and Design Accessories*

A distinctive approach.

**Every mile deserves boldness.**

**Express it your way.**

The A7 and S7 feature bold, powerful attitudes with strong, stunning lines. Express your own style by adding Audi Genuine Sport and Design Accessories. All are carefully scrutinized in the design and development process. So while they're striking in appearance, they've also passed rigorous quality assessments. If you're looking for a bolder appearance or a finishing touch, there is an Audi designed solution that makes every mile more enjoyable and more yours.

**Audi Sport® license plate frame<sup>1</sup>**

This attractive frame is constructed of highly durable materials. Choose carbon fiber, black powdercoat, polished or brushed finish.

**Slimline license plate frames<sup>1</sup>**

Sleek metal frames are constructed of corrosion-resistant stainless steel. Brushed, polished and black finishes all feature the four rings logo. Carbon fiber composite frame features a clean design without the logo.

**Valve stem caps**

Emblazoned with the iconic Audi rings, these handsome caps complement the unique design of the wheels on your A7 or S7.

**19" 5-V-spoke winter wheel and tire package**

Unlike ultra-high-performance and all-season tires, winter tires are specifically engineered to help improve traction, handling and safety in snow, ice, and even on dry roads in temperatures below 45°F<sup>2</sup>. They help maximize the impressive capabilities of Audi quattro® all-wheel drive. Audi wheel and tire packages feature brand-name, factory-approved tires mounted on Audi Genuine Alloy Wheels. Package offerings are subject to change without notice. See your authorized Audi Dealer for details.

<sup>1</sup> Check local laws and regulations regarding use. <sup>2</sup> High-performance tires are designed for optimum performance and handling in warm climates. They are not suitable for cold, snowy, or icy weather conditions. If you drive under those circumstances, you should equip your vehicle with all-season or winter tires, which offer better traction under those conditions. Even with appropriate tires, you must always drive in a manner appropriate for the weather, visibility, and road conditions. See your dealer for more information.

**20" 5-arm parabolic wheel and tire package**

Add an impressive finishing touch with this eye-catching design. Anthracite with machine-polished spokes.

<sup>1</sup> Audi Navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system, and existing wireless and satellite technologies, must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible; therefore, you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested Audi Navigation plus route. Periodically, mapping updates will be available for purchase at an additional cost. Consult your dealer or call 1.800.FOR.AUDI (367.2834) for details.
