# THE CITY IS YOURS

## FUN IS JUST AROUND THE CORNER.

The city is full of amazing, fun and even head scratching adventures that are just waiting to be discovered. What better way to experience them than with the 2017 Yaris Hatchback? It's got everything you need to take on the city and all of its hidden surprises. Head turning design? Check. Thrilling performance? Got it. Space for all your stuff? Of course. Then there's the reassuring fact that over 85% of Toyotas sold in Canada over the last 20 years are still on the road today.<sup>13</sup> What are you waiting for? Hop into a Yaris Hatchback and discover all that the city has to offer.

### AVAILABLE FEATURES

- |   |                           |
|---|---------------------------|
| Display Audio System*                         | Air Conditioning          |
| Steering Wheel Bluetooth®3/<br>Audio Controls | Multi-Information Display |
|   | Ample Interior Space      |

Chances are that you're not going to be solo when exploring the city. Which is why the 2017 Yaris Hatchback offers a stylish interior with fine quality materials and flexible legroom for all your friends who are tagging along. With a wide rear hatchback door and plenty of cargo space, loading and carrying all sorts of things is easy. And after you've got everyone and everything in place, get behind the wheel to experience thrilling performance and impressive handling without having to sacrifice fuel efficiency.

**AVAILABLE FEATURES**

- 9.6m turning circle (CE, LE)
- 442 litres of cargo possibilities (LE, SE)
- 60/40 Split Fold-Down Rear Seats
- Dual Heated Power Adjustable Mirrors

Safety  
Sense**

## SAFETY DESIGNED AROUND YOU.

The road can be unpredictable. That's why the 2017 Yaris Hatchback comes standard with our newly developed Toyota Safety Sense System™ (TSS-C).<sup>12</sup> This next stage in Toyota's active safety technology is designed to help support your awareness and decision making on the road, so that you can drive more and worry less. The Yaris Hatchback also comes standard with 9 airbags<sup>1</sup> and the Toyota Star Safety System,<sup>TM</sup> which includes a host of comprehensive safety features to give you the peace of mind and reassurance you need.

**PRE-COLLISION SYSTEM<sup>9</sup>** Provides collision avoidance or collision mitigation support in speed ranges where frontal collisions are likely to occur.

**LANE DEPARTURE ALERT<sup>10</sup>** Alerts you if you start to drift out of your lane when visible lane markings are detected.

**AUTOMATIC HIGH BEAM<sup>11</sup>** Designed to detect oncoming and preceding vehicles' lights and depending upon the circumstances, Automatic High Beam<sup>11</sup> can switch between high and low beams for you.

3P0 ABSOLUTELY RED	8T7 BLUE STREAK METALLIC

Not all exterior and interior colour options are available for every model. Visit [toyota.ca](http://toyota.ca) or your Dealer for details on colour configurations.

## DISCLAIMERS

(1) All Toyota vehicles shown in this brochure have Supplemental Restraint Systems (SRS). For important safety information about the Supplemental Restraint System in a particular vehicle, please see the Owner's Manual or contact your local Toyota Dealer. (2) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. (3) Do not use the hands-free phone system if it will distract you. A compatible Bluetooth<sup>®</sup>-enabled phone must first be paired. Phone performance depends upon software, coverage and carrier. (4) Driving while distracted can result in loss of vehicle control. Always drive safely, obey traffic laws and focus on the road and traffic conditions while driving. (5) Availability and accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway; updates may be available at an additional cost from your Dealer. (6) Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect VSC system effectiveness. (7) Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. (8) Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions, and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. (9) The TSS Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. (10) Lane Departure Alert is designed to read lane markers under certain conditions and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. (11) Automatic High Beam system operates at speeds above approximately 34 km/h. Factors such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (12) Drivers should always be responsible for their own safe driving. Please always pay attention to your surroundings and drive safely. Depending on the conditions of roads, vehicles, weather, etc., the TSS systems may not work as intended. (13) Based on IHS Automotive: Polk Canadian vehicles in operation and new registrations MY 1996-2015 as of June 30, 2015. (14) <sup>®</sup>Aeroplan and the Aeroplan logo are registered trademarks of Aimia Canada Inc.

Details on the above features can be found in the Owner's Manual or contact your local Toyota Dealer.

**Toyota Canada Inc.** Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website [toyota.ca](http://toyota.ca) – or your Toyota Dealer is your best source for up-to-date information.

## NEW VEHICLE WARRANTY SUMMARY

– No deductibles – no transfer fees

### COMPREHENSIVE COVERAGE

**3 YEARS OR 60,000 KM.**  
This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

### POWERTRAIN COMPONENTS

**5 YEARS OR 100,000 KM.**  
This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

### MAJOR EMISSION CONTROL COMPONENTS

**8 YEARS OR 130,000 KM.**  
This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

### CORROSION PERFORATION

**5 YEARS/UNLIMITED DISTANCE.**  
This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

## TEST DRIVE AND EARN AEROPLAN<sup>®</sup> MILES TODAY

You can earn Aeroplan<sup>®14</sup> Miles when you purchase, test drive, or service your vehicle at a Toyota Dealership. Speak to your Dealer for full details.
