ATS

STANDOUT
PERFORMANCE
AND STYLE

Cadillac

PURE PERFORMANCE AND DESIGN

The only thing that rivals the styling of the 2016 ATS is its equally bold performance. Beneath its long, low lines lies an assertive combination of raw power, exceptional braking and fine-tuned handling. It's as fun to be seen in as it is to drive.

PART I
THE FEELING

OUTRUN THE ORDINARY

UPGRADE
THE EVERYDAY

SURMOUNT THE STATUS QUO.
THE 2016 ATS.

PART II

THE FEATURES

PERFORMANCE

Performance, precision and exhilaration. Combining the highest output 4-cylinder engine in its class, advanced aerodynamic design and near-perfect 50/50 front-to-rear balance, the ATS is as agile as it is powerful. From straightaways to sharp corners, it aims to excite.

CHOOSE FROM THREE POWERFUL ENGINES

Satisfy every driving desire. The ATS offers three incredibly responsive engines. For uncompromising power, the 3.6L V6 engine delivers an assertive 335 hp. Or opt for the efficient 2.5L available with the ATS Sedan.

For truly commanding performance, the 2.0L Turbo is the top 4-cylinder engine in its class with 272 hp and 295 lb-ft of torque. In addition, both the 2.0L and the 3.6L engines have automatic stop/start technology, for fine-tuned efficiency.

LIGHTWEIGHT ARCHITECTURE AND AERODYNAMIC DESIGN

Advanced aerodynamics. Cadillac engineers removed every ounce that wasn't structurally necessary, making the ATS one of the lightest vehicle in its segment. To further improve performance, underbody aero shields direct airflow away from the car while beveled taillamps deflect the wind. Even the trunk features a function-driven design that acts as a spoiler, creating downforce to keep the ATS firmly planted on the road.

MAGNETIC RIDE CONTROL

A smooth ride, every drive. Available Magnetic Ride Control reads and reacts to the road up to 1,000 times per second to adjust the suspension for changing road conditions.

8-SPEED TRANSMISSION

A powerful shift. The 8-speed automatic transmission paired with all three engines moves through each gear faster than ever before.

FIVE-LINK INDEPENDENT REAR SUSPENSION

Command the road. The five-link independent rear suspension helps the ATS stay firmly planted on the ground during spirited driving, delivering increased control.

MAGNESIUM PADDLE SHIFTERS

Power move. The available Magnesium Paddle Shifters allow you to effortlessly shift through the automatic transmission gears without a manual clutch, giving you total control without taking your hands off the wheel.

ZF PREMIUM STEERING

Refined handling. ZF Steering systems in the ATS respond instantly to your movements, increasing your control at every turn.

LIMITED-SLIP DIFFERENTIAL

Controlled power. When maneuvering through corners, the available Limited-Slip Rear Differential appropriately redistributes power to the drive wheels, providing more control.

BREMBO® PERFORMANCE BRAKES

Superior stopping. Available Brembo front brakes offer powerful braking ability and consistent pedal feel for greater peace of mind.

EXTERIOR COUPE

Powerfully distinctive. Every ATS Coupe line and angle has been sculpted for maximum effect. Thoughtful design details, such as front and rear sculpted vertical lighting, capture the aesthetic of performance.

EXTERIOR SEDAN

The body of a sedan, the soul of a racecar. The chiseled exterior of the ATS Sedan is designed to slice through the air. Crisp exterior lines and sharp curves give the illusion of movement, even when it's still, while a low, powerful profile commands attention.

AERO PROFILE MIRRORS

See —and be seen. Aerodynamic side mirrors on the ATS Coupe feature an integrated turn signal, so they're both functional and stylish.

FORGED-ALUMINUM WHEELS

Enhanced performance. More than just striking, the standard 18" forged-aluminum wheels on the ATS Coupe deliver excellent strength and ride comfort.

