RE: The Ever Changing Automobile Marketplace

For the past five years, auto manufacturers have enjoyed the luxury of a seller's market.

American car buyers will now benefit from the economical slow down around the world and will be every car manufacturer's target for 2016.

So look for great selection, huge incentives and special lease and financing programs.

This spring, American car shoppers will get every manufacturer's best car deal because now it's a buyer's market.

At the Bommarito Automotive Group, this is the marketplace we like the best. Because of our high volume operations we easily earn every factory and buyer's incentive and immediately pass them through to our customers.

We know today's auto shopper puts a big value on internet pricing and some even trust so-called buying services to find a good car deal.

The big question is; Does every car dealer really put their best possible deal on the internet? And don't you probably pay more when using a buying service, which always adds another third party expense on the deal?

How do you get Missouri's best car deal? The answer is simple, show up at any Bommarito Automotive Group location where I promise to beat any and all of my competitor's best advertised price, including the internet and all car buying services, everyday, guaranteed.

IT'S TIME TO GO SHOPPING!!!

We're in your neighborhood.

Where price sells cars.

Bommarito for all your Sales-Service-Parts and Collision Repair
