

BLUE BIRD

October 29, 2012

**SERVICE MEMORANDUM
NO. SM1208**

MEMO TO: All Blue Bird Dealers

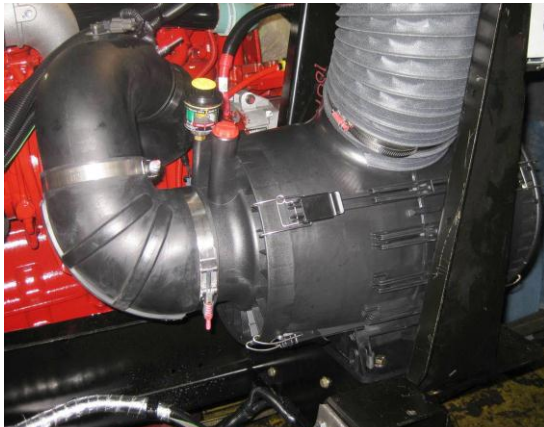

SUBJECT: D3RE Air Cleaner Identification.

MODEL YEAR(S): 2010, 2011, 2012, 2013, 2014

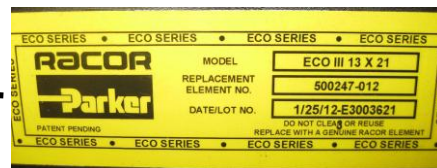

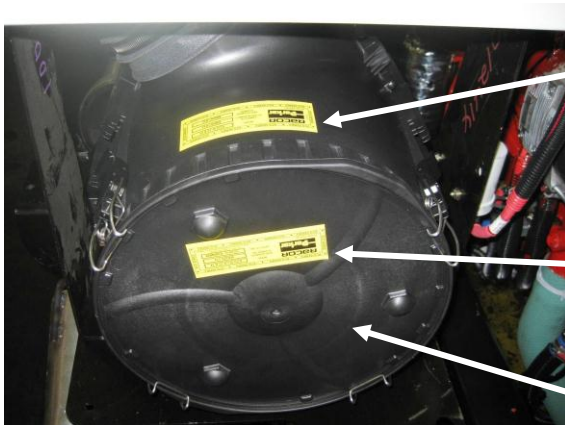

MODEL(S) AFFECTED: D3RE

There are three different air cleaners that have been installed on the Blue Bird All American D3RE. This memorandum will assist in identifying the air cleaner and the replacement element for each.

SINGLE STAGE AIR CLEANER

Air cleaner assembly has a single element which is molded to the end cap. Air cleaner assembly can be identified by the four (4) clips which secure the cap to the housing. Also, the air cleaner assembly when installed at Blue Bird has two RACOR Parker decals which provide replacement information for the complete assembly and the replacement filter number and date/lot number.

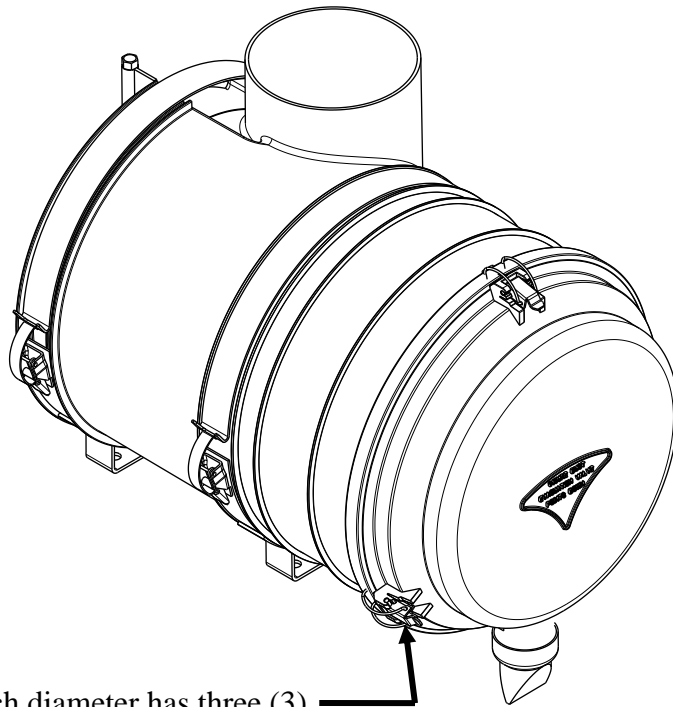

Molded end cap and filter

TWO STAGE AIR CLEANER ASSEMBLY

13 INCH DIAMETER

Note: 13 inch diameter has three (3) retaining clips

This air cleaner assembly has a primary and secondary element inside which may be accessed by removing end cap. The end cap has three (3) retaining clips that secure the cap to the housing. Also, the filter when installed at Blue Bird has a label on the air cleaner assembly which provides replacement information for the complete assembly and the replacement element RACOR Parker part numbers.

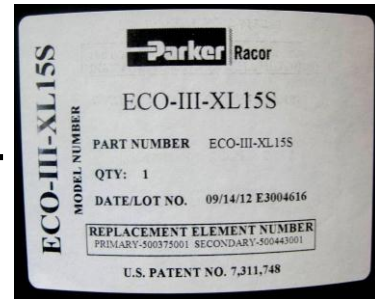

TWO STAGE AIR CLEANER ASSEMBLY

15 INCH DIAMETER

Note: 15 inch diameter has six (6) retaining clips.

Air cleaner assembly has a primary and secondary element inside which may be accessed by removing end cap. The end cap has six (6) retaining clips that secure the cap to the housing. Also, the filter when installed at Blue Bird has a label on the air cleaner assembly which provides replacement information for the complete assembly and the replacement element RACOR Parker part numbers.

Note: RACOR Parker information decal may be on outside of filter housing (shown) or on the opposite side next to engine.