ILLUMINATING DOOR HANDLES

A touch of innovation and refinement. Unlock the doors of the ATS and the available outside door handles illuminate with a distinctive technological style.

ADVANCED LIGHTING TECHNOLOGY

See what's ahead, and then some. Available Adaptive Forward Lighting swivels the HID headlamps as you turn, helping to illuminate the road ahead. The LED light signature gives the ATS a look that is unmistakably Cadillac.

INTEGRATED BRAKE LAMP

Give other drivers more time to react. On the ATS Coupe, the LED center brake lamp is integrated within the trunk, providing excellent brake warning visibility, while maintaining a clean appearance.

DUAL EXHAUST OUTLETS

Powerful details. Polished tips on the available Dual Exhaust Outlets punctuate the rear stance.

CAPLESS FUEL FILL

Convenient and quick. The Capless Fueling System on the ATS Coupe simplifies refueling. Simply open the fuel door and insert the pump nozzle. When you're done, remove the nozzle, close the door and you're on your way.

LED TAILLAMPS

Illuminated design. Light-blade LED taillamps complement the sleek appearance of the ATS.

INTERIOR

Carefully considered details. The ATS interior is cut and crafted with a luxurious leather-wrapped steering wheel, available Semi-Aniline leather and exotic woods or carbon fiber accents. It's as functional as it is indulgent, with no detail overlooked.

PERFORMANCE SEATING

More comfort per mile. The available Performance front seats offer multiple adjustments for extra support.

ALUMINUM SPORT PEDALS

Distinctive details. Available aluminum sport pedals provide an unexpected touch of distinction.

CUT-AND-SEWN INTERIORS

Looks good, feels good. The hand-finished upholstered instrument panel, door trim, armrests and seats make an impression every time you step inside. Available in five unique themes in the Coupe and seven within the Sedan, details such as Semi-Aniline leather, sueded microfiber, wood or carbon fiber are as unique as the driver.

60/40 SPLIT-FOLDING REAR SEAT

Driven by your needs. The ATS Sedan seats up to five passengers, the Coupe four. And to create even more space when you need it, both offer available 60/40 split-folding rear seats.

TECHNOLOGY

Innovation all around. The ATS offers a suite of advanced technologies that enhance the driving experience and help you stay connected. From Keyless Access to Push-Button Start to the available OnStar 4G LTE and Wi-Fi® hotspot,¹ the intuitively designed ATS makes every journey simple, seamless and satisfying.

CADILLAC CUE® AND PHONE INTEGRATION

Real-time information at your fingertips. Cadillac CUE² provides a suite of information and entertainment offerings such as climate, audio and settings control, plus available 3-D GPS navigation.³

Available Phone Integration compatibility with Apple® CarPlay™⁴ (shown right) allows you to access your contacts, Apple Music™ and other information from your iPhone® with a touch of the screen. You can also access Siri®, so features are easily accessible to you or your front-seat passenger.

Android™ Auto⁴ will also be available later in the model year.

¹. Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. ². Cadillac CUE functionality varies by model. Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity. ³. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. ⁴. Vehicle user interfaces are products of Apple and Google and their terms and privacy statements apply. Requires compatible smartphone and data plan rates apply.

ONSTAR 4G LTE AND BUILT-IN WI-FI HOTSPOT¹

Stay connected. With an available built-in Wi-Fi hotspot, OnStar with 4G LTE allows you to connect up to seven compatible devices simultaneously.

REMOTE START

A head start. Start the engine from up to 100 yards away with your key fob. The system also monitors the ambient temperature, activating the cabin's climate control and available heated front seats accordingly.

KEYLESS ACCESS AND PUSH-BUTTON START

Get behind the wheel with just a touch. With Keyless Access, you can unlock the doors without your key ever leaving your pocket or handbag. Simply press the button on the door handle to open. And Push-Button Start makes beginning your drive quicker than ever.

