

BLUE BIRD

R12VG

DATE: AUGUST 09, 2012

TO: U.S. DEALERS

**SUBJECT: RECALL R12VG HYDRAULIC BRAKE MONITOR ELECTRONIC
MODULE OMITTED**

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Blue Bird Corporation has decided that certain 2013 model year Vision model school buses manufactured from May 10, 2012 through June 07, 2012 and equipped with hydraulic brakes may fail to conform to the requirements of Federal Motor Vehicle Safety Standard No. 105 "Hydraulic and Electric Brake Systems", S5.3 "Brake System Indicator Lamps".

On the subject buses, the hydraulic brake monitor electronic module may not have been installed. If the electronic module is not installed and there is a loss of pressure in the hydraulic brake system the brake pressure indicator light on the dash panel will not illuminate. The operator of the bus may not be aware of the subsequent reduced braking capacity which could then result in a vehicle crash, property damage and/or personal injury. Blue Bird is conducting a recall to correct this noncompliance.

If our records indicate buses subject to this recall were delivered in your service area, a printout identifying affected buses is enclosed. **Dealers should verify correct owners and assure that complete mailing and shipping addresses are provided for each listed owner.**

If you have in your possession or have sold a bus that was purchased from another dealer that may be affected by this recall, please notify me at 478-822-2242.

Labor time to inspect for missing brake pressure monitor electronic module is 0.1hr per bus.

Labor time to install the brake pressure monitor electronic module, if needed, is 0.2hrs per bus.

Warranty applications for labor reimbursement may be submitted to Blue Bird iWarranty (Campaigns/Claims).

BLUE BIRD BODY COMPANY

P.O. Box 937 – 402 Blue Bird Blvd – Fort Valley, Georgia – (478) 825-2021

Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

Dealers are reminded of their responsibilities under section 154 of The National Traffic and Motor Vehicle Safety Act of 1991. Dealers are required to complete modifications on units in their inventory before delivering to the final owner. Reference Blue Bird Body Company Distributor Memo No. 42-92.

Questions regarding this recall campaign should be directed to me at (478) 822-2242.

Sincerely,

Bill Coleman
Corporate Recall Administrator
Blue Bird Corporation

August 09, 2012

Dear Blue Bird Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Blue Bird Corporation has decided that certain 2013 model year Vision model school buses manufactured from May 10, 2012 through June 07, 2012 and equipped with hydraulic brakes may fail to conform to the requirements of Federal Motor Vehicle Safety Standard No. 105 "Hydraulic and Electric Brake Systems", S5.3 "Brake System Indicator Lamps".

On the subject buses, the hydraulic brake monitor electronic module may not have been installed. If the electronic module is not installed and there is a loss of pressure in the hydraulic brake system the brake pressure indicator light on the dash panel will not illuminate. The operator of the bus may not be aware of the subsequent reduced braking capacity which could then result in a vehicle crash, property damage and/or personal injury. Blue Bird is conducting a recall to correct this noncompliance.

Your Blue Bird bus(es) affected by this recall are identified by **body serial number(s)** on the enclosed reply sheets. If you no longer own the subject bus(es), please complete the appropriate section of the **yellow** reply sheet and return to Blue Bird in the enclosed pink postage prepaid envelope.

You may contact your Blue Bird dealer to arrange to have this recall performed. Or, if you prefer, you may perform this recall yourself or have a qualified repair facility convenient to you perform this recall. A qualified technician should perform this recall.

To receive parts, if required, to correct this condition, you must return the yellow recall reply sheet to Blue Bird in the pink, self addressed, postage prepaid envelope. Be sure to provide a valid shipping address as UPS does not deliver to P.O. Boxes.

Labor time to inspect for missing brake pressure monitor electronic module is 0.1hr per bus.

Labor time to install the brake pressure monitor electronic module, if needed, is 0.2hrs per bus.

When recall R12VG has been completed, reimbursement for labor may be obtained by completing the enclosed **pink** request for reimbursement sheet provided and returning it to Blue Bird in the enclosed **pink** postage prepaid envelope.

BLUE BIRD BODY COMPANY

P.O. Box 937 – 402 Blue Bird Blvd – Fort Valley, Georgia – (478) 825-2021

If the modifications directed by this notification were performed on your bus prior to the receipt of this recall notification, complete and sign the recall reply sheet and attach a copy of the work order/invoice. Mail the documents in the **pink** self-addressed postage paid envelope included with the recall notification to Blue Bird for warranty consideration. Reimbursements will be made in accordance with the requirements of the National Highway Transportation Safety Act, Title 49 Code of Federal Regulations, Parts 573 and 577.

Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If Blue Bird Body Company should fail to or is unable to remedy this condition without charge to you, you may contact:

**ADMINISTRATOR
NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION
1200 NEW JERSEY AVENUE, SE
WASHINGTON, D.C. 20590**

Or, you may call The National Highway Traffic Safety Administration toll free at:

1-888-327-4236 TTY 1-800-424-9153 Or, go to: [HTTP://WWW.SAFERCAR.GOV](http://WWW.SAFERCAR.GOV)

Questions regarding this recall campaign should be directed to me at (478) 822-2242.

Thank you,

Bill Coleman

Hydraulic Brake Monitor Electronic Module Omitted

RECALL

Models Affected: Certain 2013 model year Blue Bird Vision model school buses with Hydraulic Brakes manufactured from May 10, 2012 through June 07, 2012.

ISSUE

The electronic brake booster module that activates the hydraulic brake pressure indicator light on the instrument panel when there is little or no pressure may have been omitted during manufacture.

CORRECTIVE ACTION

Inspect bus for possible omitted electronic brake booster module. If missing, install brake booster module.

PROCEDURE

WARNING: Always follow all Federal, State, Local and Shop safety standards and use proper safety equipment when performing these procedures.

Inspection

1. Park bus on level surface, apply parking brake, turn engine off and chock wheels.
2. The electronic brake booster module is located underneath the instrument panel on the left side of Driver's Control Module.
3. If the electronic module is there, no other action required. If these , check for indicator light operation at the end of this document..
4. If the electronic module is not there, proceed to INSTALLATION PROCEDURE.

R E C A L L C A M P A I G N

Hydraulic Brake Monitor Electronic Module Omitted

RECALL

5. Install wiring harness connector into the module.
6. Reconnect the batteries by connecting the positive first and then the ground.
7. Test per procedure below
8. Reconnect the batteries by connecting the positive first and then the ground.

Test Procedure

1. Turn ignition key to the on position.
2. Without the engine running, one of the Icon's below should be illuminated on the left hand side of the instrument cluster which states "BRAKE PRESSURE for English and Symbol for metric.

Brake Pressure. Indicates brake failure. Stop vehicle and call for assistance.

On USA Instrument Panel (English)

Brake Alarm. Indicates a problem with the service brakes (metric units only).

On Canadian Instrument Panel (Metric units only)

3. If this is not illuminated, check to be sure that the module is installed and harness connected.
4. If the module is installed and connected, follow normal troubleshooting procedures.
5. Contact your Blue Bird Dealer for assistance in trouble shooting system.
