

SANTA FE SPORT 2016

NEW THINKING. NEW POSSIBILITIES.

Status quo is nothing more than a starting point for our research and development. Through new thinking we continue to uncover new territories in innovation, engineering and design. A vehicle is no longer simply a means of transportation; it is an extension of you. By questioning and not simply accepting convention, we continue to push the boundaries to provide new possibilities and experiences that go beyond your expectations.

This is the H-Factor.

BEAUTIFULLY BOLD

The 2016 Santa Fe Sport is the perfect blend of sophistication and agility. Dynamic styling is matched with a spacious interior that is filled with upscale amenities and smart design features, including an available Smart Power Liftgate. Whether you choose the 2.4L Gasoline Direct Injection (GDI) engine or the available 2.0L Twin-Scroll Turbocharged-GDI engine, adventure awaits you in the award-winning Santa Fe Sport.

RUGGED ELEGANCE

A sleek belt line and powerful wheel arches drive the bold and dynamic profile of the 2016 Santa Fe Sport. An available panoramic sunroof provides exceptional openness and luxury. The sporty yet sophisticated appearance is complemented by an available twin-tip chrome exhaust.

FITS YOUR LIFESTYLE

The spacious interior of the 2016 Santa Fe Sport offers exceptional styling with an array of upscale amenities such as an available heated steering wheel and premium 10-speaker Infinity® audio system. But there is more to this stylish SUV than just providing a luxurious driving environment. The 2016 Santa Fe Sport is also designed to provide the luxury of versatility. For example, rear seating reclines for comfort, folds 40/20/40 for flexible storage, and is available with a second row sliding feature – making it possible to bring a child seat closer to front passengers. The smart design also provides an additional 51L of cargo storage under the cargo floor.

POWERFUL

The 2016 Santa Fe Sport gives you the choice between two powerful and fuel-efficient engines. First, the 2.4L Gasoline Direct Injection (GDI) engine with 190 horsepower and 181 lb-ft of torque. Second, the 2.0L Twin-Scroll Turbocharged-GDI engine which delivers a powerful 265 horsepower, 269 lb-ft of torque and 3,500 lbs towing capacity. Both are paired with a standard 6-speed automatic transmission with SHIFTRONIC® manual shift mode and feature Hyundai's Active ECO System for smarter accelerations to help improve fuel efficiency even further.

SAFETY ALL AROUND

Equipped with a comprehensive package of top safety features including 7-standard airbags¹, the 2016 Santa Fe Sport offers an exceptional level of protection. Active safety systems include Blind Spot Detection³ (BSD) (standard on 2.4L Luxury and 2.0T Limited models) to help with safe lane changes and standard ABS brakes with Electronic Stability Control (ESC), Traction Control System (TCS)² and Brake Assist (BA). Drive with confidence knowing that the Santa Fe Sport is equipped with standard Hillstart Assist Control (HAC) and Downhill Brake Control (DBC) technologies to help maintain control on steep roads.

2016

SANTA FE SPORT

FEATURES

PANORAMIC SUNROOF

An available panoramic glass sunroof spans over front and rear seat passengers for improved air circulation, enhanced cabin illumination and a generous view of the sky. Additionally, all models are equipped with standard roof rack side rails.

ADVANCED ALL-WHEEL DRIVE SYSTEM

The 2016 Santa Fe Sport has been engineered with an available, advanced All-Wheel Drive system which features Active Cornering Control. Managing vehicle acceleration by adjusting the inside rear wheel speed during a turn, Active Cornering Control helps improve vehicle stability and helps to reduce over/under-steer in adverse driving conditions.

COMFORT AND CONTROL AT HAND

Your sense of comfort and control is enhanced by a steering wheel that provides easy access to an array of standard features such as Bluetooth®, audio and cruise mounted controls, and tilt-and-telescopic functionality. You can also warm your hands at the touch of a button, with the available heated steering wheel.

HEATED AND VENTILATED SEATS

Adapt to the cold weather with the standard driver and front passenger heated seats. Receiving equal attention, your rear seat passengers will thank you for the luxury of the available heated rear seats. And just in case your journeys take you somewhere warm, the 2016 Santa Fe Sport also offers available ventilated front seats.

REARVIEW CAMERA

This available feature helps you see what is behind the vehicle when reversing on either the 4.3-inch touch-screen display or 8-inch touch-screen navigation system with helpful on-screen parking guides.

8-INCH TOUCH-SCREEN NAVIGATION SYSTEM

An impressive 8-inch touch-screen navigation system (available on 2.0T Limited models) makes it incredibly easy to navigate so you can maintain your focus on the road.

SMART POWER LIFTGATE

Using proximity key technology, the available Smart Power Liftgate senses your presence when you stand within three feet of the trunk for three seconds. With no extra movement or motion, the trunk automatically opens to welcome your two hands worth of cargo, effortlessly.

10-SPEAKER INFINITY® AUDIO SYSTEM

The available Infinity® 10-speaker audio system produces true to life acoustics through 10 strategically placed speakers, providing equal listening pleasure to all occupants in the Santa Fe Sport.

