## Bommarito AUTOMOTIVE GROUP

**TO: St. Louis Area Residents**  
**FROM: Frank Bommarito**  
**RE: United We Stand**

The rest of that statement continues on to say divided we fall.

For most of my life, the power of the two-party system worked well for all Americans.

There existed between them checks and balances and a distribution of power that was divided amongst smart and dedicated politicians who were guided by our constitution and always found a way to move the country forward for the good of the American people.

I can't put my finger on exactly who did it or when the change in how our two-party system used to work happened, but the facts are obvious. In 2015, the two-party system is not working.

After watching the last three debates, fortunately we still have plenty of smart and dedicated people to guide our country, but unfortunately too many of them make decisions based on the agenda of their political party, campaign financing, the next election and lobbyists and not 100% for the American people.

It's time to fix and save the two party system by removing divisiveness and one-upmanship from its daily routine and get back to successfully running the country in a united way, guided by our constitution.

The solution is simple; United we will stand and divided we will surely fall.

At the Bommarito Automotive Group, we are united in being Missouri's number one price leader, guaranteed.

We're in your neighborhood.