RECONFIGURABLE DRIVER INFORMATION CENTER

Personalize your display. The fully customizable, three-window, full-color Driver Information Center (DIC) puts information about your phone, radio, available navigation or other vehicle information in clear view.

BOSE® PREMIUM AUDIO SYSTEMS

Sumptuous sound. Bose premium sound and Active Noise Cancellation technology provides a quiet cabin, so every passenger can enjoy a concert-like experience.

¹. Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations.

SAFETY

Stay vigilant. The ATS keeps watch with available technology that includes two cameras, eight ultrasonic sensors and six radar sensors. These systems monitor the environment around your vehicle and alert you to help avoid potential hazards.

SAFETY CAGE AND AIR BAGS

Surrounded by security. With a high-strength steel safety cage and eight strategically placed airbags, the ATS is designed to help keep you and your passengers safe should the unexpected happen.

FRONT AND REAR
AUTOMATIC BRAKING

Smarter stopping. At certain speeds, these systems can sense potential front or rear collisions and automatically engage the brakes, helping give you more reaction time.

HEAD-UP DISPLAY

Information front, center, safer. Project speed, radio, available navigation and other information on the windshield, so you can keep your eyes on the road.

AUTOMATIC SAFETY BELT
TIGHTENING

Protection you can feel. During emergency braking or aggressive maneuvers, available Automatic Safety Belt Tightening activates to help keep the driver and front passenger secure.

ADAPTIVE CRUISE CONTROL

Set a steady pace. Adaptive Cruise Control uses cameras and sensors to help maintain a safe distance between you and the vehicle ahead.

AVAILABLE SAFETY FEATURES

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle's Owner's Manual for more important safety information.

SAFETY

INTELLIBEAM HEADLAMPS

Bright thinking. IntelliBeam headlamps automatically switch to high beams when you're driving on dark roads. When sensors detect taillamps or oncoming headlamps, they are automatically switched back to low beams.

RAINSENSE WIPERS

An intelligent wiper. RainSense Wipers automatically engage when rain is detected. They also adjust their speed according to the rain's intensity.

SIDE BLIND ZONE ALERT

Your extra set of eyes. Side Blind Zone Alert monitors your blind spots. If a vehicle is in an adjacent lane, an icon in the side mirror illuminates to alert you. If you've activated the turn signal to change lanes, the icon flashes to help you avoid a collision.

FORWARD COLLISION ALERT

Always looking ahead. This safety system uses camera technology to monitor traffic ahead, alerting you if a potential collision is imminent.

SAFETY ALERT SEAT

Discreet, invaluable. When there's the possibility of a collision, this patented Cadillac innovation sends a discreet pulse to the driver's seat indicating the direction of the threat — left, right or both.

LANE KEEP ASSIST WITH
LANE DEPARTURE WARNING

A nudge to safety. Lane Keep Assist gently turns the steering wheel if you approach a detected lane marking without using a turn signal. With Lane Departure Warning, you're alerted if you drift into another lane without using your turn signal.

STANDARD FEATURES

2016 ATS Sedan Features

DRIVETRAIN

Engine 2.5L direct-injection, 4-cylinder 202 hp and 191 lb-ft of torque
Drivetrain Rear-Wheel Drive
Transmission 8-speed automatic with Performance Algorithm Shifting

CHASSIS AND SUSPENSION

Brakes 4-wheel disc antilock braking system (ABS), Auto-Dry function and DuraLife rotors
Steering Rack-and-pinion ZF premium electric with variable assist
Suspension 4-wheel independent double-pivot front and 5-link rear; Sport tuned with driver-selectable mode control

EXTERIOR

Lighting
Projector halogen headlamps with Daytime Running Lamps
LED taillamps
LED center stoplamp with rear spoiler design
Mirrors Exterior body color power, heated
Wheels 17" premium painted alloy (see inside back cover for more details)

