4Runner

Sequoia

FJ Cruiser

There's an SUV for every adventure.

Toyota SUVs are built rugged and ready for any job, no matter how difficult. Take a look at the 2014 FJ Cruiser, 4Runner and Sequoia – three impressive vehicles that are prepared for any adventure. Steeped in Toyota Landcruiser heritage, the FJ Cruiser is always up for tackling Canada's most difficult terrain. Then there's the redesigned 4Runner, equipped with a rugged exterior and advanced technology to handle whatever you can throw at it – in comfort and style. And finally there's the full size Sequoia leading the pack with exceptional power, versatility and premium features that will never go unnoticed.

Toyota's commitment to safety is demonstrated through our innovative Star Safety System™, and our dedication to durability is proven by the fact that over 80% of Toyotas sold in Canada in the last 20 years are still on the road today*. Those are just a few reasons why you'll feel more confident than ever getting to where you need to go.

The 2014 FJ Cruiser, 4Runner and Sequoia. Like all of our vehicles, they're designed for the adventure, whatever yours may be. Just another way we're letting you discover new places like never before.

FJ Cruiser

FJ Cruiser shown in Quicksand.

4Runner

4Runner SR5 V6 Trail Edition shown in Barcelona Red Metallic.

Sequoia

Sequoia Limited shown in Pyrite Mica.

FRONT COVER 4Runner SR5 V6 Limited shown in Blizzard Pearl. Sequoia Platinum shown in Silver Sky Metallic. FJ Cruiser with optional equipment shown in Magma.

*Based on R. L. Polk Canadian Vehicles In Operation and new registrations MY 1993-2012 as of June 30, 2012.

FJ Cruiser

Ready for anything.

Whether you are travelling through uncharted wilderness paths or the unpredictable urban asphalt jungle, the 2014 FJ Cruiser is capable of handling virtually any type of road condition. For the driver who loves being outside, we've put a lot of thought into the inside with its easy-to-clean water repellent

seat covers and rubber type flooring. You'll find all the space you need in the FJ Cruiser. It seats you and four passengers comfortably and if additional room is needed for your equipment, the rear seats can fold down flat to give you 1,891 litres (66.8 cu.ft.) of cargo space.

FJ Cruiser with optional equipment shown in Army Green.

STEERING WHEEL CONTROLS
Everything is at your fingertips thanks to the convenient steering wheel mounted Bluetooth®3 and audio controls.

MULTI-INFORMATION DISPLAY
The optional dash mounted multi-information display features an outside temperature gauge, inclinometer and compass so that you're in the know at all parts of your journey.

INTERIOR
FJ Cruiser interior shown in Dark Charcoal fabric with colour-keyed centre audio and climate control console.

120 V AC POWER OUTLET
Power up. With the available 120 V/400 W AC power outlet, you've got the juice to recharge electronic devices or run small equipment, like an air compressor for refilling the tires.

PLENTY OF SPACE
The spacious 1,891 litres (66.8 cu.ft.) of cargo space comes in handy for storing all your gear.

4Runner SR5 V6 Trail Edition shown in Barcelona Red Metallic, Limited shown in Blizzard Pearl.

MULTI-TERRAIN SELECT
4Runner offers two available driver features to handle specific off-road conditions. The Multi-Terrain Select lets you choose from four terrain modes: Mud and Sand, Loose Rock, Mogul, or Rock. For off-road obstacles, the Crawl Control modulates the electronic throttle and brakes, so that you can focus more attention on steering.

40/20/40 FOLDING REAR SEAT
4Runner's split and fold-flat versatility lets you make room for everything you need by folding one or both seats down to accommodate up to 2500 litres (89.7 cu.ft.) of cargo space. Plus, the seatbacks recline for added passenger comfort.

REDESIGNED INTERIOR
Just like the outdoors, 4Runner's redesigned interior is full of surprises. Traction, power, temperature, available Display Audio System with Navigation⁴ and a whole lot more are just a turn of a knob, touch of a screen or voice command away.

SLIDING REAR CARGO TRAY
The available rear sliding cargo tray can support up to 200 kg (440 lbs.) and slides for an easy reach to your gear, or a quick setup before heading to the great outdoors.

4RUNNER LIMITED
Available with 5-passenger or 7-passenger seating, the Limited model features its own distinctive look with a striking chrome-plated grille insert and unique 20-inch aluminum alloy wheels.

