

WHICH OPTION IS RIGHT FOR YOUR FINANCIAL NEEDS?

# LEASING vs. FINANCING

## PROS

- Monthly payments are typically lower than financing
- The dealership is responsible for most maintenance and repairs
- Flexible terms – return or trade in the vehicle with minimal penalties
- Lower Initial capital investment

## CONS

- The lender owns the vehicle, but you have the option to purchase at the end of the term
- You are required to keep the vehicle in good condition to avoid penalties

## PROS

- Borrow money to purchase a vehicle and pay back the loan over time
- You own the vehicle once all payments have been made
- Financing rates and terms are fixed

## CONS

- Monthly payments are typically higher
- The vehicle is yours, so maintenance and repairs are your responsibility
- Must pay off your loan before you can sell or trade-in your vehicle
- Initial capital investment is typically higher