INTERIOR

Air Filtration System Automatic air circulation and filtering
Audio System
4.2" full-color radio screen
Bose® premium audio system with Active Noise Cancellation
USB¹ ports (2), auxiliary audio port and SiriusXM Satellite Radio with three-month trial²
Bluetooth^{®3} Hands-Free Calling with voice-prompt recognition for Bluetooth-enabled cell phones
Climate Control Dual-zone automatic with individual settings for driver and front passenger
Cruise Control Electronic, with set and resume speed
Driver Information Center (DIC) 5.7" three-window configurable color display for vehicle information
EZ Key Full Keyless Access With keyless entry to all doors and trunk; includes two transmitters
Keyless Ignition Push-Button Start
Lighting
Interior ambient accent lighting on the doors and center console
Front and rear reading lamps and cargo area lamp
Seating, Five-Passenger
Front bucket
Leatherette seating with driver and front passenger 6-way adjustments, plus 2-way lumbar adjustments
Head restraints, 4-way adjustable front and 2-way adjustable outboard rear
Front center console with 2 cupholders and integrated storage
Rear, fold-down center armrest with 2 cupholders
Steering Wheel and Column Audio, cruise control and DIC controls; leather-wrapped rim with manual-adjustable tilt and telescope

Wi-Fi® Hotspot Capability⁴ Includes a three-month or three-gigabyte data trial, whichever comes first
Windows Power, with express-up/down in front and express-down in rear; includes rear passenger lockout

SAFETY AND SECURITY

Air Bags⁵ Driver and front passenger frontal, knee and side; front and rear head curtain
OnStar Basic Plan⁶ For 5 years, including limited RemoteLink mobile app services, Vehicle Diagnostics and Dealer Maintenance Notification
OnStar Guidance Plan⁷ For 3 years, including Automatic Crash Response, Stolen Vehicle Assistance, Roadside Assistance, Turn-by-Turn Navigation, Vehicle Diagnostics and more (trial excludes Hands-Free Calling)
OnStar RemoteLink App⁸
OnStar with 4G LTE⁴ And built-in Wi-Fi hotspot to connect to the internet at 4G LTE speeds, includes 3 month or 3 GB OnStar data trial (whichever comes first)
Safety Belts Lap and shoulder belts for all positions and pretensioners for driver and front passenger
StabiliTrak® Electronic Stability Control System
Theft-Deterrent System Alarm and engine immobilizer
Tire Inflation Kit
Tire Pressure Monitoring System
Traction Control All-speed with brake and engine intervention

AVAILABLE FEATURES

Engine 2.0L Turbo direct-injection, 4-cylinder 272 hp and 295 lb-ft of torque with engine Auto Stop/Start (2.0L and 3.6L only)
Active Aero Grille Shutters With 2.0L Turbo and 3.6L engines
Drivetrain All-Wheel Drive (2.0L Turbo and 3.6L engines)
Transmission 6-speed manual (2.0L Turbo RWD only; includes Limited-Slip Differential and electronic parking brake)
Bose Premium Centerpoint® Surround Sound System
Brakes, Brembo® Performance front
Cadillac CUE® (Cadillac User Experience)⁹ Information and media control system with 8"-diagonal full-color capacitive touch screen, Phone Projection for Apple CarPlay and Android Auto (late model year availability), Natural Voice Recognition and 3rd USB port
Engine Block Heater
Hands-Free Calling¹⁰ And data service streaming with Natural Voice Recognition (included with Cadillac CUE)
HD Radio (included with Cadillac CUE)
Heated Driver and Front Passenger Seats
Rear Vision Camera Includes guidelines indicating the vehicle's projected path when vehicle is put in Reverse
Sunroof Power retractable and tilt with sunshade
Tires All-season run-flat
Wireless Charging¹¹ Inductive charging system for compatible portable devices (included with Cadillac CUE)
Wheels 17" polished alloy (see inside back cover for ore details)

