RE: It's A Buyer's Market

About this time of year, 2017 models are over a year old and 2018 models are either here or right around the corner.

Now add to that scenario that every car dealer is way over stocked with inventory because our factories never accept that slow downs do occur.

So now you have car manufacturers trying to buy your business with incentives like zero percent financing and factory discounts, plus no money down leases and advertised factory discounts of up to \$10,000.

Add all of the above to the fact that your trade has more value right now than it will ever have and that's why it's definitely a buyer's market for you.

So if you are ready to take advantage of this buyer's market, and would like to save more cash, show up at a Bommarito Automotive Group location where I promise to pay you at least \$500 more for your trade than anybody in town, every day.

We're in your neighborhood.

Where price sells cars.

Bommarito for all your Sales-Service-Parts and Collision Repair

Sincerely,
