

# Sentry Guard TDK- PRO

## Paintless Dent Repair

***The Paintless Dent Repair process can get you back the look you love!***

Paintless Dent Repair (PDR) is a process that uses specialized tools to gently push/pull dented metal on your motor vehicle back to its original form. This procedure permanently removes door dings and minor dents without harming the vehicle's factory finish.

- Up to 5 years of coverage
- Available on new and used vehicles
- Transferable

## Road Hazard Protection

Protect your Tires and Wheels against:

Potholes

Nails

Road Debris

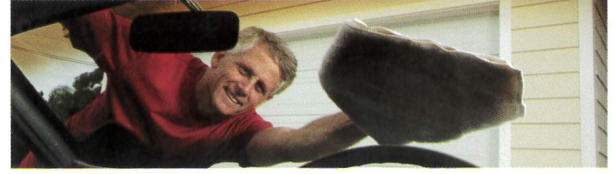

Glass

If your tires or rims are damaged due to road hazards or debris, you could be compensated for:

- Tires & Mounting
- Wheels
- Tire Balancing
- Valve Stems
- Sales Tax

## Windshield Protection

Windshield Protector provides front windshield repair or replacements for glass damaged by small rocks or stones while driving on public highways, streets or roads.

- Windshield repair
- Windshield replacement
- On site repairs or replacement
- Transferable
- No deductible