LUXURY

Steering Column Power tilt and telescoping
Suspension Performance, with driver-selectable Magnetic Ride Control (RWD) and driver-selectable mode control
Tires Summer-only¹⁴ run-flat (RWD); All-season run-flat (AWD)
Wheels 18" machined face force forged alloy (see inside back cover for more details)

AVAILABLE FEATURES

Engine 3.6L direct-injection, V6 335 hp and 285 lb-ft of torque (with engine Auto Stop/Start)
Transmission 6-speed manual (2.0L Turbo RWD only; includes Limited-Slip Rear Differential and electronic parking brake)
Advanced Security Package Includes additional shielded theft-deterrent alarm system, vehicle inclination tilt sensor, locking fuel door, steering column lock and locking wheel lugs
Driver Assist Package Includes all Driver Awareness Package content plus Adaptive Cruise Control,¹⁵ Front and Rear Automatic Braking, electronic parking brake, full-color Head-Up Display (if not already equipped), Automatic Safety Belt Tightening
Engine Block Heater
Seating
Heated driver and front passenger seats
Semi-Aniline leather seating with sueded microfiber back panels with driver 12-way and front passenger 10-way adjustments, plus 2-way lumbar adjustments
Sunroof Power retractable and tilt with sunshade
Track Performance Package Includes Performance Brake Linings and high-output engine cooling fan (3.6L RWD only)
Wheels 18" polished forged alloy (see inside back cover for more details)

1. Not compatible with all devices. **2.** If you subscribe after your trial period, *subscriptions are continuous until you call SiriusXM to cancel.* See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. **3.** Go to my.cadillac.com to find out which phones are compatible with the vehicle. **4.** Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. **5.** Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information. **6.** Does not include emergency or security services. Visit onstar.com for coverage map, details and system limitations. **7.** Visit onstar.com for coverage map, details and system limitations. OnStar acts as a link to existing emergency service providers. **8.** Requires compatible mobile device and active OnStar subscription. Visit onstar.com for details and system limitations. **9.** Cadillac CUE functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. **10.** OnStar Hands-Free Calling requires an existing OnStar service contract and available minutes. Not available in certain markets. Visit onstar.com for coverage map, details and system limitations. **11.** The system wirelessly charges one PMA- or Qi-compatible mobile device. To check for phone or other device compatibility, see my.cadillac.com. **12.** Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. **13.** Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal. **14.** Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to cadillacaccessories.com or see your dealer. Low-profile tires wear faster, and wheel and tire damage may occur on rough or damaged roads from surfaces or curbs, debris or obstacles. This damage is not covered by the GM New Vehicle Limited Warranty. **15.** Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle.

Not compatible with all devices. **2.** If you subscribe after your trial period, *subscriptions are continuous until you call SiriusXM to cancel.* See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. **3.** Go to my.cadillac.com to find out which phones are compatible with the vehicle. **4.** Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. **5.** Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information. **6.** Does not include emergency or security services. Visit onstar.com for coverage map, details and system limitations. **7.** Visit onstar.com for coverage map, details and system limitations. OnStar acts as a link to existing emergency service providers. **8.** Requires compatible mobile device and active OnStar subscription. Visit onstar.com for details and system limitations. **9.** Cadillac CUE functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. **10.** OnStar Hands-Free Calling requires an existing OnStar service contract and available minutes. Not available in certain markets. Visit onstar.com for coverage map, details and system limitations. **11.** The system wirelessly charges one PMA- or Qi-compatible mobile device. To check for phone or other device compatibility, see my.cadillac.com. **12.** Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. **13.** Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal. **14.** Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle.

OWNER BENEFITS

We have created the most comprehensive suite of owner benefits offered by any prestige automotive brand in the world, providing everything our Cadillac owners need and everything they deserve.

