BENTLEY

PRESENTING

YOUR BENTLEY 2025
BENTAYGA AZURE V8

Glacier White (Solid)

Glacier White is an elegant, solid paint finish that is ideal for customers looking for a less ostentatious choice of white. It was developed for the launch of the Continental range in 2002.

YOUR INTERIOR

Interior Colour Split - C in Linen and Beluga

Hand-picked from herds that graze high above sea level in Northern Europe, all leather hides used to upholster the Bentayga are naturally free of the insect bites that could otherwise leave blemishes in the leather.

YOUR VENEER

Liquid Amber

Derived from the American Red Gum tree; a deciduous species native to the warm, temperate areas of North America.

American Red Gum (*Liquidambar styraciflua*) is highly prized as an ornamental tree, due to its vivid autumn colours and highly distinctive maple-shaped leaves. The tree's resin is also called 'Liquid Amber', referencing its pleasant smell which is similar to ambergris, an ingredient that is used in the luxury perfume industry. The veneer produced is straight grained and very contemporary, undergoing a natural smoking process to exude a deep, rich brown colour whilst still maintaining its reddish hue.

YOUR WHEELS

22" Ten Spoke Wheel - Painted

Striking and elegant 22" wheel, exclusive to the Azure model. Available in three finishes, a stylish silver painted version, a black painted and machined version, and for the ultimate statement, a bright polished version.

YOUR DETAILS

ESNRFPG5

The Bentley Commissioning Code allows you to retrieve your configuration at a later time. Simply select Retrieve from the menu and enter your Code to continue your commissioning experience.

Accessories †

Please note, additional fitting fees and local taxes may apply. Please consult your local Retailer for final fitted prices which must then be added to the final price of the vehicle. Some features may not be available in all markets, please contact your retailer for availability.

WLTP

All vehicles are tested according to WLTP technical procedures. Figures shown are for comparability purposes; only compare fuel consumption, CO2 and equivalent electric range figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles, vehicle load.
