How Teachers Are Spending Funds Nationally

Subaru-Adopted Teacher Purchasing Trends | September 3-October 31, 2024

Teachers have through back-to-school 2025 to use their funds.

Purchasing Trends Nationwide

3,095 units of headphones were purchased in 2024 (+23% from 2023)

The importance of technology-driven and individualized learning is steadily increasing.

2022:

34,438
items

2023:

52,460 (+52%)
items

2024:

60,292 (+15%)
items

The number of items delivered to teachers continues to increase year-over-year, highlighting the growing need for community support to empower teachers and their students.

Social-Emotional Learning product purchases grew 62% from 2023

In 2024, teachers prioritized Social-Emotional Learning products more than ever, reflecting the growing importance of supporting students' emotional well-being. Your support continues to drive meaningful progress in fostering student development and creating healthier, more inclusive classrooms.

Thank You from AdoptAClassroom.org

Because of you, over 750,000 students in communities across the country have been given much-needed resources to support their learning and success in the classroom. We're incredibly grateful for your partnership and can't wait to support even more students in 2025!