PREMIUM CARE MAINTENANCE		
The Cadillac Premium Care Maintenance program ¹ covers routine oil changes, tire rotations, certain air filter replacements and a thorough multi-point vehicle inspection for 4 years or 50,000 miles. ²		

WARRANTY PROTECTION		
All Cadillac vehicles come with a 6-year or 70,000-mile ² Powertrain Warranty. In addition, our 4-year or 50,000-mile ² bumper-to-bumper limited warranty covers repairs on your entire vehicle, including parts and labor, to correct any concerns in materials or workmanship.		

ROADSIDE ASSISTANCE		
Cadillac offers more years of standard Roadside Assistance than any leading luxury automaker, with services for 6 years or 70,000 miles. ³ This 24/7 program provides lockout, towing, refueling, Dealer Technician Roadside services and more.		

COURTESY TRANSPORTATION		
This program provides alternative transportation and/or reimbursement of certain transportation expenses if your Cadillac requires warranty repairs for 6 years or 70,000 miles. ³ That is more years of service standard than any leading luxury automaker.		

MY CADILLAC APP ⁴		
The ingenuity of the ATS doesn't stop with the vehicle. As a Cadillac owner, an advanced app is available for your new car. From virtually anywhere at any time, a few taps of your finger on your iPhone [®] or Android [™] smartphone let you access features such as parking reminders, Roadside Assistance and more. Plus, in conjunction with the OnStar RemoteLink app, you'll have the ability to remotely start your vehicle (when factory-equipped with remote start) from any place you have cell service and lock and unlock your doors. In addition, you can access key diagnostic information, including fuel tank level and range and remaining oil life.		

ONSTAR

Standard for one year, the OnStar Guidance Plan⁵ (trial excludes Hands-Free Calling minutes) lets you connect to a specially trained OnStar Advisor just by pushing the blue OnStar button in your ATS.

AVAILABLE ONSTAR 4G LTE AND BUILT-IN WI-FI [®] HOTSPOT ⁶		
Now your ATS has an available built-in Wi-Fi hotspot, for connecting up to seven tablets, laptops or other devices at 4G LTE speed, so the content you crave is always headed where you are. Requires a data plan after the 3-month or 3 gigabyte data trial (whichever comes first).		

ONSTAR BASIC PLAN ⁷		
With the Basic Plan, you've got a powerful connection to your vehicle and the world around you standard for five years at no additional cost to you. You'll have access to select services, which include limited features of the OnStar RemoteLink mobile app that lets you remote start your car (if equipped), pinpoint your vehicle on a map on your smartphone and manage your vehicle's Wi-Fi hotspot. Plus, send a destination to your in-vehicle navigation screen (if equipped) and lock or unlock your doors—all from your mobile device. Your vehicle can run diagnostic checks on itself and remind you of servicing needs by email.		

AUTOMATIC CRASH RESPONSE		
In a crash, built-in sensors can automatically alert an OnStar Advisor who is immediately connected into your vehicle to see if you need help—even if you can't ask for it.		

EMERGENCY SERVICES		
One push of the red emergency button gives you a priority connection to a specially trained OnStar Advisor who can direct emergency services to your exact location and offer critical assistance until help arrives. With OnStar, you're never alone.		

CRISIS ASSIST		
During severe weather or other crisis situations, OnStar can provide a quick, central point of contact when you need emergency assistance, navigation help or information.		

ROADSIDE ASSISTANCE ⁸		
If you're stranded, have a flat tire or need a tow truck, just ask an OnStar Advisor to get help to your exact location to get you back on the road quickly.		

STOLEN VEHICLE ASSISTANCE ⁹		
If your vehicle is stolen, OnStar can use GPS to pinpoint and work with authorities to quickly help recover it. On many models, an Advisor can send a signal to slow the vehicle or prevent it from being restarted. And with the new Theft Alarm Notification feature, if your car alarm sounds, you'll receive a notification by text, email or phone call.		

TURN-BY-TURN NAVIGATION ¹⁰		
Getting directions is as easy as pushing a button and telling an Advisor where you want to go. Directions are quickly downloaded to your car, and a voice calls out every turn. An Advisor can also help you with a database of over 14 million points of interest. To plan routes in advance, you can send destinations to your vehicle through an Advisor or the OnStar RemoteLink mobile app.		

