

BMW Individual  
BMW X6

# BMW INDIVIDUAL.

THE MOST EXCLUSIVE WAY TO DRIVE A BMW.

## VERSATILITY HAS NEVER BEEN SO UNIQUE.

True exclusivity fulfils the highest demands: those which one places on oneself. BMW Individual enables you to turn these demands into reality. With a BMW Individual X6 in which every single detail is exactly crafted to harmonise with the whole. The BMW Individual paint finish in Pearl Silver metallic shown here owes its sophisticated iridescent effect to a special kind of pigmentation. The BMW Individual Merino leather in Slate creates a dramatic contrast to the exterior with its finely nuanced black hue. The extended Merino leather trim includes many more exceptionally well-finished

leather-covered details such as the door trim inserts and the complete door handles. Another exclusive option is the BMW Individual instrument panel, also finished in Merino leather. The Piano Finish Black interior trim harmonises perfectly with the colour of the leather, and its high-gloss surface creates striking and elegant highlights.

Let yourself be inspired by the BMW Individual range on the following pages.

**Extended Merino leather trim in Slate with Alcantara piping, interior trim Piano Finish Black and instrument panel finished in Merino leather.**

**BMW Individual Pearl Silver metallic paint finish.**

BMW Individual offers exclusive equipment to take driving enjoyment to a new level. This includes unique colours and materials that are perfectly tailored to drivers' wishes. The exterior paint colours feature an intriguing iridescent effect. In the interior, top-quality leather and exclusive wood grains

**BMW Individual exterior colours: a shade more brilliant. Several thousand shades, in fact.**

BMW Individual paint finishes are unique. What sets them apart from standard exterior colours is their intriguing iridescence, creating a fascinating interplay of colours below the paint surface. Many of the special pigments that create these effects have been innovations pioneered by BMW Individual, lending the paint finish an extraordinary intensity.

**BMW Individual leather: true exclusivity is a tangible phenomenon.**

BMW Individual Merino leather does not just look enticingly soft and velvety; it also feels incredibly sumptuous. Its secret lies in our painstaking selection process: only absolutely flawless hides are approved for use. As a result, these premium leathers do not require any surface treatment. And by leaving the leather in its natural state, it retains its breathable, porous structure, remaining soft and supple. All leather colours are designed to match the BMW Individual paint finishes to perfection, so the car's interior will harmoniously complement the exterior.

**Full Merino leather in Platinum with Walnut Amarone interior trim and leather-covered dashboard.**

create an unmistakable ambience. Innovative technologies ensure optimum comfort. The end result is a unique automobile.

**BMW Individual interior trims: top-class craftsmanship for the finishing touch in the cabin.**

BMW Individual wood trims have a magic all their own. They make our cars' interiors very special indeed, with exclusive grain characteristics and colours that are second to none. A strict selection process and perfect finishing ensure excellent quality. Superior craftsmanship is also an essential factor in creating our Piano Finish Black interior trim. Its brilliant, high-gloss surface is the result of a special process usually only applied by the world's leading piano makers.

**BMW Individual High-End Audio System. For perfect listening enjoyment.**

The BMW Individual High-End Audio System creates a listening experience on a par with a concert hall, using exceptionally powerful speakers with extremely stiff Hexacone membranes. Optimum positioning of the 16 High-End loudspeakers in the vehicle and unique signal processing thanks to the 9-channel amplifier with DIRAC Live technology further enhance sound quality, eliminating sound impurities and minimising sound reflections. Interior-specific equalizing and speed-dependent volume control ensure supreme HiFi enjoyment.

The following pages show the colours and materials available for the BMW X6. You can use them to identify your favourite colour or compare various possible combinations. The colour charts are designed to give you a first impression. Experience has shown that the printed colours do not always faithfully reproduce the precise shade of the paintwork and upholstery. We therefore recommend that you discuss your choice of colour with your BMW partner. They will be happy to show you samples and assist you with any special requests.
