**RE: Bommarito Preowned Purchase Protection**

Right now, the Bommarito warranty and protection plans that are in place are more important than ever, because there are over 500,000 cars with flood damage in Texas alone and plenty more in Florida and other states affected by our hurricanes.

Most of these flood damaged cars will be cleaned and returned to use by their owners, but many will become a future problem because of their elaborate computer systems after they are returned to the preowned market for sale.

Since 2006, computer reliability is what car owners depend on for smooth operation of their vehicles.

Because at this time we do not believe there is a sure fix for water logged computers, my advice is to avoid the purchase of any vehicle that has been flooded.

I can guarantee you many will be returned to the preowned market and most will have problems, but I can also guarantee you that at any Bommarito Automotive Group location, not one of these cars will be offered for sale. We know how to avoid these problems.

Our high volume preowned sales success is based on retailing trouble free and safe vehicles.

Keep in mind that all of our Bommarito preowned vehicles come with the balance of the manufacturer's warranty, factory certified preowned warranty or Motor Trend Certified warranty... so we have you covered.

Experience matters.

We're in your neighborhood.
