Maximize every ride.

Lots of style. And space. In a fuel-efficient¹ hybrid that's actually fun to drive. You've just discovered the Ford C-MAX family of multi-activity vehicles.

C-MAX Hybrid and C-MAX Energi Plug-In Hybrid both offer 188 combined horsepower – that's 54 more than Toyota Prius v.

Truly engaging to drive, every C-MAX uses an eCVT (electronically controlled continuously variable transmission) to transfer its power and 129 lb.-ft. of torque to the road. Torque Vectoring Control helps enhance grip as you accelerate through corners.

Switching seamlessly between its 88-kW electric traction motor and 2.0L Atkinson-cycle I-4 gasoline engine, the C-MAX power-split hybrid architecture is powered by a state-of-the-art lithium-ion battery.

All-electric mode works at speeds of up to 85 mph, since C-MAX engages its engine only as needed to power the battery and to enhance performance.

C-MAX is "more driver-friendly than the Prius, offering a better ride, a quieter cabin and a more polished interior," per the editors at Kelley Blue Book's KBB.com² Go further in 2015 C-MAX Hybrids.

Choose to plug in and plus up.

C-MAX Energi is a progressive hybrid that gives you the choice to plug in or not. Plugging in helps you plus up to an EPA-estimated 95 city MPGe, an all-electric driving range of 19 miles and gas-plus-electric driving range of 550 miles.^{1,2}

Recharge at home in about 7 hours using the standard 120V convenience charge cord. Or use a Ford-recommended AeroVironment™ 240V home charging station³ to recharge in about 2.5 hours.

Learn about charging

The UL-listed, weather-resistant, portable charging station is easy to take with you if you decide to relocate. A hard-wired station³ is also available. C-MAX Energi also features an LED-illuminated indicator on its external charge port that lets you see its charging progress.

Easily monitor and schedule charging, at home or at one of the growing number of public charging stations near you, with the MyFord® Mobile app⁴ and website (myfordmobile.com). Both feature a charging station locator powered by PlugShare.[®]

Say the word. Stay connected.

Standard voice-activated Ford SYNC®¹ with 911 Assist® delivers hands-free calls, Bluetooth®-streaming music and more using simple voice commands. Once paired, it can download contacts and play music from your smartphone. It can also access your MP3 player, USB or iPod.® On C-MAX Hybrid SE, SYNC AppLink™² lets you control Pandora,® iHeartAuto,™ the SiriusXM® App and other select apps by voice, too.

SYNC with MyFord Touch®^{1,3} centralizes control of your phone, entertainment, navigation³ and climate with its 8" color LCD touch screen and 5-way controls on the steering wheel. It also lets you see the vehicle's mode status, such as Charging HV Battery, Hybrid Drive, Electric Drive and more. SYNC. Say the word.

Enjoy spaciousness and peace of mind.

C-MAX accentuates its versatile seating for 5 and best-in-class¹ 99.7 cu. ft. of passenger volume with appealing amenities like a 10-way power-adjustable driver's seat² (class-exclusive on C-MAX Energi) and smart standards like a driver's knee airbag.

So you can breathe easy, a cabin air filter helps prevent pollen from entering the vehicle through the class-exclusive dual-zone electronic automatic temperature control.

Standard Curve Control, an enhancement to our AdvanceTrac[®] with class-exclusive RSC[®] (Roll Stability Control™), can help slow the vehicle by as much as 10 mph in approximately one second if it senses you're taking a curve too quickly.³ It's one more way C-MAX helps you maximize your drive.

Watch the
liftgate open

Maximize the possibilities. Best-in-class versatility.

Loading cargo into your multi-activity vehicle has never been easier than with the class-exclusive, foot-activated hands-free power liftgate¹ on C-MAX. You can even program its fully opened height to the position that works best for you.

Just kick your foot under the rear bumper with your Intelligent Access¹ key fob tucked in a pocket or purse. Sensors detect your leg, the motion and the proximity of the fob, triggering the liftgate to open or close on its own.

The standard 60/40 split rear seat folds down, providing a flat load floor on C-MAX Hybrid. And cargo space is abundant – up to 52.6 cu. ft. inside C-MAX Hybrid and 42.8 cu. ft. inside C-MAX Energi.

In-floor compartments behind the front seats discreetly hold small items like your iPad[®] or the standard 120V convenience charge cord.² C-MAX is thoughtfully designed for your on-the-go lifestyle.

Empower yourself with smart tech.

C-MAX can help with curbside parking, backing up, maximizing your efficiency and more.

Make parallel parking easier with active park assist.¹ This system not only helps you find a spot, it actually steers the vehicle into place while you control the gear shifter, and brake and accelerator pedals.

Watch active park assist

Help gauge how close something is to the back of your vehicle using the rear view camera,¹ which displays a full-color image on the SYNC[®] with MyFord Touch^{®1} 8" screen. It even offers you conveniently color-coded distance guidelines and a dotted center line for quick reference.

Vibrant green leaves empower you with real-time feedback on the standard SmartGauge[®] with EcoGuide. The greater your fuel efficiency, the more lush your vine will be. The system also includes a Brake Coach to help you optimize your driving range (and grow more leaves) with regenerative braking. Steering wheel-mounted controls and a built-in tutorial make it easy to use.

Dramatization. Actual mileage will vary.
