YOUR INTERIOR

Colour Split - A in Linen and Imperial Blue

Hand-picked from herds that graze high above sea level in Northern Europe, all leather hides used to upholster the Continental are naturally free of the insect bites that could otherwise leave blemishes in the leather.

YOUR VENEER

Open Pore Crown Cut Walnut

The open pore finishing process perfectly highlights the natural grain and figure of wood. This delicate technique, applying ultra-thin layers of lacquer by hand, allows the natural texture of the wood to be felt by both driver and passenger alike.

Crown Cut Walnut is from the American Black Walnut Tree (*Juglans nigra*) found in the eastern side of North America. These trees are mainly grown for their walnuts as well as their excellent timber. The Crown Cut is created by flat slicing the tree trunk to get the wonderful crown shape in the wood grain also known as Cathedral from the dome shape formed in the grain.

YOUR WHEELS

22" Ten Spoke Wheel - Black Painted and Bright Machined

Striking and elegant 22" black painted and bright machined wheel.
