

**Certified**  
pre-owned

## Introducing an intelligent option.

**If you're considering a Certified pre-owned car, you'll have peace of mind knowing we've considered its Past, Present and Future.**

- ▶ **Past:** Introducing the CARFAX® advantage. Your vehicle's most complete history. Only cars with an approved CARFAX Report are considered for our Certified pre-owned program.
- ▶ **Present:** Here's where our rigorous 300+ Point Inspection and Certification process begins. From the headlights to the engine to every electrical and safety system, we consider everything.
- ▶ **Future:** A factory-backed limited warranty with coverage for up to six years or 100,000 total vehicle miles.<sup>1</sup> The balance of the no-charge scheduled maintenance,<sup>2</sup> and the balance of the car's 12-year Limited Warranty Against Corrosion Perforation,<sup>3</sup> regardless of mileage. A complimentary service loaner,<sup>4</sup> as well as 24-hour customer service support, and special financing and leasing are available.

## It's time to drive.

Once behind the wheel of an Audi Certified pre-owned vehicle, you'll want to enjoy the open road without a second thought. And once again, we're there for you. In fact, Audi 24/7 Roadside Assistance<sup>5</sup> is just a service call away. Simply call the toll-free number and we'll send a service vehicle on its way. For questions of a general nature, such as help changing a tire or programming a clock, call 1-800-FOR-AUDI and we'll be happy to assist you.

Certified

## Timeless style. Legendary performance.

At Audi, design isn't about fads or flourishes. From the TT to the A8 L, we strive to create cars that will look fresh and vital years down the road. While other manufacturers can tout their own programs for selling Certified pre-owned cars, Audi can boast that the cars it offers will look current for years to come.

Timeless design bears a responsibility to share the wealth — Coupe, Roadster, Cabriolet, Avant® models and an expanding array of sedans. Every one a standard in its class. And as the inventor of quattro®, we offer a wide selection of transmissions. From five- and six-speed manuals to the five- and six-speed Tiptronic®, to the revolutionary multitronic CVT, and our newest transmission, the S tronic®, there is an Audi that fits you.

At Audi, we also pride ourselves on leading the industry from the inside out. We test every material extensively to ensure your interior will look showroom new for years. In fact, our leather interiors are tanned organically to help eliminate harmful outgassing.

## Thoughtfully engineered for one person: You.

No car better illustrates the inherent logic of Past, Present and Future quite like the A8 line. The world's first all-aluminum, volume production car, the A8 and its revolutionary all-aluminum ASF® represent metallurgical alchemy at its versatile best — taking one of the most common elements and transforming it into the most uncommon luxury car on earth. An element that happens to be endlessly recyclable. Past, Present and Future in one extraordinary package. From front-wheel drive to legendary quattro® all-wheel drive to groundbreaking suspensions and transmissions, if Audi history is any indication of what the future may hold, then it's safe to assume the future looks bright.

Performance is a good deal more than fast times from 0 to 60 mph. At Audi, performance translates into quick turns and fast stops. But above all, performance means standing up to the test of time. That's why we're so proud of capturing the world's most prestigious test of endurance, the 24 Hours of Le Mans, six times in the last seven years.

**You may be buying an Audi,  
but you're also getting the support  
of a whole company.**

Eager to put his own theories to the test, founder August Horch began producing cars under his own name in 1899. Ten years later, he started another company — Audi. The values that drove Horch in those early days motivate us at Audi to this day. Horch himself loved to race his cars. Not for personal glory, but to discover the threshold for performance and reliability. And so today, we continue to race all over the world.

**Audi Certified pre-owned  
coverage includes:**

- ▶ The remainder of the Limited New Vehicle Warranty.<sup>1</sup>
- ▶ The balance of no-charge scheduled maintenance.<sup>2</sup>
- ▶ The balance of the car's 12-year Limited Warranty Against Corrosion Perforation, regardless of mileage.<sup>3</sup>
- ▶ A complimentary service loaner.<sup>4</sup>
- ▶ 24-hour customer service support.<sup>5</sup>
- ▶ Our goal is simple: We are counting on you to come back to Audi again and again.

## Audi Financial Services®

**Audi Finance offers a portfolio of financial products designed to enhance your ownership experience. Whether you lease or finance, we're committed to offering you flexibility, convenience, dedication and personalized service.**

When you buy or lease an Audi Certified pre-owned car, you receive the full support of the dealership where you take delivery. It's also comforting to know that no matter how far your travels take you, your Certified pre-owned Limited Warranty will be honored at the more than 300 Authorized Audi Dealerships and Audi Service Centers throughout North America.

Once again, it's all about the Past, Present and Future.

Audi Financial Services®

## We also excel on cyber highways.

The best place to begin your search for a Certified pre-owned Audi is right here. In fact, you may want to check [audiusa.com/certified](http://audiusa.com/certified) regularly as we update our inventory daily.