4Runner

Toughness unleashed.

The new 2014 4Runner was designed to reach the seemingly unreachable. Underneath the aggressive exterior and striking new front end lies a reinforced body-on-frame construction and advanced technologies to tackle the toughest of trails with ease. The redesigned interior offers an abundance of space and plenty of premium features to keep

everyone comfortable no matter how long the journey. With four unique styles to choose from, including an SR5, SR5 Upgrade, Trail Edition, and Limited, the new 2014 4Runner is a testament to its more than 20 year heritage of conquering the unexplored on and off the road.

Sequoia

Big SUV. Big adventure.

Mountain roads, mud-caked trails and water-slicked asphalt. With its 5.7 litre i-FORCE V8 engine, the 2014 Sequoia can tackle any adventurous landscape, even when the going gets tough. Whether you choose the SR5, Limited, or Platinum model, every Sequoia features an impressively spacious cabin

that comfortably seats up to 8-passengers. It also provides up to 3,400 litres (120.1 cu.ft.) of cargo space, and includes a sophisticated Tri-Zone climate control system for the driver, and front and rear passengers.

Sequoia Platinum shown in Silver Sky Metallic.

VERSATILITY

No matter what you've got planned, Sequoia is happy to oblige. Both the sliding second-row and third-row seats fold flat, making it easy to load and unload all of your gear. And the split-fold seat design lets you choose how to stow your cargo: upright or flat. Of course, with its spacious interior and reclining second- and third-row seats, Sequoia is as accommodating to passengers as it is to cargo.

PLENTY OF SPACE

With the press of a button, the automatic power liftgate gently releases upward to allow for easy access to the cargo bay. For bulkier items, create additional cargo space with the power flat folding third-row split bench seat.

PREMIUM FEATURES

The Platinum model hosts an array of premium features like heated front and second row perforated leather captain seats, 2nd row centre console, driver's seat memory system, JBL® audio system and a woodgrain and leather-wrapped steering wheel.

REAR SEAT ENTERTAINMENT SYSTEM

Sequoia is available with a rear seat Blu-ray® disc player with 9-inch display for those extra-long road trips.

Safety

2014 FJ Cruiser, 4Runner and Sequoia come standard with the Star Safety System™. This integration of active safety features is designed to protect occupants by helping drivers avoid accidents in the first place.

- VSC** VEHICLE STABILITY CONTROL
Helps prevent slips and loss of traction by reducing engine power and applying the brake force to the wheels that need it.⁵
- TRAC** TRACTION CONTROL
Helps maintain traction on wet, icy, loose or uneven surfaces by applying brake force to the spinning wheel(s).
- ABS** ANTI-LOCK BRAKE SYSTEM
Prevents brakes from locking up by “pulsing” brake pressure to each wheel to help you stay in control in emergency braking situations.
- EBD** ELECTRONIC BRAKE-FORCE DISTRIBUTION
Redistributes brake force to help keep the rear wheels from locking up during sudden braking situations.
- BA** BRAKE ASSIST
Detects sudden or “panic” braking and adds the full pressure needed to help prevent a collision.⁶
- SST** SMART STOP TECHNOLOGY
Smart Stop Technology is designed to reduce engine power when the brake is firmly applied helping to bring the vehicle to a stop, even if the accelerator pedal is fully depressed.⁷

Toyota was the first full-line manufacturer to make all of the elements of the Star Safety System™ standard on every new vehicle. Visit toyota.ca for more details.

FJ Cruiser

The rugged FJ Cruiser is loaded with advanced safety features to help keep you in control, whether you’re cruising the smooth city roads or tackling the Canadian wilderness. It features six standard airbags,¹ which include: dual-stage driver and front passenger airbags, front seat-mounted side airbags, front seat-mounted side airbags, and roll-sensing front and rear head/side curtain airbags.

FJ Cruiser shown in Cement Grey Metallic.

- Engine, fuel tank and transfer case protector plates.
- Power-assisted 4-piston front disc brakes and 2-piston rear ventilated disc brakes.
- Front seatbelt anchor height adjusters.
- Anchor points for child restraint seats.
- Active front headrests with whiplash protection.
- Side impact protection door beams.
- Direct tire pressure monitoring system.

4 Runner

Vehicles that take on difficult off-road terrain have to be more than just tough. The 4Runner comes standard with eight airbags¹ that include: dual-stage driver and front passenger airbags, front seat-mounted side airbags, roll-sensing front and rear head/side curtain airbags, and driver and front passenger knee airbags.