BLIND SPOT DETECTION SYSTEM³ AND REAR CROSS-TRAFFIC ALERT⁴

The available Blind Spot Detection³ system uses radar to detect when a vehicle is in the driver's blind spot and provides both an audible and a visual alert to help keep you aware as you move down the road. When reverse gear is selected, Rear Cross-Traffic Alert⁴ helps identify and warn the driver of vehicles approaching from the side, even before they come into view of the available rearview camera.

DRIVER SELECTABLE STEERING

With three operating modes – Comfort, Normal and Sport – this innovative system allows drivers to adapt steering characteristics to varying driving preferences and road conditions.

You will see that a number of our vehicles have been awarded with multiple awards from the most reputable third party organizations, so you can take their word when it comes to the quality, design and safety of our vehicles. This quality is equally matched by the quality of our warranty. We stand confidently behind our products to give you the ultimate peace of mind with a 5-year/100,000 km comprehensive limited warranty, one of the best-backed warranties in Canada. We also provide a 5-year/unlimited km Roadside Assistance Program^{††} featuring flat tire changing, lockout service and more. Just one toll-free call away, 24 hours a day.

Choice of interior colour depends upon model and/or exterior colour selection. Due to the print production process, the colours shown throughout this brochure may vary slightly from the actual hue. Textures may not be exactly as shown. Visit hyundaicanada.com or see your dealer for details.

CROSS RAILS

This durable, quick-locking cross rail system lets you transport cargo easily,

without sacrificing interior room.

TRAILER HITCH KIT

Designed to meet your towing needs, a Hyundai hitch can accommodate a wide variety of hitch-mounted accessories. Kit includes trailer hitch, ball mount and end cap (Chrome ball shown not included).

CARGO TRAY

Add years to the interior of your Hyundai by protecting it from spills and messy loads with a durable, custom-fit cargo tray.

SIDE VISORS

Complement your vehicle with a sleek and durable set of side visors that will help reduce glare while providing you with fresh air. Custom made for your vehicle using high quality reinforced tinted acrylic plastic, these visors will look good on your vehicle for years to come.

HYUNDAI WARM UP SYSTEM

Keep the inside of your car warm in winter months without using a drop of fuel! The Hyundai Warm Up System includes an interior cabin heater, block heater, a fully programmable display unit as well as an integrated battery charger.

PREMIUM ALL WEATHER FLOOR LINERS

Premium all weather floor liners were designed to cover the interior carpet providing maximum protection against the elements that other mats cannot offer. Their unique and durable design features a non-slip surface for added comfort and a long lasting premium look. Remove carpet mats prior to installation.

Help prevent dents and scratches caused by road and vehicle debris with an attractive plastic hood protector.

SIDE STEPS - OVAL TUBES

These oval side steps were designed to complement the design nature of your Hyundai. They are as attractive as they are functional. Finished in stainless steel, these oval side steps include step pads for secure footing and will look good for years to come.

TM/®The Hyundai name, logos, product names, feature names, images and slogans are trademarks owned by Hyundai Auto Canada Corp. Specifications, features, illustrations, accessories, materials and equipment and all other information shown in this brochure are based on the latest information available at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. Hyundai Auto Canada Corp. reserves the right to make any changes or modifications at any time, without notice or obligation, including, without limitation, in colour, specifications, features, accessories, materials, equipment and models. Some vehicles are shown with optional equipment. All Hyundai warranties have no deductible. †Hyundai's Comprehensive Limited Warranty coverage covers most vehicle components against defects in workmanship under normal use and maintenance conditions. **Hyundai's 24-Hour Roadside Assistance Program is a limited service and does not cover certain costs or expenses. Roadside Assistance is not a warranty. ^Fuel economy figures are based on manufacturer's testing and are used for comparison purposes only. Actual fuel efficiency may vary based on driving conditions and the addition of certain vehicle accessories. The Supplemental Restraint (Airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which must still be worn at all times. Children under the age of 13 should be securely restrained in the rear seat. NEVER place a child-seat in the front seat of a Hyundai vehicle. 2Electronic Stability Control (ESC) and Traction Control System (TCS) are meant to enhance conscientious driving habits and are not a substitute for safe driving practices. ESC cannot control your vehicle's stability under all driving situations. No system, no matter how advanced, can overcome physics or correct poor driving. Speed, road conditions and driver steering input will affect whether ESC can help prevent loss of control. See Owner's Manual for details. Never rely completely on Blind Spot Detection (BSD) and be sure to use proper lane changing procedures. BSD will not detect every object or vehicle and will not prevent accidents. Always look over your shoulder and use your mirrors to confirm clearance. See Owner's Manual for further details and limitations. 4Never rely exclusively on the Rear Cross-Traffic Alert. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. The system may not detect every vehicle. This system does not detect stationary objects. Vehicle must be in reverse and has to be traveling at 10 km/hr or less. See Owner's Manual for further details and limitations.
