

Paint, Interior, Windshield, and Dent Protection For Your Vehicle.

Exterior Paint Protection

Includes spoilers, bumpers, trim areas, hinges, headlight lenses, and side-view mirrors.

Protects against:

- Fading
- Acid rain
- Tree Sap
- Oxidation
- Water Spotting on chrome
- Bird Droppings
- Fading or dulling of Headlight lenses
- Brake Dust Staining on Aluminum Alloy Wheels
- Insects and More!

Windshield Protection

- Treatment contains a unique bonding agent that chemically bonds to the glass surface. Fusing at the molecular level, it creates a hydrophobic and protective coating by capping the glass pores and its surface ridges.
- Repair or Replacement of any chip or crack caused by propelled small rocks or stones while driving on public highways, streets or roads.

Interior Protection

Includes Seats, carpets, door panels, console and factory floor and interior cargo compartment mats.

Protects against:

- Ultraviolet Fading or Cracking
- Chewing Gum
- Loose Seam Stitches
- Food and Drink Stains
- Pet Stains
- Crayons and More!

Protection against burns, punctures, rips or tears.

Protection against damage to leather by environmental conditions causing fading and/or discoloring and cracking of the dash.

Minor Door Ding

- Permanently removes door dings and minor dents without disturbing the factory paint finish by using specialized tools to gently push the dented metal back to its original form and position.