4Runner SR5 V6 Trail Edition shown in Barcelona Red Metallic.

- Multi-mode one-touch 4WD system.
- Downhill Assist Control (DAC), Hill-Start Assist Control (HAC).
- Power-assisted 4-wheel ventilated disc brakes.
- All-position 3-point lap and shoulder belts.
- Front seatbelt pre-tensioners with force limiters.
- Anchor points for child restraint seats.
- Active front headrests with whiplash protection.
- Side impact protection door beams.
- Rear clearance sonar.
- Direct tire pressure monitoring system.

Sequoia

When it comes to challenging road and traffic conditions, Sequoia helps deliver peace of mind with its standard Supplemental Restraint System, which consists of eight airbags¹: dual-stage driver and front passenger airbags, front seat-mounted side airbags, roll-sensing front and rear head/side curtain airbags, and driver and front passenger knee airbags.

Sequoia Limited shown in Black.

- Available Dynamic Laser Cruise Control.
- Rear view backup camera.
- Front and rear clearance sonars.
- Lower anchor points on all second row seats and tether anchors in all second and third row seats.
- Three point seatbelts in all seating positions. Front seats have pre-tensioner and 2-step force limiter. 2nd row seats have adjustable shoulder anchors and pre-tensioners.
- Vehicle anti-theft system.
- Available Blind Spot Monitor System⁸.

an address or point of interest. Discrepancies may be encountered between the system and your actual location. Rely on your common sense to decide whether or not to follow a specified route. Detailed coverage is not available for every city or roadway. Optional periodic geographic updates are available at an additional cost. The Navigational systems in some vehicles are available with bilingual capability. Please see your Navigation System Owner's Manual and your Toyota Dealer for further details. (5) Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your Owner's Manual for further details. (6) Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.

Automatic	12.7/9.5/11.3	22/30/25

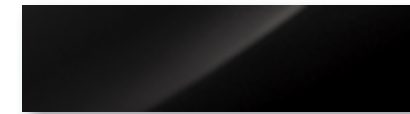

(7) Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions, driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your Owner's Manual for further details. (8) Do not rely exclusively on the Blind Spot Monitor System to determine if a lane change is safe. Always look over your shoulder and use your turn signal before changing lanes. There are several limitations to the function, detection, range and clarity of the monitor. For a complete list of limitations and directions regarding use of the monitor system, please see your Owner's Manual.

Genuine Accessories

Personalize your FJ Cruiser, 4Runner, or Sequoia to enhance both its appearance and performance. Many of Toyota's Genuine Accessories can be residualized or advanced through Toyota Financial Services when purchased at the same time as your new vehicle, and yes, they are all backed by a Toyota Warranty. For a complete list of vehicle-specific accessories, visit customizemytoyota.ca, your local Dealer or toyota.ca.

FJ Cruiser

- Block Heater
- Cargo Mat
- Cargo Net
- Door Sill Protectors
- Hood Deflector

TRD ACCESSORIES

- TRD Forged Aluminum Oil Cap

Sequoia

- Block Heater
- Cargo Net
- Cordless Headphones
- Hood Deflector
- Paint Protection Film
- Remote Engine Starter
- Skid Plate

TRD ACCESSORIES

- TRD 17" Off-Road Alloy Wheel
- TRD Brake Pads
- TRD Forged Aluminum Oil Cap

New vehicle warranty summary

– No deductibles – no transfer fees

COMPREHENSIVE COVERAGE 3 years or 60,000 km. This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS 5 years or 100,000 km. This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL COMPONENTS 8 years or 130,000 km. This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION 5 years/unlimited distance. This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

Committed to Canadians, today and tomorrow.

Being a leader in the automotive industry does not simply start and finish with making great vehicles. It also means being a leader in the community. Toyota Canada and its dealerships across the country fund non-profit programs that work to make a difference for Canadians through direct community involvement.

As part of our ongoing commitment to the environment and education, we established the Toyota Evergreen Learning Grounds program. This program is designed to transform Canadian school grounds into natural learning environments so that students can have a healthy place to play, learn and develop a genuine respect for nature. We also support Special Olympics Canada, which helps athletes reach their full potential through participation in events from a local to a national level.

Visit us at toyota.ca to learn more about our programs and commitment to build a better tomorrow for Canadian communities – today.
