# TRAILERS & SEA-DOO WATERCRAFT: MADE FOR EACH OTHER

# SEA-DOO MOVE I AND MOVE II TRAILERS

With my Sea-Doo Move I iCatch trailer, I have the most innovative product on the market.

Unloading and loading is so easy with my Sea-Doo Move I trailer.

With our Sea-Doo Move II, we bring the family with peace of mind.

**CHOOSE THE SEA-DOO MOVE THAT SUITS YOUR NEED.**

- The iCatch system allows you to spend less time on the ramp and more time in the water, while the walk pad serves as guidance when the trailer is underwater.
- Roller bunk system simplifies unloading and loading.
- Fully adjustable carpeted bunks (side-to-side/front-to-back) allow you to change bunk angles to fit all watercrafts.
- Custom frame design requires less water to load and unload watercraft.
- Sealed maintenance-free wheel bearings for added peace of mind.
- All models are available in galvanized frame for extended life in all weather conditions or in a black painted version.

- Adjustable bunk system and catcher adapt to different types of Sea-Doo watercraft, and help properly position watercraft to improve handling while towing.

Models shown with optional accessories.

### SEA-DOO MOVE I WITH iCATCH

Automatic iCatch and release system using a quick-snap handle built into the handle support eases manipulation and process of loading and unloading watercraft. Premium torsion suspension system provides low ride height and better handling.