ONSTAR 4G LTE CONNECTION ⁵		
With powerful 4G LTE connectivity built right into your vehicle, you have your very own mobile command center that provides faster service delivery and lets you stay connected on the go.		

ONSTAR REMOTELINK MOBILE APP ¹¹		
You can remotely start your vehicle, locate your vehicle on a map, lock or unlock your doors, honk your horn and flash your lights. You can also send destinations to your vehicle through your smartphone.		

REMOTE SERVICES ¹²		
A simple call to an OnStar Advisor can send a signal to unlock your doors, honk the horn and flash the lights or remote start your vehicle. It's technology hard at work to get you back on the road.		

HANDS-FREE CALLING ¹³		
Your vehicle has built-in Hands-Free Calling to help keep you safely connected when your cell phone isn't available. Choose from minute bundles or a minutes-per-month plan.		

AT YOUR SERVICE ¹⁴		
OnStar AtYourService is a new way to discover value in the places you go. You get valuable offers for better ways to eat, shop, work and play, through a simple press of the blue OnStar button.		

ADVANCED DIAGNOSTICS ¹⁵		
Feel confident and safe knowing you have a self-diagnosing vehicle. Now your vehicle can easily run a check on its key systems and send you a monthly diagnostics report. You'll know more and worry less with Advanced Diagnostics.		

DEALER MAINTENANCE NOTIFICATION ¹⁵		
Is it time for a tire rotation? An oil change? Or a new air filter? You'll always know because your car can email your diagnostics report to the dealer when it's time, and the dealer will contact you to set up a service appointment.		

1. Standard on all 2011 or newer vehicles. **2.** Whichever comes first. See dealer for select scheduled maintenance details. **3.** Whichever comes first. See dealer for limited warranty details. **4.** Requires iPhone[®] or Android[™] mobile device. **5.** Visit onstar.com for coverage map, details and system limitations. Check AtYourService through RemoteLink mobile app for latest offers. **15.** Capabilities vary by model. Visit onstar.com for details and system limitations. Message and data rates may apply. Requires active OnStar service, email address on file and enrollment in Advanced Diagnostics.

ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

TIRE SEALANT AND COMPRESSOR KIT

If your vehicle has a tire sealant and compressor kit, it uses a liquid tire sealant to temporarily seal up to a ¼-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than ¼-inch or a tire that has unseated from the wheel. The sealant can only be used on one tire, one time before its expiration date.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

UPDATED SERVICE INFORMATION

Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-782-4356 or by visiting www.helminc.com.

NEW-VEHICLE LIMITED WARRANTY

World-class coverage comes standard on every 2016 Cadillac. This warranty is for Cadillac vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

COVERED FOR 6 YEARS/70,000 MILES (WHICHEVER COMES FIRST)

Powertrain limited warranty with no deductible, Roadside Assistance Program¹ and Courtesy Transportation Program¹

COVERED FOR 4 YEARS/50,000 MILES (WHICHEVER COMES FIRST)

Bumper-to-bumper coverage. Tires—defects in material and workmanship; repairs made to correct any vehicle defect; corrosion on body sheet metal panels.

RUST-THROUGH COVERAGE

Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years and unlimited mileage. Cosmetic or surface corrosion—resulting from stone chips or scratches in the paint, for example—is not included in the rust-through coverage. Application of additional rust-inhibiting materials is not required under the rust-through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

FLEET ORDERS

Some standard content may be deleted with fleet orders. See dealer for details.

WHEELS: SEDAN

¹. Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to cadillacaccessories.com or see your dealer. Low-profile tires wear faster, and wheel and tire damage may occur on rough or damaged roads from surfaces or curbs, debris or obstacles. This damage is not covered by the GM New Vehicle Limited Warranty.