Thanks to the Web, we can help you search for just the car you want. Quickly. We'll even help you compare your car and its features to the competition. From finding the dealer nearest you to learning more about Audi in general, the Web remains a tremendous resource.

In fact, after you join the Audi family, we'd like to invite you to explore the other aspects of Audi. For example, shop the Audi Collection. Or sign up for the Audi Driving Experience held at racetracks all over the continent. It's all a part of getting the complete Audi experience.

Truth in Engineering™ [audiusa.com/certified](http://audiusa.com/certified)

## Design in harmony with technology.

Combining graceful designs and breakthrough technology makes selecting a Certified pre-owned Audi a wise choice. Not just now, but for years down the road. Take quattro® all-wheel drive, for example. With other manufacturers only now discovering the merits of four driven wheels, Audi has more than 25 years of experience and numerous world championships to back up our quattro® technology. But our commitment to technological innovation doesn't end with the transmission. Audi proprietary development includes four-link front suspension, FSI® Direct Injection, aluminum and laser-welded space frames. In fact, technologies others often tout for their new cars can be found in the Certified pre-owned car you're considering.

### Model Overview

# A3

The new A3 proves that luxury isn't a synonym for large. A neat package. The whole package.

# A4

Available as a sedan, Avant or Cabriolet, there's bound to be an A4 or an S4 that's right for you. Proof that growing up doesn't mean growing old.

# A5

The ultimate execution of a coupe, the A5 and S5 fuse technology, progressive design and raw power to handle any road ahead.

# A6

Choose an A6, S6 or RS 6 sedan or an A6 or S6 Avant. Style with substance flawlessly merged.

# A8

The global leader in aluminum-car production, Audi, with its A8 and S8 line, represents a new ideal in the premium luxury class.

# TT

Whether a Coupe or Roadster, the TT offers a wealth of choices in displacement, transmissions and interior options. Icons of form and function, built to stand the test of time.

# allroad quattro

Thanks to its revolutionary four-level suspension, a true best-of-both-worlds machine: A German luxury car on smooth highways and the capabilities of an SUV when the going gets tough.

# Q7

The Audi Q7 seamlessly integrates the versatility of an SUV with the agility of a sport sedan. Once again, delivering the Audi standard of luxury and performance.

# quattro

Legendary quattro® all-wheel drive gives you four points of active contact for performance and security.

## Safety is all consuming.

When it comes to safety, Audi philosophy is quite simple: Consider each element, because there are no unimportant details. Our first goal, always, is accident avoidance. And when that's not possible, we provide the very best in passive protection. Every Audi features front and front side airbag technology.\* Even the wood trim found in many of our cars has been treated to help make sure it doesn't splinter in an accident. At Audi, safety isn't just another thing — it's everything.

Your Audi dealer will provide you with an approved CARFAX Vehicle History Report that makes purchasing a Certified pre-owned car from Audi a more satisfying proposition. In fact, an approved CARFAX Report is required of all Audi Certified pre-owned cars.

## The industry's most rigorous inspection.

No other manufacturer puts its Certified pre-owned cars through a tougher series of inspections. We closely examine every component — from safety and security systems to the engine and electrical system. As well as the undercarriage, drivetrain, suspension and transmission. We inspect the body just as rigorously, looking for dings, dents, scratches and the like. Finally, we focus our efforts on the interior of the car. Only after a comprehensive inspection completed by an authorized Audi dealership does a pre-owned car become an Audi Certified car. A visual inspection is never enough.

## Consider this the car's diploma.

We put our good name on the line. As a final welcome to the Audi family, both an Audi Service Manager and an Audi Brand Specialist certify that your car is indeed something special. A car you can drive knowing its Past has been thoroughly documented, its Present well taken care of and its Future comprehensively planned and covered. This Certificate is tangible proof of our commitment to you and your vehicle.

<sup>1</sup>If there is remaining coverage from the Audi Limited New Vehicle Warranty at the time of Certified pre-owned purchase, the Audi Limited New Vehicle Warranty provides coverage on the Certified pre-owned vehicle until its expiration, either four years from the original in-service date or at 50,000 miles, whichever occurs first. When the Audi Limited New Vehicle Warranty expires, the Audi Certified pre-owned Limited Warranty becomes effective and provides coverage for a period of two years or up to 50,000 miles, whichever occurs first, but not to exceed 100,000 total vehicle miles.

<sup>2</sup>If there is remaining coverage from Audi Advantage at the time of Certified pre-owned purchase, the Audi Certified pre-owned vehicle may benefit from the remainder of the no-charge scheduled maintenance. Coverage varies by vehicle.

<sup>3</sup>See dealer or warranty booklet for details, visit [audiusa.com/certified](http://audiusa.com/certified) or call 1-800-FOR-AUDI.

<sup>4</sup>Only at participating dealers.

<sup>5</sup>24/7 Roadside Assistance provided by Cross Country.

\*Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use a safety belt and seat children only in the rear, using restraint systems appropriate for their size passenger seat.
