fore/Aft, Vertical Adjustments
- 60/40 Split Rear Bench Seat with Fold-Down Seat Back
- Power Windows & Auto Door Locks
- Piano Black Accented Instrument Panel Trim
- Urethane Steering Wheel
- Leather-Wrapped Shift Knob
- Day & Night Mechanical Rear View Mirror
- Tonneau Cover

## EXTERIOR

- Available Colours: Wind Chill Pearl, (089), Magnetic Grey Metallic (1G3), Black Sand Pearl (209)
- Colour-Keyed Rear Spoiler
- Rear Bumper Protector
- Intermittent Front Wipers, Intermittent Rear Window Wiper
- Illuminated Vanity Mirrors
- Acoustic Noise Reducing Front Windshield Window Glass
- Front Windshield De-Icer
- Keyless Entry
- LED Headlamps, Puddle Lamps
- 17" Steel Wheels & P215/60R17 All-Season Tires

## SAFETY

- Toyota Safety Sense™ 2.0 – Pre-Collision System with Pedestrian & Bicycle Detection, Full-Speed Dynamic Radar Cruise Control, Lane Departure Alert with Steering Assist & Road Edge Detection, Automatic High Beams
- Star Safety System™
- 10 Airbags
- Engine Immobilizer
- Hill-start Assist Control
- Tire Pressure Monitoring System

[Offers/Promotions](#)

 **Get financing**

Toyota Financial Services can help you get behind the wheel of a new Toyota faster with quick & easy online pre-approvals.

[Financial Services](#)

(1) Driving while distracted can result in loss of vehicle control. Some features may be locked out while the vehicle is in gear. To reduce risk of accident while driving, exercise care when using the systems (even with the voice commands) and obey all local laws concerning use of the systems while driving (as some laws prohibit the use of electronic devices while operating a vehicle). Once the Connected Services by Toyota trial subscription expires, paid enrollment is required. Apple CarPlay, iPhone and Siri are trademarks of Apple Inc. Android Auto and Google Assistant are trademarks of Google LLC. A compatible customer phone pairing is required and customers are responsible for all data charges. (2) Drivers should always be responsible for their own safe driving. Please always pay attention to your surroundings and drive safely. Depending on the conditions of roads, vehicles, weather, etc., the TSS systems may not work as intended. (3) The TSS Pre-Collision System is designed to help avoid or reduce the impact speed and damage in certain frontal collisions only. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, driver input and weather, light and road conditions. (4) Automatic High Beam system operates at speeds above approximately 34 km/h. Factors such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (5) Lane Departure Alert with Steering Assist is designed to read lane markers under certain conditions and provide visual and audible alerts and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. (6) Dynamic Radar Cruise Control is designed to assist the driver and is not a collision-avoidance system or a substitute for safe and attentive driving practices. System effectiveness depends on many factors such as weather, traffic and road conditions. (7) Lane Tracing (Trace) Assist (LTA) is designed to read visible lane markers and detect other vehicles under certain conditions. When potential lane departure is detected, LTA provides a visual warning and either an audible alert or vibration in the steering wheel and can apply a slight steering force. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. (8) Not all exterior and interior colour options are available for every model. (9) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. (10) Do not rely exclusively on the Blind Spot Monitor System and Rear Cross-Traffic Alert System. They are not collision-avoidance systems or substitutes for safe and attentive driving.

Details on the above features can be found in the Owner's Manual or through your local Toyota Dealer.
